DEAR LADY ANNE HIGGINS,

Many thanks for Your understanding and help.

Trying to do our best, so much we can, to help
the President RONALD REAGAN to promote the democracy
in freedom and peace,

Please to read, and to transfer this letter to
the PRESIDENT.

THANK YOU,

P. Teodorescu

Scottsdale, May 7-1985.

DEAR PRESIDENT
RONALD REAGAN,

Following the attitude of the Jews people of America toward the visit to the German military cemetery in Bitburg, an usual formal visit of few minutes in every similar occasion, besides the visit to the Bergen-Belsen cemetery of the Jews victims, because they turned a small formality into a large national problem, I suggest You, as a Savior of America today, to introduce in Your speeches, how you would find it the best, the following ideas:

1.-The American heroes deserve the honour, wherever they are, because without the American heroes, Europe, at least England, France, etc., could not be saved and the Jews themselves, could not be saved also, and they could not fulfil their millenary dream to realise a country as a homeland-ISRAEL. They owe this help, to the American people.

All these have become possible by the American heroes, who died for them. In fact the only winners of the WORLD WAR II have been the JEWISH people who won a country as a homeland-ISRAEL, and the totalitarian communist system which began and strengthened its expansion. In these meetings it could be seen clearly, especially in SPAIN, that it is behind the communist tool working for USSR, like was written on the placarde.

The criminals have been Hitler and his criminal team, but the victims have been the JEWS, most civilians, because few of them have been killed as soldiers fighting in war, and the German soldiers themselves, because millions of them have been used as fighting mass, troops, killed in their 20th of age, and any suffer still today the evil of separation.

What about the American deaths, are they not also victims, but not for their own goals, but for the other nations of the world, of Europe and Jews? Also victims have been French, English, Belgians, etc., who all died in the foolish aggression of Hitler.

2.-If the hurt and hate toward the German people is so deep, that it is no possible a conciliation, forgiveness or forgetting, how and why are so many Jews people in Germany today, so many living there and so many survivors, as have been seen in the televised meetings, at least. What is the explanation? The power of money?

The business do not have any resentments?

3.-The crimes have been executed by the same Government of Germany-Hitler and his collaborators. Why the Jews do not accuse also East Germany? They do not speak anything about the extermination Camps from East Germany, like BUCHENWALD, etc...

The same people as criminal-the German, and the same people as victim-the Jewish people. Or, the Jews who suffered and died in East Germany do not have more voices to cry, do not have any relatives, do not have any survivors to keep their memories?.

Why the East Germans are forgiven? Possible because of the martyr life they are living today-separate and under the communist system. In the way how they put the problem, they grow dissensions between the American people, and help to promote the communism which takes advantage, and is the danger of all the democratic capitalist countries, and therefore dangerous to the Jews themselves, as the highest representative capitalists in United States and all over the world.

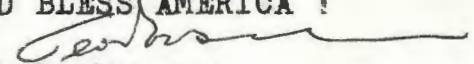

4.-I use this opportunity to mention again the idea: cutting the CREDITS to Russia and to the communist countries is the only way to bring them down in peace, leave them alone and they will fail.

Trying to help You in Your fight for peace and freedom throughout the world,

I hope to help our children and grandchildren for a good life in freedom.

GOD BLESS YOU !

GOD BLESS AMERICA !

Washington, D.C. 20000

Dear Mr. President:

Regarding your trip to Bitburg, Germany, I urge you not to bow to protests from groups representing Jew, Veterans, and others. Evidently, these people have forgotten the Lord's teaching "to FORGIVE!" Forgive our trespasses as we forgive those who trespass against us.

The Jewish leaders talk of betrayal. They are right, but not by you, but by their own kind. The Warburgs, a part of the Rothschild International Banking empire, helped finance Adolph Hitler. As a group, Jews have suffered most at the hands of these power seekers. (Quote Reporter Gary Allen.)

Mr. President, You will have to remind these people again, that without forgiveness, will there be any peace of mind, heart, soul or for any Nation.

Do whatever you think is right. My faith in you is absolute.

God Bless You Mr. President.

