SENIOR STAFF MEETING ACTION ITEMS (7/13/81)

<u>ITEMS</u>	<u>ACTION</u>
1. <u>Ft. Chaffee</u> : Hope to finalize analysis of Bainbridge vs. alternatives today. Announcement should be made by Justice. Announcement on gradual release (beginning September) Atlanta Penitentiary petty criminals should come after Chaffee announcement. Need to check on Clarence Brown's power regarding appropriations for Bainbridge.	Hodsoll
2. <u>Gaston Thorne Meeting with V.P.</u> : Should be tough with Thorne; suggestion that Rentschler sit in on meeting. Low key announcement of meeting with President.	Allen/Murphy
3. <u>Presidential Tax Package Lunch</u> : At request Baker/Dole/Tower need to arrange this Tuesday.	Friedersdorf
4. <u>O'Connor Meeting with President</u> : Need to arrange meeting for Wednesday.	Deaver
5. <u>Volcker Meeting with President</u> : Need to arrange meeting Thursday.	Anderson
6. <u>Recruitment of Women Announcement</u> : Good record here; but should publicize next week with photo op; this week's news already heavy.	Dole/Gergen
7. <u>Cabinet Meeting Today</u> : Will deal with reconciliation strategy and budget (restricted attendance) and immigration; probably no decision on latter.	Fuller
8. <u>Guidance on POST Story on National Security Briefings</u> : Numbers attending national security briefings had been increasing; therefore decided to have national security planning meetings (with more restrictive attendance) instead	Meese/Allen
9. <u>"Deaver to the Rescue" Story Re: Ottawa Summit</u> : This inaccurate; did not come from White House.	Gergen
10. <u>California Fruit Flies</u> : This is state problem; Feds have responsibility to quarantine when state takes inadequate measures (Note: we have denied Federal facilities for helicopters due to possibility of environmental opposition; there are more than enough air fields in California to handle private helicopter spraying operations).	Fuller

- In addition to the report, a Presidential Statement or speech might be developed. JK
3. Report from CEQ. Alan Hill indicated that even with the 72% budget reduction, the Council on Environmental Quality was making good progress. Their strategy has been to focus on specific issues. Among those are:
 - a. Policy Coordination on Acid Rain. It was agreed that CEQ should have the lead responsibility in coordinating work done on the acid rain issue with Interior, OMB and EPA.
 - b. Global 2000. CEQ is reviewing but there is no precise issue at the present time.
 - c. National Environmental Policy Act: CEQ will be requesting comments from various agencies on how NEPA is being implemented. If anything is identified as non-essential, there will be efforts to eliminate specific requirements. This process will begin after Al Hill's confirmation.
 4. CEA Report. Murray Weidenbaum reported on the various commissions, committees, councils and council working groups he and CEA representatives are involved with.
 5. Cabinet Council participation. Jay Keyworth and Al Hill will begin receiving agendas and meeting summaries for all Cabinet Council meetings. CF

MEMORANDUM FOR JIM BAKER
ED MEESE
MARTIN ANDERSON

FROM: FRANK HODSOLL

SUBJECT: Clean Air Act: Today's Consultations with
Howard Baker and Bob Stafford

Anne Gorsuch, two EPA staff members, David Swanson and I met with Senators Baker and Stafford (and staff members) on this subject today. Without making any commitment with regard to when the Administration would present its Clean Air Act package to the Hill, we ascertained that:

1. Baker/Stafford can go along with the following strategy:
 - The House would proceed with both mobile (autos) and stationary (factories) pollution sources with a view to passing a bill by late Fall.
 - The Senate would similarly proceed in the hope of passing a comprehensive bill by the end of the year (Baker/Stafford did not foreclose this possibility).
 - But, given other Senate calendar conflicts, it may not be able to complete action on a comprehensive bill before February 1982; if this happens, the Senate would pass a "mobile sources only" bill (with a short term extension of the EPA authorization) and send it to the House for quick passage; this is to meet the auto industry's need for relaxation of the standards by December 31 (in order to make necessary production arrangements for the 1983 model year).
 - The Senate would then move forward with the stationary sources part of the bill (a version of which had already been passed by the House).

The reason for this elaborate strategy is: it's doubtful the House will pass modifications regarding stationary sources except in conjunction with modifications regarding mobile sources. Dingell is heavily influenced by the auto industry, and we need Dingell to force action in the Waxman subcommittee.

2. Stafford says he needs an Administration position (concept paper or bill) before members leave town for the August recess. He plans meetings July 28 and 30. His staff will be preparing committee legislative language in August so as to be ready for committee consideration in September.

