

SENIOR STAFF MEETINGS -- Monday, October 1, 1984

A. Senior Staff Agenda

- ✓ 1. Review President's schedule (attached).

-- Trip to Detroit and Biloxi today
(depart at 8:40 am)

-- Travel to Brownsville, Corpus, and Houston
tomorrow

-- Return to WH at 1:20 pm on Wednesday

- ✓ 2. Continuing resolution-- how do we expect the
current impasse to be resolved? What are our
contingency plans for shutdown, and when would
we have to begin implementing them (midnight tomorrow?).

- ✓ 3. Mondale criticism re lack of progress in RR's talks
with Gromyko-- does this give us an opening to go
after Mondale for interference? (He attempted to
raise expectations with his remark that progress
is "possible", then declares hopes dashed. He also
noted a willingness to, in effect, make concessions
to get the Soviets back to the table.)

- ✓ 4. Legislative calendar for the week (Oglesby).

5. Cabinet/issues activity for the week (Fuller).

6. Senior staff-- next meeting will be Thursday.

SENIOR STAFF MEETING ACTION ITEMS

(10/01/84)

ITEM	ACTION
1. <u>Today's Schedule:</u> The President will travel to Detroit and Biloxi today.	Speakes
2. <u>Continuing Resolution:</u> The Senate has passed a two day extension in order to allow more time to resolve problems that have arisen on this legislation; the House will probably take up the extension this afternoon. The President will today announce his intention of signing the extension once it reaches him. On the CR itself, the Senate is still tied up procedurally, with the main cause being Title IX legislation that proponents are seeking to attach. Senator Dole is trying to broker a compromise, and there were discussions between the parties on Saturday regarding how the problem might be resolved. No solution is yet in sight, however. Once the matter reaches conference we are hoping that a "clean" CR can emerge.	Oglesby
This week, the House is expected to take up Rep. Jones' balanced budget proposal, trade legislation, and the debt limit. Also, it was noted that the House has not yet adopted a budget resolution.	
The Senate will, in the course of the week, take up the genocide treaty, the Balanced Budget Amendment, and product liability.	
3. <u>Embassy Security:</u> An authorization for increased security at U.S. embassies continues to make progress in the House.	Oglesby
4. <u>Immigration:</u> The conference on this issue will reconvene this week.	Oglesby
5. <u>Highway Legislation:</u> Efforts are continuing to resolve the problems which have prevented passage of this legislation.	Oglesby
6. <u>Cabinet Activity:</u> No Cabinet meetings are scheduled this week. The main issue pending is the Vice President's financial institutions reform package, which we hope will be acted on before October 11.	Fuller
7. <u>Gromyko Meeting:</u> We have no plans to respond directly to criticism from Mondale about the lack of results from the President's meeting with Gromyko. Guidance is that progress was made, and this fact is being recognized by leading analysts.	McFarlane

SENIOR STAFF MEETINGS -- Thursday, October 4, 1984

A. Senior Staff Agenda

- ✓ 1. Review President's schedule (attached).
 - Lunch with the Vice President
 - Meeting with GOP members of Congress and candidates; photo on South Lawn
- ✓ 2. Continuing resolution-- status of legislation, including aid to contras. Also, what are the prospects regarding a shutdown, and when will a decision have to be made?
3. Arrest of FBI agent-- President may be asked about this if there is a photo op today.
- ✓ 4. Beirut bombing-- guidance re House Intelligence Committee report that there was adequate warning of a possible terrorist attack. The report goes on to refute the President's statement re previous cutbacks in intelligence-- an unusual step that seems to imply political motives by the committee.
5. Debate preparations-- you may want to reiterate your caution re commenting on these. Also, are there particular issues on which more information may be needed?
- ✓ 6. Timber bill-- you may want to mention that no decision has yet been made on this bill. Many WH staffers are being called by its supporters.
- ✓ 7. Tax reform-- yesterday, Regan indicated he will probably recommend a modified flat tax to the President. Guidance will be needed.
8. Trade legislation-- different measures have been passed by the House and the Senate. They will now go to conference. A brief description of the bills and status would be desirable.

Afternoon	N <u>To Camp David</u>	South Lawn
	<u>ON Camp David</u>	

ITEM	ACTION
1. <u>Today's Schedule:</u> There will be press coverage of the 1:30 photo session with GOP congressional candidates. However, Senate participation may be minimal since they are in session.	Speakes
2. <u>Continuing Resolution:</u> After voting to retain anti-crime provisions, the Senate has nearly completed work on the CR. The legislation is expected to go to conference around 5:00 p.m. today, which means that a CR would not be passed before tomorrow at the earliest. Neither house seems inclined to pass another short extension.	Oglesby
Regarding a possible government shutdown, furlough notifications to non-essential personnel will begin at 10:00 a.m. with actual furloughs being initiated around noon (barring passage of another extension). This procedure will include White House staff.	Wright Rogers
3. <u>Tax Reform and Simplification:</u> Regarding Secretary Regan's statements about a modified flat tax, guidance is that it is simply one of the options being studied. However, no decisions have been made, and no recommendations have been forwarded to the President.	Speakes
4. <u>Timber:</u> A good deal of interest has been expressed in this bill, which attempts to settle a dispute over timber contracts in the Northwest. Though the legislation has passed Congress, no decision has yet been made on whether we will accept it.	Oglesby Svahn
5. <u>Saturday Radio Talk:</u> Any suggestions regarding a topic for this week's speech should be forwarded to Dick Darman.	Darman
6. <u>Beirut Embassy Bombing:</u> Yesterday's critical report by the House Intelligence Committee draws unwarranted conclusions regarding intelligence information on a possible attack.	McFarlane
7. <u>Naval Petroleum Reserves:</u> A decision memo on the future of these reserves has been circulated for comment, and will be sent to the President shortly. All agencies agree that production at Elk Hills should continue for one year. However, DOD wants revenue from that production (\$3 billion) set aside to help secure additional supplies to meet their needs during a national emergency. All other agencies dispute the need for a separate DOD reserve.	Fuller Svahn

SENIOR STAFF MEETING ACTION ITEMS

(10/11/84)

ITEM	ACTION
1. <u>Today's Schedule</u> : There will be coverage of the Minority Enterprise Week ceremony, and the United Negro College Fund event.	Speakes
2. <u>Continuing Resolution</u> : The CR was passed by the House last night, and the Senate is expected to pass it today. Though water projects have been removed, it is still not as good as we had hoped on certain defense items.	Oglesby
3. <u>Debt Limit</u> : This measure may be passed early today, at which point Congress may adjourn.	Oglesby