Sincerely,

Joseph Anich

Time to forgive Germany

Editor:

I was very disappointed to see you have joined the hysteria and hypocrisy of those who choose to blame President Reagan for placing a wreath on the grave of a German soldier.

Not all Germans were Nazis, just as not all Americans were Democrats. Not all Germans loved Hitler, just as not all Americans loved FDR, but the German soldier fought to live, to avoid death, for his country, and his family. Some few of them may have fought for Hitler, but it is likely they were as few as those who fought for Roosevelt.

No, I have not forgotten the horror of war, or the privation of a prisoner of war camp, nor have I forgotten the unspeakable brutality of the concentration camps, but not all Germans approved of them, just as not all Americans approved of the Japanese internment camps set up by Roosevelt.

West Germany is now an ally; they are friends, and we should be glad to have them as allies and friends — and it was this President Reagan intended to indicate by placing a simple wreath on the grave of a simple German who gave his life as unwillingly as those three brave young men who were shot by Austrian civilians when they bailed out of a B-24 in November 1945.

The war is over. Can't you find it in your heart to forgive the German people for stupidity, for ignorance, for misguided judgment, for falling under the spell of a madman?

It has taken me a long time, but I've finally realized not every German was an ogre, and not every American was a good guy.

We did our share of outrageous things, but we won! May God have mercy on all our souls, German and American alike.

Ms. Anne Higgins, Special Assistant
to the President

April 22
1985

Dear Anne Higgins, —

Thank you for the letter of April 11,
acknowledging my letter to the
President on regards supporting his
veto of farm loans.

While at this writing, I would like
to mention the trip President
contemplating of making to Germany
and laying wreath on graves of
Nazi dead.

I would not do it, and don't
expect that they should be honored.
They all died in vain and as a
result of mass mania set in
motion by the German authorities,
and their egomaniacal leader
Hitler. German people weren't as
apathetic as some historians say.
They were coerced into obedience
and information was withheld from
them what is going on. Germans as a
people would not favor paying respect

to their brutal and cruel
fallen government personnel.

I would suggest that President
~~of~~ skip laying wreath on
graves of Germans who were
trained in committing some
of the worst atrocities a
human mind can devise.

President would not do German
people a favor by honoring
these criminals, best be
remembered but not respected.

I might as well say what led
German authorities to hate Jews
so much. This information I got
from those that were in school
long before Hitler came to power.

We all know that Germans hated
Jews, but some never explained
why. It all stemmed from fear.

If we fear someone, we would
try to eliminate him or her,
before it does us harm. This is
applicable to German Jews.

Jews in Germany were preparing

to Communize Germany, as far
as shortly after Communists
seized power in Russia.

Jews, as in all countries where
they settled, are cohesive people
German Jews were in full
sympathy with Russian Jews.
As we all know Russian Jews
~~was~~ ^{who} engineered seizing power
in Russia. German Jews were
in preparation of Communizing
Germany and seizing power. They
were directly helped by Russian
Communist Government. The
German knew this, for behaving
in this manner, it was high
treason, and treason in Germany
was punishable by death.
So, this was decided by German
Government, and call ~~it~~ ^a final solution,
and death camps, not only for Jews,
but others who favoured overthrowing
German state. Seems like you
are badly informed about caused

holocaust.

Germans, even at present
times, still not very pleased
with Jewish people, all because
of trying to communize Germany
and bring under Soviet Union
occupation. I know it is a
terrible tragedy happened to
Jewish people, but aren't
they brought upon themselves?
especially when some vicious
~~person~~ person comes into power
in the nation. Hitler certainly
was unbalanced. He listened
to his advisers how to
protect German state.

Sincerely

John Stefanuk

Dear Friend:

Thank you for contacting me to express your thoughts on the nomination of Edwin Meese, III as Attorney General. I appreciated the opportunity to review your thoughts on this issue.

As you probably know, the Senate confirmed Mr. Meese's appointment on February 23 by a vote of 63-31. I voted against confirmation of Mr. Meese and I appreciate the opportunity to explain my vote.

Until now I have never voted against a Cabinet appointee of any President. I believe a President should be entitled to select the members of his or her Cabinet --unless it is clear that the nominee cannot perform the job for which he is designated. Part of this assessment must be based on whether the nominee is committed to carry out the laws he or she would be sworn to uphold. The position of Attorney General, as our nation's chief law enforcement official, is particularly sensitive.