Unless there are overriding House tax package considerations, I would recommend that we go for a Cabinet meeting with the President that would permit introduction of our position in late July. We would follow that up by an outreach effort in August which would hopefully prepare members in a favorable way by September. EPA would be point on all of this, but the White House would help. Clean Air Act amendments will be perhaps our most important regulatory reform effort.

MEMORANDUM FOR GLEN SCHLEDEE

FROM: Frank Hodson

SUBJECT: Staffing Level for OSTP

During the discussion several months ago on the level of staffing for OSTP, the decision was made to reduce full-time permanent and temporary positions each by 50%. This would result in 12 full-time permanent positions and 15 temporary positions (including full-time equivalent of consultants).

Unfortunately, we did not transmit to you the decision of the 15 temporary slots and apparently you independently pegged it as 10. I would appreciate it if you would correct the OSTP staffing levels to indicate an allowance of 15 temporary slots. I have checked this with Jim Baker and Ed Meese, who concur.

SENIOR STAFF MEETING ACTION ITEMS (7/1/81)

<u>ITEMS</u>	<u>ACTION</u>
1. <u>Israeli Elections</u> : Have to wait until end of day; refer inquiries to State.	Allen/Speakes
2. <u>Press Deputy</u> : Pete Roussel introduced.	
3. <u>Immigration</u> : President will review; there probably will not be decision today; will have to move with Cuban-Haitian matters soon.	Anderson/Hodsoll
4. <u>National Association of Counties Preparations</u> : All materials in.	Williamson
5. <u>White House staff contacts regarding matters being litigated and rule making</u> : Need memo setting guidelines on this; must totally avoid contact regarding matters being considered by Justice.	Fielding
6. <u>Staff discussions of policy matters in newspapers</u> : This must stop. Noted were OMB/DOT discussions in POST and story on B-1.	Meese
7. <u>Positive POST story on CETA cuts</u> : We should use this in showing our economic package is not really hurting.	Ursomarso
8. <u>Footwear decision aftermath</u> : Nothing much in press; some fire from affected Senators.	
9. <u>Clean Air Act</u> : Meetings yesterday with business went well.	Dole
10. <u>Materials for Boll Weevils on tax package</u> : Need to counter efforts by Speaker and Rostenkowski to split Boll Weevils off from our Gramm-Latta coalition. This will be tough battle; Dem's saying need to vote party lines on at least the tax package, and conservatives don't like deficits. Suggested line: -- Democratic plan not tax cut; it is only reduction in tax increases. -- By providing for different tax rate cuts depending on income, it's less equitable; it does not relate the cuts to what people pay. -- There is more chance of savings and investment resulting from cuts in upper brackets.	Darman to monitor Friedersdorf/Dole/Nofziger/Ursomarso

SENIOR STAFF MTG. (7/1/81)

<u>ITEMS</u>	<u>ACTION</u>
11. <u>MX and B-1 Decision</u> : There will be no Presidential decision until consultations completed. Suggestion that next week affected relevant Congressmen should come down for briefings: President has no timetable on either MX or B-1.	Allen
12. <u>DOT Airline Crew Decision</u> : Lewis is now reviewing Task Force results; this strictly a DOT safety matter.	Fuller
13. <u>National Urban League invitation to V.P.</u> : Need recommendation on this; President will be in Ottawa; Vernon Jordan much less unsupportive of President than NAACP.	Dole
14. <u>D.C. Voting Amendment</u> : Need report on this for tomorrow's staff meeting. President opposed during Campaign, but continuing opposition could add to anti-Black image.	Anderson
15. <u>Stockman Subpoena for pre-contract documentation (Union Oil -- DOE)</u> : Subpoena abated. We should not provide documents relevant to a pending contract. Question of whether deal with Congressman Moffett holds; OMB to write letter.	Harper/Fielding
16. <u>Alaska Natural Gas Pipeline</u> : Cabinet Council on this this afternoon. Senior Staff alerted that this important issue; attend if they like (Nofziger/Dole).	Anderson
17. <u>Issues coming up in next two weeks</u> : Need to be aware of a number of controversial issues coming up: <ul style="list-style-type: none">-- Natural gas decontrol-- Immigration-- Volunteer outreach to Vietnam veterans-- Oil emergency preparedness legislation (should be allocation power for DOE)-- Telecommunications policy-- COLA/indexing policy-- SPR allocation-- Enterprise zones	Meese/Fuller
