SPECIAL GIFT
DESCRIPTIONS

FOR HIS HOLINESS JOHN PAUL II FROM PRESIDENT AND MRS. REAGAN

Steuben "Cup Shaped Bowl"

A large deep bowl with solid circular base. Of classic form, it is engraved with the personal Pontifical Seal of His Holiness John Paul II.

Diameter 10 3/4" Height 7 1/2"

Presented in red leather presentation case with inscription plaque that reads:

To
His Holiness
John Paul II
From
The President of the United States of America
and
Mrs. Reagan
June 1987

Information on the Pope's personal Pontifical seal.

The "M" on the seal stands for the Virgin Mary and symbolizes the Pope's devotion to the Virgin Mary.

Just for background, His Holiness has proclaimed the period June 7 - August 15, 1988 as a "Marian Year." This is only the second time in history that this has been done and will involve activities, meetings, pilgrimages and the like oriented around the Virgin Mary. As you may already know, just after the beginning of this special time, His Holiness will depart for his native country, Poland .

FOR PRESIDENT COSSIGA FROM PRESIDENT AND MRS. REAGAN

Tiffany "Silver Bowl"

Sterling silver bowl, 10 1/2" in diameter,
engraved with the Presidential Seal on one
side and the following inscription on the
other:

To

His Excellency

Francesco Cossiga

President of the Italian Republic

From

The President of the United States of America

and

Mrs. Reagan

June 1987

FOR THE CITY OF BERLIN

"Reflective Harmony"
by
Peter Wayne Yenawine

The optical reflections of this radiant crystal sculpture
harmonize the past, present and future
of the Great City of Berlin.

The description above was written by the artist and will be on
a card that will accompany the piece for display.

This prismatic piece of crystal is engraved with the
Brandenburg Gate on the front, the Presidential Seal on the
right side, the Seal of the City of Berlin on the left and
lines that radiate up from the back representing the many
avenues open toward the future.

There are three inscription plaques on the black lacquer base

The front reads:

Berlin 750 Years

The left side reads:

To the People of Berlin

On the 750th Anniversary of Their City

From President Reagan

and

The People of the United States of America

June 12, 1987

The right side reads:

Reflective Harmony

By

CONCEPT AND PRODUCT DEVELOPMENT

11 Park Avenue
Swarthmore, Pa. 19081

PETER WAYNE YENAWINE

BIOGRAPHY

For his sculptures in lead crystal and the other precious mediums, gold and silver, Peter Wayne Yenawine has become known as one of America's foremost designers. In these natural elements of the earth, he discovers and then cultivates exquisite native possibilities until a form emerges that is as essential and pure, and as recognizably a Yenawine as those of Tiffany or Faberge, before him.

Peter was for seven years a Master Designer of Steuben Glass, and has had subsequent designs created by most of the major international crystal and art glass houses: Baccarat, Daum Cristallerie de Nancy, Rosenthal, Orrefors, Swarovski and Wedgwood.

In addition to nearly thirty designs available through Steuben, Peter Yenawine designed a gift from the United States to Princess Anne of England on the occasion of her wedding. The annual Dunlop Professional Athlete of the Year Award was designed by Peter and has been given to such athletes as Jack Nicklaus, O.J. Simpson and Muhammad Ali. While Director of Design for The Franklin Mint, he worked intimately with Jacques and Phillippe Cousteau, on a commission from the Cousteau Society, to create a remarkable four-part crystal sculpture mirroring the "water planet" of Captain Cousteau.

Mr. Yenawine is currently President and Chief Designer for his own product development company, Pynn Corporation. Pynn has been providing unique design, concept and development to manufacturing firms, marketing companies and corporations requiring innovative products to promote their message or image.

In recent years Pynn Corporation has built a successful business in the corporate gift, incentive awards area and the trophy market.

Corporate programs have been developed for Cigna, Chrysler, American Express, Scott Paper, Coca-Cola, Prudential-Bache and Disney.

pynn corporation

CONCEPT AND PRODUCT DEVELOPMENT

11 Park Avenue
Swarthmore, Pa. 19081

Most recently, Matchmaker, a thoroughbred racing organization, commissioned Peter to create a series of trophies that were awarded to the winners of a major race held in York, England. This race, the Matchmaker International, was sponsored for 50 years until last year by Benson & Hedges. We also designed the trophies awarded at the most prestigious standard bred racing event held at Hollywood Park, California.

Whether by gift or private commission, major Yenawine jewelry designs and one-of-a-kind crystal sculptures reside in private and museum collections throughout the world.