Even discounting Mr. Meese's questionable adherence to our ethics laws, his record on civil rights was sufficient to convince me that he is totally unsuited to serve as Attorney General. Mr. Meese played a pivotal role in this Administration's efforts to gut some of our crucial civil rights protections: the attempt to abolish, and later to manipulate the Civil Rights Commission, the Administration's early opposition to renewal of the Voting Rights Act, and in the on-going efforts to abolish the Legal Services Corporation. Most damaging of all, Mr. Meese was the architect of the Administration's decision to extend tax-exempt status to schools which discriminate on the basis of race as a matter of policy.

Through this sorry record, Mr. Meese has shown that he is hostile to what I consider to be the fundamental

March 21, 1985
Page 2

principles of American society. I voted against Mr. Meese's confirmation because it implicitly entails a message to which I cannot and will not subscribe --that racial discrimination can and should be tolerated by the United States government.

You can be sure that I will continue to monitor this Administration's enforcement of our civil rights laws and in particular, Mr. Meese's role in the process. In the meantime, I hope you will feel free to keep in touch on this or other issues of importance to you.

Sincerely,

Bill Bradley

Mr. & Mrs. Gordon K. Owen & Family, Virginia Beach, Va. *ITSELF.*

I grieve over the senseless slaughter of my fellow Marines! You will note that on 28 March 1983 I called for the impeachment of Ronald Reagan. I wrote to "Bellicose Bill" Whitehurst, John "AWACS" Warner and Paul "Ruthless Cost Overrun" Tribble and requested their support, needless to say they all ignored my request. Had they taken action at that time to impeach an "Elected Despot" who was in violation of the War Powers Act, your son Bruce would be alive today. The blood of your son is on the hands of these elected despots, just as surely as if they had killed Bruce in cold blood! As you know 57,639 Americans died to create the War Powers Act and Ronald Reagan and the Congress of The United States have abdicated their sworn obligation to abide by the law. For your information our two United States Senators and "Bellicose Bill" Whitehurst are dedicated to War! I am pleased to tell you that more and more flags are flying at half mast throughout the Tidewater area. You see the first Marine to die in Lebanon was from Chesapeake and his widow still resides there, I believe. His name was David Reagan he was appropriately named to remind mankind of his Killers David Rockefeller and Ronald Reagan. You will recall he died trying to deactivate an American made cluster bomb provided to the well known terrorist Menachem Begin so that he could RAPE Lebanon and make it possible for Ronald Reagan to send "Peace Mongers"! It is a mystery to me why the people of Virginia allow their elected despots to get by with Murder. You see "Bellicose Bill" supported Menachem Begin's Atrocities and now he supports making peace. He has a serious mental disorder! As a matter of interest when our sons were being slaughtered in Lebanon he visited the Peoples Republic of China. He has a strong facination for the Marxist Ideology! Murderers such as he is may seem to be invincible, but he too will answer for his CRIMES as surely as the criminals at Nuremberg. You will note from my little card that each one of us that consider ourselves Americans have a Duty to rid ourselves of such Devils. I pray that Bruce will not have died in vain and that you will fly the flags in front of your two funeral parlors at half mast in his memory in hopes that this senseless slaughter will end. This will not be easy, but if we can save the life of one man it will be worthwhile. I have dedicated my life to preventing this War and it can be done, but, it requires total cooperation from all patriots. Shortly after JFK confided to U.S. Senator Wayne Morris in the Rose Garden that he had definitely decided to pull out of Vietnam, he was brutally slaughtered. Albert Shaufelberger spoke out against U.S. Policy in El Salvador on national T.V. and he was brutally slaughtered. We are dealing with ruthless murderers and it will not be easy! May the God of Israel bless you and keep you in Christ.

