SEN. FULBRIGHT AT STANFORD

"The Pres. is our leader & our moral teacher. He should be freed from the shackles of ill informed publ. opinion. He is hindered in his task by the restrictions of former imposed on him by a const. syst. designed for an 18th century agrarian society."

* GOETHE - LETTER TO ECKERMAN, 1773

The true moral ... and preached round about us. And not only by isolated individuals but by the majority. In the newspapers & encyclopedias, in the schools and U.S. everywhere error is dominant, so securely & comfortably enmeshed in publ. opinion which is on its side."

QUOTE - APPROPOS - WAR. (MEX. (COSTA))

fruitless maintenance of the most cruel and
unprincipled war in the history of the world."
THAT WAS - 1863 - TALKING ABT. - WAR - ENDED SLAVERY.

* SEN. FULBRIGHT: "It is gross. That if Mao Tse-tung & Ho Chi Minh
had not borne the title of Communist but
"N. YOUNG MAG."
otherwise had done exactly what they have
done in their 2 centuries, we would have
accepted their victories over their domestic
rivals & lived with them in peace."

* CHINESE PROVERB: The beginning of wisdom is calling things
by their right name.

WILL ROGERS:

- * "No will never get anywhere until our finances tell us pass a law saying that everytime we appropriate something we got to pass another bill along with it stating where the money is coming from."
- * "You are sentenced to prison as long as it's made comfortable for you & you desire to remain. In checking out let warden know, so he will know how many there will be for supper."
- * "The Min. you read something and you cant understand it, you can be sure it was written by a lawyer, then

if you give it to another lawyer to read & he don't know just what it means then you can be sure it was drawn up by a lawyer. If it's in a few words and is plain & understandable only one way it was written by a non lawyer.

- * Every time a lawyer writes something, he is not writing for posterity. He's writing so another of his craft can make a living out of trying to fig. out what he said. Cause perhaps he hadn't really said anything, that's what makes it hard to explain.
- * Even when you make out a tax return on the level you don't know if you are a crook or a mistake.

E) - MR. AED JOHN D. ROCKEFELLER PUT HIS ASST. FRED GATES
IN CHGE. OF HIS TAX FREE GENL. ENT. BD - In the words of
"OCCASIONAL PAPER NO. 1" - said: "In our dreams we have
limitless resources & the people yield themselves with
perfect docility to our insidious heresies. The pres.
educational conventions feed from our minds, &
unhindered by God, we work on our good will
upon a grateful & responsive rural folk."

* René Wainner Council for the House Sp. Comm. on
Tax exempt foundations: "Research's experimental
stations were established at selected U.S. notably
Cal. Stanford & Chi. Here some of the worst
mischiefs ever in recent ed. was born. In these
Rockefeller & Carnegie established reigns which involved
many of the prin. charities in the steps of the following

of Am. Sc. His followers, in turn, some of the most
noted academic advocates of replacing the Am. syst.
& supplanting it with a Soc. Syst. - Whatever its earlier
origins or manifestations, there is little doubt that the
radical movement in sci. was accelerated by an
organized Soc. movement in the U.S.

* Nat. Sc. Comm. 1934 report: "A dying Laissez Faire must
be completely destroyed and all of us, including the
owners must be subjected to a large degree of
Soc. control."

NUMBERS 6:24-26

"The Lord bless thee & keep thee. The Lord
make his face to shine upon thee & be gracious
unto thee. The Lord lift up his countenance
upon thee & give thee peace."

"EL SEÑOR TE BENDIGA, Y TE GUARDE: EL SEÑOR
HAGA RESPLANDECER SU ROSTRO SOBRE TI, Y TENGA
DE TI MISERICORDIA EL SEÑOR ALCE SOBRE TI SU
ROSTRO, Y PONGA EN TI PAZ."

ACTS 19:32

SOME therefore cried one thing & some another

for the assembly was confused; & the more part
knew not where for they were come together?

* Thou shalt love the Lord thy God with all
thy heart & with all thy soul & with all thy
mind - This is the 1st & great commandment.

* Thou shalt love thy neighbor as thyself.

On these 2 commandments hang all the Law
& the prophets.

2nd Thess. 3:10

If anyone does not want to work
then he should not eat either.

DO TO ELLS

BASTIAT 12/12/1849 ADDRESSING THE NAT. ASSEMBLY - FRANCE. - (CICERO)

"When the people are encouraged to turn to govt for settle all of their problems for them the basis of all revolutions is thereby established. For then the people expect the govt. to provide them with all the material things they want. And when these things are not forthcoming they resort to violence to get them. & why not - since ^{the} govt. itself has told them that these responsibilities belong to govt. rather than to them? I am convinced that the rev. would not be possible. If the only relationship between govt. & the people was to guarantee them their

liberty & security."

"CICERO" - 44 B.C. - "ON OLD AGE": "The great affairs of life are not performed by physical strength, or activity, or nimbleness of body, but by deliberation, character, expression of opinion. Of these old age is not only not deprived, but as a rule, has them in a greater degree."

- * "Had there not been older men to undo the damage done by the young, there would be no states"
- * 429 B.C. Delos (island of Socrates) is an island by Sparta for it is a prison, it is bright, it is single minded dedication to turning out city who are even. efficient, instruments of war. They are hemmed in by Persia. allowed no contact with the outside world, have no choice but to believe what they are told."

LORD ACTON 70 YRS. AFTER ADOPTION U.S. CONST.

