MEMORANDUM FOR MICHAEL K. DEEVER

FROM: WILLIAM P. CLARK

SUBJECT: Autopen for King Juan Carlos

King Juan Carlos of Spain has expressed to our Ambassador in Madrid interest in obtaining a signature autopen machine. The Ambassador recommends that on an appropriate occasion the President give one to the King. The price is \$2500, and it is definitely in our interest to keep on excellent relations with the King. If you concur with the idea, Mrs. Roosevelt and the Embassy can work out the details.

Dear Ben:

When you came to the White House to see me and later in your letter, you told me how much you enjoyed horseback riding. It occurred to me that you might like to have your own pony.

*Gift from President*

Today we have this black pony for you. He is yours to keep forever. There is just one problem. The pony has no name. After you have thought about it for awhile, I want you to choose a name and then write me another letter telling me what it is.

Good luck with the pony.

Sincerely,

Thank you very much for the lovely pewter canister. I assume it was for my efforts at the Summit. If that is correct, I hope you give yourself two of them.

The job you did at the Summit was absolutely superb and faultless.

I never doubted that you could handle it, so I am very happy to see you confound those critics who didn't think you could.

Your position in the world now is a very solid number one. Anything I can do to keep you there and to enhance your ability to lead, I will do.

Dear Matthew:

Mr. Meese was kind enough to bring your letter to my attention. I was happy to hear from you and to know that you enjoyed the pen and jelly beans.

I'm pleased to learn that you are interested in helping America. One day this heritage will be yours to continue, so it is important that you take advantage today of all the knowledge and wisdom that your parents, teachers and friends share with you. Becoming an intelligent and involved young American is possible only if you read, study, listen carefully, ask questions and participate in your school, community or church activities. This requires time and hard work, but I know you can do it!

Dear Ed -

Thanks for taking time out from your busy schedule so that we could get together for a few minutes. It was really great to see you. My 11 year old son, Matt, was quite impressed with the presidential pen and the jelly beans. He was full of questions about the President - all the way to Philadelphia! It prompted him to write the enclosed letter. I hope the President will have time to read it.

You will be receiving correspondence from Merle Hall, a personal friend of mine, a Realtor, and 1984 Chairman of our Republican Ball in Contra Costa County. I hope you two can work something out.

I'm looking forward to visiting again next time you're in Northern California. Do not hesitate to write if you need ANYTHING!

MEMORANDUM FOR ANN WROBLESKI

FROM: DOUGLAS ELMETS *DE*

SUBJECT: FIRST LADY TELEPHONE CALL TO PAMELA PISNER

Pamela Pisner of Olney, Maryland is currently in George Washington Hospital and is due to have quintuplets (5) on Tuesday, June 21, 1983. This will be the sixth set born in the United States and the twelfth set born in the world. The National Center for Health Statistics has indicated that quintuplets are so rare that statistics are not kept on the likelihood of their birth. The actual purpose of this memo is to request that the First Lady call Pamela Pisner after she delivers her quintuplets at 676-5342 or 676-5348. The President has also been requested to call Pamela Pisner (see attached memo).

Ann, your efforts are greatly appreciated. If I can be of further assistance, please call me at x2832.

Thank you!

Mrs. Nancy Reagan  
White House  
Washington, DC

Dear Mrs. Reagan:

I would like to advise you and the President of a very unusual and rare blessed event that will be occurring at George Washington University Hospital here in Washington, DC within the next thirty days.

Mrs. Pam Pisner, age 29, whom my wife has known all her life is expecting an increase in the size of her family (at the moment there are only herself and husband Danny). Although this normally isn't cause for any special attention by the First Lady, I am certain you will agree that it may be of interest to you and the nation when the mother is expecting QUINTUPLETS. That's correct.

Pam, who resides in Olney, Maryland and her parents Jerry and Lenore Gotts who live close to me and my wife in Silver Spring, Maryland, is in her 29th week and the expected event is scheduled for the end of June. So far the quints are fine and we were privileged to hear all five heart beats recently.