It has become commonplace in City Hall, a quiet ritual that would have been unthinkable only a year ago.
In a conference room on the second floor, the City Council's Monday briefing is under way. One of the municipal department heads, perhaps Oral Lambert of public works or Bob Scott of planning, is explaining the status of a rezoning request or a road project.
After listening for a while the man at the

head of the long table gives in to nervous energy. City Manager Thomas H. Muehlenbeck gets up and begins to pace the plush green carpet. He is silent, choosing instead to puff relentlessly on his black pipe or drink coffee from a Styrofoam cup. Occasionally, he grabs a nearby pot and pours a refill for one of his bosses.
Muehlenbeck gives the stage completely to his subordinate, seldom interrupting — answering a council member's question only if it is directed, specifically to him. "He believes in working as a team with his department heads"

said City Councilwoman Meyera E. Oberdorf. "Instead of Tom being the focal point, he allows his staff to be able to present their cases," she said. "I think that allows us to find out what kind of people he has working for him."
Simple gestures like that also offer a study in contrasts. Since Muehlenbeck went to work in Virginia Beach one year ago last week, the city has changed the way it does business.
Muehlenbeck's hard-charging predecessor,

MATTHEW IS BEING EDUCATED AS A FUTURE PRESIDENT. AS YOU KNOW RONALD REAGAN LEARNED TO BE A MASS MURDERER BEFORE HE MOVED INTO THE WHITEHOUSE. DO YOU THINK RONNIE LEARNED TO KILL BY WATCHING HBO? DID YOU KNOW THAT THE AMERICAN PEOPLE PAY RONALD REAGAN TO SEND THEIR SONS (ALBERT SHAUPELBERGER) TO EL SALVADOR TO BE MURDERED? YOU SHOULD BE USING YOUR FACILITIES TO EXPOSE THIS MAN IN THE WHITEHOUSE WHO HAS THE POWER TO DESTROY THIS PLANET. William L. Shirers condensation in the recent issue of the Readers Digest "The Nightmare Years" is the book I had avoided to read, having escaped the horrors unleashed by Hitler, as having been a witness to the beginning, had for me been painful enough. But with the planned visit of our President and having read the books condensation, the problem has come to life again.

Mr. Shirers description of the years between 1930 and 1940 is truthful enough, though I had not been able to witness what occurred after 1938, the year of my escape, which was motivated by philosophical conviction, not racial problem, making my home here. Having read Shirer, I could not help but draw an obvious parallel with our present problems, history repeating itself before our eyes. When studying his story we find the same trends in China, Egypt or India, but we pay little attention to ancient times. In our early times the crusades had been religiously motivated, yet many a knights participated for reasons of adventure. The invasions of the Mongols and Turks began to unify Europe and unfortunately later on nationalism became the prime motivation. This became accentuated after the time Shirer talks about, when two superpowers were left to decide the fate of civilization and further aggravated by nuclear power and poverty of the third world.

To get back to the "Nightmare Years", it is necessary to remember the Versaille Treaty. The war this treaty had concluded had been initiated by Germany looking for "Lebensraum" and the result of it was an impoverished German nation unable to make democracy work and Austria decimated from 70 million to seven, with beggars on every streetcorner, as Shirer said. The victors on the other hand enjoyed prosperity and they intended to hold on to the status quo at all cost. They even welcomed Hitler who promised to make order out of chaos and they did not believe that his supporters caused the Reichstag to burn and they did not want to believe that the Autobahn was being built for strategic purposes. The "haves" liked it and welcomed a strong trading partner. Very much like now, when our intelligencia in the House and Congress preaches "hands off in Nicaragua" protecting civil rights which are abused by the other superpower, very much like Hitler had. After Mussolinis unsuccessful campaign in Africa, Mussolini had to turn to Hitler for support. Hitler made one condition - cease to protect Austria. Shirer does not mention that the Austrian Chancellor Dollfus rushed to France and England to obtain pledges of support, Daladier and Chamberlain were deaf. They did nothing when Hitler took the Rhineland and officially abrogated the Versaille treaty and they did not want to see how important it was for Hitler to take Austria, pinching Czechoslovakia. He was able to use the Versaille creation of the Rhineland and Sudetenland to whip up support of his cohorts. At that time he could have been stopped with ease, but the "haves" did not want to move and they seemed hypnotized when the Maginot line fell. England was saved by the Channel,

but water today is no protection. To the historian a good example how a treaty ceding ethnological populations will some day cause trouble.

