## **Biography**

## **Biography**

Judith A. Buckalew was born in Paterson, New Jersey on July 2, 1958.

Buckalew attended William Paterson University in Paterson and graduated with a B.S. in nursing sciences in 1974. Bucklew furthered her education at the University of California, Los Angeles (UCLA) with a Masters in Public Health in 1980.

Following her undergraduate degree, Buckalew was a working nurse in New Jersey hospitals and for a physician in private practice. In the late 1970s, she began working as an advocate for public health in Santa Monica, California visiting health services and as Director of the Community Resource Planning Office at the UCLA Medical Center.

In 1979, Buckalew began her first job for the federal government, starting a long career of government service and government lobbying for health related firms and associations. From 1979-1980, Buckalew was a policy analyst in the Health Care Financing Administration of the Department of Health and Human Services. From there she was a staff member for Senator Lowell Weicker of Connecticut and from 1981-1983 she was a legislative assistant for Indiana Senator Dan Quayle.

In 1983, Buckalew joined the Reagan White House Staff as a Special Assistant to the President for Public Liaison specifically assigned liaison duties for health care and social services. She was the first licensed nurse hired at the White House for this outreach duty.

Buckalew left the White House in 1985, joining the navy reserve. From this point until the present, Buckalew has had numerous positions with pharmaceutical firms such as Astra Zeneca and Hoffman-LaRoche. She has also held government relations positions with numerous associations and headed her own lobbying firm. She is currently Director of Government Relations for the Society of Interventional Radiology.

Buckalew has maintained some Republican political ties as well. Buckalew was part of the 1980-1981 Reagan-Bush transition staff. She worked for the Bush-Quayle election campaign in 1988-1989.

## **Scope and Content Note**

## **Scope and Content**

Judi Buckalew's collection reflects her public liaison assignments to health and social services utilizing her background as a registered nurse. Her collection reflects her work with medical and senior-citizen organizations, and in addition, on issues involving youth, drug abuse, abortion, and physical fitness. Buckalew also helped with the Public Liaison women's portfolio as the Reagan Administration made efforts to gain more support from female voters.

Beginning in early 1984, Buckalew was assisted by Public Liaison staff member [Mary M. \(Marty\) Schnepfer](#) in the areas of health policy and senior citizens. Schnepfer also had a nursing background. Schnepfer replaced Buckalew when she left as liaison for these constituencies.

This collection consists of four series: SERIES I: Subject Files, SERIES II: Event Files, SERIES III: Correspondence Files, and SERIES IV: Telephone Logs.