Needless to say Danny's family and Pam's grandmother who will become a great grandmother for the first time are pretty excited as is the entire hospital staff.

The reason I am writing you is that with so many sad things in the world today you may wish to work it into your busy schedule to visit Pam for a few moments as I am sure you to will find it very exciting since this isn't an everyday occurrence. Of course Pam would be delighted. I might add that Pam is doing well but slightly uncomfortable.

If I can be of any assistance in providing additional information, please have your office call me at (301) 593-6619.

Very truly,

*Herbert Majower*

Our beloved First Lady; dear Nancy -  
the lovely book-mark that the President gave me on your behalf the day he bid us "bon voyage" at the White House, is among my most precious possessions - I even "wear" it with pride & it happens to be the Swiss color!  
We are so very happy here & the life is so interesting & so international -  
I have started my diplomatic

calls - Yesterday I called on <sup>2</sup>  
Madame Aubert, wife of the  
President Aubert of Switzerland,  
a most charming lady. We spoke  
in French & discovered that she is  
related to my grandmother's family,  
Countess de Bourtales of Neuchâtel  
My next call was all in Italian  
with Ambassador Paulucci di  
Calvoli's lovely wife. He is the son  
of the Producer of the historical  
film "Scipione l'Africano" in which  
I played the Queen of Carthage way  
back in Rome! I feel very much  
"at home" & greatly enjoy our lovely

Embassy - John has made several speeches in french + we are both brushing up on our german!

Everyone speaks of you with great admiration + are so interested in every aspect of your activities - We plan to visit each one of the Cantons - these are the 23 "States" - they are divided in the 3 languages, french, german + Italian - they greatly appreciate

communicating in their own  
language -

We are most grateful for  
this great opportunity to serve

Dear

Nancy.

I was truly delighted to receive your flowers while I was a patient at the Walter Reed Hospital in Washington. The floral arrangement was so beautiful, and I must tell you how amazed I was at the size and quality of the peonies which cannot be successfully grown in Jamaica.

The medical attention I received at the hospital was excellent and the treatment as successful as I had anticipated, having been exposed to such first rate skills. The doctors and staff there made my stay a memorable one by the courtesies and thoughtfulness which they extended to me and I am most grateful to them.

Again, my thanks for your lovely flowers and the warmth of your message.

My Dear Mr. President and Mrs. Reagan,

The beautiful arrangement of roses which you sent was very much appreciated by the residents of the Washington Home and their families. It was the focal point of our Family Day yesterday.

As the only private, non-profit, non-sectarian charitable long term care facility in the District of Columbia, we attempt to give the most up-to-date care to our residents. Such recent additions as the Love A Pet and Honorary Grandchildren programs, as well as our long-standing commitment to hospice care for those unable to remain at their own homes, show our concern and willingness to change with the times. As the average length of life becomes greater, institutions such as ours will be more and more necessary.

Thank you very much for providing such a lovely boost for the morale of our residents and their families.

Dear Mr. President:

Since my company, Taco Ed's, Inc., as well as myself, is considered to be part of the minority group, I was deeply touched when I read an article in the July issue of NATION'S BUSINESS concerning your presentation of the Small Business Award to the Ruizes.

I am very proud to live in a country which believes in helping people who are in need. For this reason, my Company, Taco Ed's, Inc., is organizing and sponsoring the 1st Annual Taco Ed's Amateur Golf Tournament on August 15, 1983. Our corporate endorser and friend is Lee Trevino, the one and only "Super Mex." All proceeds will be divided between the Defiance Foundation, the Easter Seal Society, The American Cancer Society, and the Heart Fund.

Mr. President, I am well aware of your busy schedule and that it would neither be feasible nor realistic for you to attend in person. Therefore, I am requesting your support by donating two (2) tickets for two (2) underprivileged persons to attend in your place.

The only reason why I am a successful businessman today, is because someone helped me when I had nothing. Now that I am able, I want to return the favor. I hope you will join me.

Thanking you for your assistance, I remain. . .