With good reason we will always remember the Holocaust and try to punish the survivors who caused it. But we should not exploit the fact that among the 2000 soldiers buried are some 40 SS troopers. They were the "Waffen SS", the elites like our Green Berrets, no function in the concentration camps. And, did we forget the handing over of the White Russians who had left their country to fight against Russia and who were massacred? Did we forget the Home Guard in Austria hated by the Nazis, of whom I had been a member, whom the Nazis put in the front lines to be killed by the Russians? We fought the battle of the so called Contras, we paid for our sustenance and no foreign power aided us. We fought for democracy and Austrian independence. The Nazis called us Jew Protectors, another lesson forgotten by the Congress and the House. It had been us who made Russia a superpower and the Daladiers and Chaimberlains keep urging us to negotiate instead of letting Russia know that the Rhein and Sudetenland and Austria may not be occupied. A permanent division of Germany as well as a rape of Poland, the Balkans and Afghanistan will some day be a cause for "Nightmare Years", if not total destruction of our civilization.

Sir:

I believe that your trip to the Bithung Cemetery, while controversial, can be turned to your and the country's advantage if a few (or more) choice words are added to your remarks both to the German people and the world. I think that these points might be made —

" These men who lie here died as the result of a long list of German failings that we all must note and learn from.

These men died because the German people did not nurture and protect the democratic institutions that were created after World War I.

These men died because the neighboring democracies did not protect, encourage or help the advance of democracy in Germany between 1918 and 1933.

These men died because the German people turned away from democracy and placed the reins of government into the hands of a few men who hunted for personal power and who held no respect for the basic elements of Western civilization.

These men died because the Nazi government successfully appealed to all of the human weaknesses and ambitions for expansion, hegemony, power, revenge, racial supremacy, wealth and military glory.

These men died because the Nazi government had no scruples about expending the lives of the German people without limit or pity in the pursuit of power.

These men died because the Nazi government hated its neighbors' freedoms and institutions.

These men died because the Western democracies were irresolute and unprepared to stamp out Nazism before it became a fully-armed threat.

These men died because the Nazi government was permitted to deliberate in secret behind the watchful eyes of SS Troops. Perhaps some of them lie here.

These men died because the Nazi sense of racial, political and military superiority led it to attack its neighbors without hesitation.

These men died because the Nazi government successfully employed diplomacy as a club, a dagger and a poison against ~~her~~ its neighbors.

These men died because men of good will in the democracies could not or would not believe that such an evil as came in 1939 could ever befall

them.

These men died because the Nazi government prepared for war in secret, aided by foreign and domestic industrialists eager for great profits and rejecting all thought of the possible future consequences.

Now, the world is faced by another nation that exhibits most of the same characteristics and ambitions.

The government of that country is comprised of a few men, unelected by the people.

The government of that country claims superior political, economic and military rights and advantages over the other nations of the world.

The government of that country deliberates in secret behind fortress walls and the watchful eyes of hardened security troops - men who kill the citizens of their country without pity or remorse.

The government of that country claims the right to convert all dissent in all countries into armed rebellion whether those countries be democratic or otherwise.

The government of that country tolerates no political opposition or meaningful popular debate.

The government of that country covets the prosperity and innovation of the western nations and has no scruples about stealing their technology and their copyrighted and patented products.

The government of that country arms in secret and uses arms negotiations ~~as~~ as another weapon in its overbearing arsenal. Legalities are used a ruse; there is no "spirit" of cooperative good will.

The government of that country has no scruples about the use of outlawed chemical weapons and outlawed rifle bullets against those who cannot retaliate in kind or "who did not sign the proper treaties." Deadly legalisms for some people.

The government of that country seeks to curry favor or gain influence by supplying arms to nations ^{and terrorists} who then use them to kill Jews in Israel - the sanctuary for so many who survived the Holocaust ~~and~~ who have only recently been allowed to emigrate from "that country."

The parallels with the past ^{are} all too clear. Right now the government of that country is burying its dead soldiers in cemeteries, possibly like this one, dedicated to "fallen heroes." Those soldiers died just as these men here did - serving their government in a cause abhorrent to all civilized and democratic peoples. Like these men here, they probably died believing that their mission was right and patriotic because they had no access to other dissenting thoughts.