FOR PRESIDENT VON WEIZSAECKER FROM PRESIDENT REAGAN

Biography of George C. Marshall

By

Dr. Forrest C. Pogue

In four volumes:

EDUCATION OF A GENERAL
1880 - 1939

ORDEAL AND HOPE
1939 - 1942

ORGANIZER OF VICTORY
1943 - 1945

STATESMAN
1945 - 1959

Signed by the author and personally inscribed by the President with the following:

To President von Weizsaecker

On the occasion of the 40th anniversary of the
Marshall Plan.

With every good wish & warm regard

Ronald Reagan

June 12, 1987

Dr. Forrest C. Pogue

For many years Executive Director of the George C. Marshall Research Foundation as well as Director of the Marshall Library in Lexington, Virginia. Formerly a Department of the Army historian who holds graduate degrees in international relations and diplomatic history, he received the Bronze Star and the French Croix de Guerre for frontline interviewing in the European Theater of Operations during World War II. His is the authorized biography of George C. Marshall.

FOR HER MAJESTY SILVIA, THE QUEEN OF SWEDEN FROM MRS. REAGAN

Lapis Blue Enamel Guilloche Frame

4 1/2" square lapis blue guilloche enamel picture frame with top bow and pearling. The frame was produced in the workshop of the Master Craftsman Robert Whiteside in Dallas, Texas.

Guilloche (gi lōsh) an ornamental and curvilinear motif or interlaced lines.

Overview

The Macintosh™ Plus personal computer gives you the most important benefits of the Macintosh family—power, versatility, and ease of use—in an affordable, entry-level system.

Like others in the Macintosh family, the Macintosh Plus is simple to learn and use. It provides high-resolution text and graphics, and features plug-in

compatibility with the AppleTalk® network, the Apple® LaserWriter® and LaserWriter Plus printers.

In addition, the Macintosh Plus offers more memory, more storage space, and more room to expand than previous Macintosh systems. That means faster execution of most programs—no waiting for parts of the program to be loaded from disk. More disk storage space means less disk swapping and faster loading of important information. The ability to add

more peripherals means you can expand your Macintosh system with the accessories you need.

These features, together with an improved operating system, enhance system performance so that the Macintosh Plus can operate as much as 50 percent faster than its predecessors.

▶ 1 megabyte of RAM, expandable to 4 megabytes

▶ Quickly executes applications, even those requiring large amounts of memory.
▶ Provides room for memory-intensive applications, large models and data bases.
▶ Simplifies moving between documents—and cutting and pasting data between them—by letting you load several applications into memory with the Switcher™ program.
▶ Lets you expand memory easily, without board swapping.

▶ 800K built-in disk drive

▶ Provides more storage capacity for applications, documents, fonts, and desk accessories.
▶ Means fewer disks to swap and manage.
▶ Offers compatibility with single-sided 400K disks.

▶ SCSI (Small Computer System Interface) port

▶ Transfers data at up to 265 kilobytes per second, up to six times faster than serial or external disk-drive ports.
▶ Lets you expand your system with up to seven peripherals, including high-performance disk drives, tape backups, and other products made by Apple and independent Macintosh developers.

▶ 128K ROM includes:
—Hierarchical File System
—Drivers for 800K disk drive, Apple Hard Disk 20SC drive, AppleTalk network, and SCSI port
—Faster QuickDraw graphics
—RAM caching support

▶ Hierarchical File System creates organized storage for documents and allows easy access to files.
▶ Provides faster system performance because of enhanced software in ROM.
▶ Lets you start up directly from hard disks, without a startup disk.
▶ Results in faster printing and greater screen-to-page fidelity when using the LaserWriter or LaserWriter Plus printer.
▶ RAM caching speeds operation by automatically loading frequently-used data from RAM rather than from disk.

▶ Standard typewriter-style keyboard with numeric keypad and cursor keys

▶ Numeric keypad speeds data entry for number-intensive applications such as spreadsheets and accounting packages.
▶ Cursor keys let you control the on-screen cursor without moving your hands from the keyboard.

Features

Benefits

▶ High-resolution 9-inch, bit-mapped graphic display

- ▶ Offers an economical, compact display that's easily transported.
- ▶ Makes it easy to create impressive, professional documents that integrate text and graphics.
- ▶ Lets you view documents on the screen as they will appear when printed.

▶ Macintosh user interface: mouse, icons, windows, and pull-down menus

- ▶ Lets you work quickly and naturally with the computer.
- ▶ Provides a consistent interface across applications.

- ▶ On/Off Switch
- ▶ Power Input Unit
- ▶ SCSI Port
- ▶ Disk Drive Port
- ▶ Mouse Port
- ▶ Audio Jack

- ▶ Serial Ports

FOR MORINGEN FROM MRS. REAGAN