Sincerely,

TACO ED'S, INC.

Dear Miss Sam and Miss Bertha:

President Reagan has asked me to send you the enclosed loose leaf paper for your albums. I'm sorry about the mix-up and certainly hope this will be suitable for your project.

The President also wanted me to tell you he's keeping good thoughts about Dar-Si-Ah's health -- she's certainly been through a great deal. He sends his very best to you both and, of course, to Buzzy.

Sincerely,

Kathy Osborne  
Personal Secretary

A very good morning President Reagan:

Sure hope you and Nancy found a spot of time to enjoy yourselves at your ranch. It seems that you had rain when you were there at the ranch. Golly did we have a storm up this way! It always knocks out the electric when it rains so bad.

Thank you so very-very much for the lovely letters you sent for the three albums and also the album paper. But these 2 reams are loose leaf and the first you sent was in attached tablet form. The loose leaf is so much better for our purpose. If at all possible it would be great if you could send one loose leaf ream to match the last two Memorandum stationery. You're the greatest that's for sure.

Thank you for sending the letter of thanks to Dr. McCrystle about poor Dar-Si-Ah. You know President Reagan, Dr. McCrystle and his wife are quite active Republicans here in Healdsburg and Santa Rosa. Your letters to him really does YOU the world of good. There's nothing better'n having ones like them such grand supporters of you and the causes you strive so hard to obtain for the American people. You just couldn't believe how your letters to Dr. McCrystle helps you.

Dar-Si-Ah's throat is still so very-very large and hard. It's touch and go with her, the doctor says we're to take it a day at a time. After her operation (Bertha and I stayed with Dar-Si-Ah while the exploring operation took place) you couldn't believe how fast she came out of the anesthesia, but the doctor wouldn't let us take her home until four in the afternoon. Have you ever assisted a veterinarian with an operation? Isn't it something what a body can go through? people or animal creature.

The pathology report came back NOT malignant. Thank goodness for that. Microscopic findings on Dar-Si-Ah's throat shows that the tissue examined contains a chronic inflammatory mass of blood vessels. What ever happened no body knows. Dr. McCrystle still says she ate a sticker! He believes that triggered her throat condition.

Dar-Si-Ah's on some high powered medication every 8 hours. Dr. McCrystle wants to see if her body will take care of that hard mass. We pray so. Otherwise he'll have to preform another operation! He's already called another doctor in on the case. Imagine what everyone is doing for Dar-Si-Ah, and from enclosed clipping some bone-brained judge condemned a dog to death for barking! Don't you think some judges should be disposed of? What they (some judges) are getting away with, just about patting murderers on the shoulders, the same as rapists and drunk drivers...it's outrageous. Now a judge condemns a poor dog. Have you ever thought of getting rid of stupid judges and like Bertha and I say appoint like a court-martial board, even a jury today is full of sickes and weirdos!

Den't forget to send the matching ream of loose leaf Memorandum paper.

Always the best of everything, and stay healthy and happy,

*Miss Sam & Mrs Bertha*

Nancy dear,

We loved talking with you yesterday evening. You can be sure that the first thing this morning we called the number you gave us and registered our positive reaction. We hope to have 20 recruits by tomorrow night; the first two of these are my secretary Betty and her husband Bill, who have already called.

It may seem odd to request a favor of you for my ex-wife! Let me explain that, while my marriage to Benay was an unhappy one, in the many decades that have followed she has been a fine mother and a wonderful grandmother.

She is in charge of the "Posh" sale of the Lighthouse Benefit, which has a goal in excess of \$300,000 this year. This is, as you know, one of New York's recognized charities with a long record of accomplishment. She tells me that other First Ladies have contributed to this and asks if I will request that you send a scarf or something of that sort. I would appreciate it since I try to keep up the amenities as it makes things go more smoothly for me with my kids.

If you agree to do this, the item can be sent to:

Miss Benay Venuta  
50 East 79th Street  
New York, New York 10021

Harriet and I send much love, as always, to you both.