The men who lie here under these melancholy grave stones live on — they live as a warning to all of us who love freedom, tolerance and peace. They say to us, "Beware!" for there are always men like us and our leaders who will march to the sound of the drum for an ideology or a national cause to take what our neighbors have — their land, their wealth, their freedom, their lives."

Our tribute today must, in the final analysis, go to the living symbols of the happy end to World War II — the freely elected representative parliaments of West Germany, Great Britain, France, the United States and their democratic neighbors.

They, and they alone, embody the difference between "that country," today, Nazi Germany 40 years ago and us. The West German people should take pride in their important place in Western civilization.

Donald L. Jones

Dear Mr. President:

I want to commend you on your decision not to visit Auschwitz, Dachau or Buchenwald when you visit West Germany next month. The holocaust is over and done with and today's Germans, good American allies, are trying to forget this heritage.

I can understand the Jewish people not letting us forget what was done during World War II to their people but for an American President to call attention to this issue on a friendly diplomatic visit would be an affront to the Germans who didn't have anything to do with the camps and those who want to forget that time in their lives.

As one who knows many Germans who lived during that time and those who were born later, I can assure you that constant repetition of those events does not benefit them or anyone in the world today.

Please don't change your mind.

Sincerely yours,

Dear Sir:

I was deeply disturbed when I read the article on page 3 of this morning's Advocate announcing President Reagan's plans to participate in a wreath-laying ceremony for Nazi war dead during his upcoming visit to Germany.

This past January President Reagan, through his Public Liason Officers, declined to send a wreath to the memorial service for Confederate General Robert E. Lee, which is held annually on his birthday at the Lee Statue in the Capitol. This was reported in the Southern Partisan magazine, Winter 1985, page 13.

After thus slandering the memory of one of history's greatest soldiers and a former superintendent of West Point, President Reagan now proposes to honor the soldiers of a government whose crimes against humanity would have done credit to a horde of savages.

What an appalling exhibition of bad taste!

Sincerely,

Alvin Y. Bethard

Dear Mr. President:

I would like to congratulate you for your visit to the Bitburg Cemetery in spite of the tremendous pressure you faced in carrying out this gesture of reconciliation.

As a Christian, a former soldier and the Supreme Commander, you were certainly in a rightful position to express the necessity for forgiveness of our former enemies, at least in an official capacity, as the one who is charged with the primary responsibility for creating the conditions necessary for peace between our nation and other nations.

Forgiveness of one's enemies in no way implies approbation of their evil deeds; otherwise how could God ever forgive us our sins? Nor does forgiveness imply any lessening of the claims of justice with regard to crimes. Forgiveness simply implies a willingness to live in peace and not demand anything beyond justice, i.e. revenge, for those wrongs. Such forgiveness is an absolute condition for peace in this world. In this regard, Pope John Paul II set us an example when he embraced and forgave his attempted assassin, who nonetheless remains in prison paying his just debt to society.

Likewise, forgiveness, especially when it comes to the dead does not mean bypassing God's judgement. For a Christian, it simply means praying that God be merciful toward every person, even our worst enemies, in His awful final judgement. For those who do not believe in an after-life, or who do not accept this Christian duty to forgive one's enemies, based on the example of Christ Himself, this will always be difficult to understand.

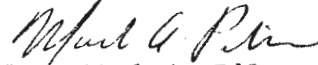

As the leader of a country, your gesture was not absolution of their horrendous crimes but merely a witness that all who love peace must learn to forgive their enemies, especially when they are dead. At the same time, your gesture represents a Christian conviction that we should ask God's mercy toward our enemies, as a condition for His mercy toward us. Our nation, after all, was not free from all wrongdoing in the conduct of that horrible war.

Moreover, had you refused to go, your refusal would not be a "neutral" act, but a denial of your own right to encourage forgiveness and pray for the dead, and would have reinforced the convictions of those who absolutely refuse to forgive certain enemies. In such a case you were right to go, just as a non-Christian head of state might have followed his conscience and refused to go if he believed that some enemies must never be forgiven.

Refusal to forgive one's enemies, even if they pay the ultimate price in this world, which is death, cannot be the path to peace between nations, between individuals or within the individual. Your simple visit was a testimony to this truth in a world which increasingly finds it almost impossible to reconcile past wrongs, without which there cannot be true peace today or in the future.

God bless you for your refusal to bow to such pressures to become more popular with those who are convinced that not only are some ideologies never to be tolerated, but also that some people are never to be forgiven. The first half of that is true and necessary for peace, while the second half is false and makes true peace impossible in this world or the next.

Sincerely in Christ,

Rev. Mark A. Pilon

Dear President Reagan:

you were superb at the Bitburg Cemetery and your speech at the Air Force Base was moving and wonderful. We are so proud of you, for keeping your word and going to the cemetery - the jews told you not to go to.

The jews seem to think you are their president only - they don't realize you are president to Protestants and Catholics also - and we think the jews were wrong.

Everyone suffered and/or died in WWII, not just jews.

Japan was an "evil empire" during WWII. Japanese prison camps in the Philippines were just as horrible as Hitler's death camps. But Americans go to Japanese Cemeteries where WWII soldiers are buried.

We are furious with the jews, since you have just given them 1.5 billion dollars.

Sincerely,

Mrs. W. J. Southerland

Mr. President, and First Lady, Nancy;

"CONGRATULATIONS" on Your (Decision,) and carrying out of Your Trip To West Germany. Without Your Enemy's, the Liberals, The Media And I think a Total Missunderstanding on Your Purpose, to Visit These Cemetary's, as a Matter of Reconcilliation, and end to the Hate Groups, (its time They learn You cant exist on hate for ever, And the Lord says Vengence is "HIS".) We have to Love Our Enemy's- Even Teddy Kennedy and Tippy tha Hippy, and only Hate what THEY' Stand for, and have done to America. They Know not what They do.

The 1960 Demonstrators- Hippies, Yippies etc; They wanted to Change the "ESTABLISHMENT"- Well They have tried By Changing the President's Last SIX', ⁺Not realizing, like They didnt do This Past Election'-

They have to change The Congress' to change the Establishment And get Full Results. (Like getting the TICKS, off of Poly.) And Tip Has vowed to stop You and Us at any Cost, I still say this is Treason And He should Be Impeached'. (Probably Not Possible, in such a Control over a Lopsided Congress, Making Him a Dictator'.)

If only They could have admitted Their Failures, and Allowed Your Well Deserved Success. (Been Bi-Partisan~~ly~~ Think of the Prosperity We could have had. ?)

Getting back to the Holocaust'. (Why is it No one in Congress Remembers Stalin's, Chinas Purges, Afganistan, Cambodia ect; Hell' They Make Hitler a Piker. and any other Country') Then I keep hearing The Appeasers in the World thinking They can Negotiate a Peace with Them? If They dont believe in GOD', they cant believe in Peace, and Wont ever want Freedom'. Period'.

I like Jack Kemp's Campaign for Prosperity' Idea', If He can persuade Congress to Use the Grace Report, and really cut the Deficit.

Keep the Constitution. and get Them to live by it. (oppose any convention By Congress to change. States, or Supreme Court Justices.)

Encourage more whistle Blowing, on all forms of Government.

Respect Senator Paula Hawkins, Bill to step up From 1993- to an earlier Date, 1987?. (to get the Social Security out of the General Fund. so ti can Be self Supporting, and quit using it for a Political Football, this and All the usual Scare tactics. so They can use it for the private interest Groups.) and an excuse for raising taxes to get votes. (Fatten Their dam wallets The only things Congress gives a dam about.)- (forget the dam COLAS.)

And yes this would give us a clearer picture of The National Indebt-Edness as well. Also the Gross Nat. Product. and Yearly Interest.

I go along with the 890/0 support for the Siljander 10 0/0 flat tax Plan. (completely Restructure the I.R.S. System. make it just a little bit Simple and Honest, and or "EQUAL".

"YEAH"- Tippy knows He is the biggest spender of all Times. And brags About all the Things He has led the Congress to vote on, that the General Public never new about. He has been The Top DEMAGQUE' of all times in America. and I hope before He Retires, The Public will find out about This- and some of His Cronies, "A disgrace to the Whole Human Race".

"ALL" HE has done for Russia' and against our Country'- (I cant believe He's Human'. and If He IS? the whole world is full of Them.)

I could go on and on. But I know You know exactly what I'm talking About. and Probably Much Much More.

It looks to Me like You will have to get a Few of the Congressmen and Senators, to help You gang up on Him, or Them. and Maybe go Direct to the Public?

Dear Mr President -

It takes guts to take on the whole Jewish Community and their Co-Norts. They are attempting to press on the Christian Community, the Jewish Philosopher of an Eye for an Eye etc, and vociferously rejecting all Christian tenets. "that will never change!"

The people are behind you in this as in your Budget. You are our only hope. So to the people - lay it out to them - directly, ask their help - you will get it.

WE VOTED FOR YOU AS GOVERNOR OF CALIFORNIA AND ALSO AS PRESIDENT AND
NOTE WITH DEEP REGRET THAT YOU CANNOT SERVE A THIRD TERM, WE HAVE
NEVER HAD MORE APPRECIATION FOR YOUR HONESTY AND INNATE SENSITIVITY
THAN WHEN YOU RECENTLY DECIDED TO VISIT THE GERMAN'S VETERANS
MEMORIAL CEMETERY, WHY SHOULD AMERICANS CONTINUE TO DENY GRACE AND
MAKE GENERATIONS OF YOUNG GERMANS FEEL GUILT AND SHAME FOR ACTIONS
OCCURRING LONG BEFORE THEY WERE BORN? WE CAN ONLY SPEAK FOR OURSELVES,
BUT THE JEWISH PEOPLE ARE APPARENTLY PARANOID ON WHAT THEY TERM THE
HOLOCAUST, THE PITIFUL TRUTH IS THAT PEOPLE FROM MANY OTHER RACES
WERE ALSO SACRIFICED TO THE NAZI'S TERROR BUT WE DO NOT RECEIVE SUCH
A CONSTANT BOMBARDMENT FROM THEM, FRANKLY WE ARE SICK AND TIRED OF
MOVIES, DOCUMENTARIES, STATUTES, MUSEUMS, AD-NASEUM WHICH DEPICT ONE
ASPECT OF A WAR THAT ENDED 40 YEARS AGO, GOD BLESS YOU AND YOUR
LOVELY FIRST LADY, NANCY,

DEAR PRESIDENT REAGAN
AS A WORLD WAR II BRITISH NAVY VETERAN, MARRIED TO MY AMERICAN WAR
BRIDE SINCE 1948 AND A NATURALIZED AMERICAN SINCE 1952, WITH MY WIFE
BARBARA I APPLAUD YOUR DECISION TO PAY TRIBUTE TO THE MEMORY OF THE
MANY VALIANT THOUGH MISGUIDED GERMAN BOYS WHO PERISHED IN THAT CRUEL
WAR.
WHILE THE HOLOCAUST WAS AN UNSPEAKABLE CRIME AGAINST HUMANITY EVOKING
UNDERSTANDABLE HYSTERIA, IT HAS BEEN REMEMBERED IN MANY WAYS.
CONTINUED PERSECUTION OF INNOCENT UNINVOLVED GERMANS IS SHAMEFUL AND
UNDESERVED, THE CONTINUED AND ALMOST CONTINUOUS REMINDERS FROM JEWISH
GROUPS TO THE AMERICAN PUBLIC COULD WELL BE PERCEIVED AS RACIAL
HATRED PROMOTING MARTYR STATUS TO THE JEWISH COMMUNITY EVERYWHERE BY
POLITICAL BLACKMAIL FOR POLITICAL ADVANTAGE.
AFTER 40 YEARS IT IS TIME TO RESTORE BALANCE TO THIS FOCUS OF
ATTENTION AND TO REJOYCE IN THE PEACE.
WE ADMIRE AND THANK YOU FOR YOUR LEADERSHIP, JUDGMENT AND COURAGE IN
SEEKING TO HEAL THIS FESTERING WOUND AND PROMOTE HAPPINESS AND
GOODWILL TO ALL PEOPLE IN THE UNITED STATES AND THROUGHOUT THE WORLD.
MAY GOD BLESS AND KEEP YOU AND MRS REAGAN ALWAYS,
SINCERELY