"They had solved with astonishing ease & unexampled success 2 probs. which had hitherto baffled the capacity of the most enlightened Nat's. They had contrived a syst of Fed. govt. which prodigiously increas'd Nat power & yet respected loc. liberties & authorities & they had founded it on the prin. of equality without surrendering the securities of property & freedom"

JOHN COTTEN 17TH CENTURY

Let all the world learn to give mortal

men no greater power than they are content they shall use - for use it they will?

ANON.

When the courts sub. their will for that of the legis. appealing to what ought to be law when they can find no law & what ought to be the const. when that document itself gives not the slightest justification for arresting the new prin. Then we have reached the end of the road.

* Charity often consists of a generous impulse to give away some thing we dont want.

QUOTE - DR. ALEX. FRASER TYLER ON ATHENS - 2000 YRS. AGO.

"A Dem. cannot exist as a form of govt.

It can only exist until the voters discover they can vote themselves larger out of the pub. treasury. From that moment on the majority always votes for the cand. promising the most benefits from the pub. treasury with the result that Dem. always collapses over a loose fiscal policy always to be followed by a dictatorship." (He was writing about the fall of Athens more than 2000 yrs. ago)

FRES.-US. 50 YRS. AGO

"A Rev. is taking place which will leave people dependent on govt. Finding mths. will develop into fixing prices & finding employment. Next step will be to furnish emp. or in default pay a bounty or dole. Those who look with apprehension on these tendencies do not lack humanity but are influenced by the belief that the result of such measures will be to deprive the people of character & lib."

CAUF. LABOR RE: GOV. QUOTE JACK HEWNING ENGT. - AFI-CIO

" Within the past 2 yrs. Gov. R. has signed bills increasing soc. ins. benefits for injured and unemp'd. Calif. workers by more than 266 mil. to Gov. - Rep. or Dem. - in the hist. of Calif. had ever done anything like that " (March 1974 Bakersfield Labor paper)

* Sonnet by J. H. Holland: "Wanted"

God give us men! A tribe like the demands strong
minds, great hearts, true faith and ready hands;
Men whom the lust of office does not kill! Men
whom the spoils of office cannot buy; Men who
possess opinions & a will; Men who have honor;
Men who will not lie; Men who can stand

before a demagogue, and D-m his treacherous
pretenses without winking; Tall men, unscrupled,
who live above the fog in private duty & in private
thinking. For while the rabble with their thousand
worn creeds, their large professions, and their little
deeds mingle in selfish struggle, to Freedom weeps
Wrong rules the land, & waiting justice sleeps.

Quote - Sen. Ben Hall 1878 - Daniel Webster. (C. HAWDS)

"I do not regard unions as instruments of power in directing this country. But there is one corp. we may all dread. That corp. is the Fed. govt. of this great, ambitious, ever growing corp. become oppressive who shall check it? If it become unjust who shall trust it? Watch & guard with sleepless dread that Corp. which can make us poor. & the res. of all its & people - all life & hope its playthings in an hour - its victims forever".

* SUN TZU 2500 YRS. AGO - "An army is only the instrument which administers the coup de grace to an enemy already defeated by intel. ops. which separated the enemy from his allies, corrupted his officials, spread

misleading sign. & correctly assessed his strengths & weaknesses. - Winning 100 victories in 100 battles is not the acme of skill - to subdue the enemy without fighting is the acme of skill.

* MAHATMA GHANDI - "I have not conceived my mission to be that of a knight-errant wandering everywhere to deliver people from difficult situations. My humble occupation has been to show people how they solve their own difficulties."

My work will be finished if I succeed in carrying conviction to the human family, that every man or woman, however weak in body, is the guardian of his or her self respect & liberty.... This definite conviction though the whole world may be against the individual resister.

GEORGE J. ¹⁸⁴⁷ ~~1847~~ - TOM PEEBLES - The Cause & effect relationship Ellsberg's theft of
The P. Papers & the counteraction.

* We have recently had in this country in effect 2 govts. ---
Ordinary official govt. elected by the people but also
opposed to this not a "loyal opp." in the old sense, but
a kind of counter govt. It denies the legitimacy of the
actual govt. & employs every means at its command -
legal & illegal to frustrate its policies. This counter govt.,
as in the case of Ellsberg, demands the right to declassify
secret documents on its own say so. To a man like Tom
Wicker who is a sort of Ron Ziegler of the counter govt.
Ellsberg & Ruseff are heroes. The counter govt. celebrates
the feats of its heroes who when they don't like a law
simply get ahead & break it. In its demand for amnesty
and in the visit of its emissaries to Hawaii etc. The
counter govt. asserts its claim to have a diff. foreign
policy from that of the reg. govt. "The counter govt. has

its own frontiers and even its own clergy: The Bering, Thoppe etc. It has its lawyer Rancey Clark & Krummer.
TOP REED: "With the 2000 B.D. we may be entering a new era. It's symptoms are the growing skepticism of our cities. It's cause is our sin in the belief in our Power. Its official symbol is the departing Am. Ambassador, his flag & his helicopter. The result could be a new age of sustainability. The danger to the green world is not a nuc. armageddon. The danger is a crumbling of the will - a lack of unity & resolve to be free for another 200 yrs."

QUOTES CICERO SUBC. HENRY FOYBEE

"We are taxed in our land & mine - in our income & our investments - on our land & property - not only for those creatures who do not deserve the name of man - for foreign nations who bow to us & accept our laws - & promise to assist in keeping the peace - those mendicant nations who will destroy us when we show a moment of weakness - or when the treasury is low - & surely it is becoming low - were they bound to us by ties of love they would not ask for our gold - they hate & despise us - & who shall say we are worthy of more?"

SOME DAY "MOSCOW TR. W. BE A SQ. NAMED AFTER ALEX.
SOLZHENITZIN.

* A.T. DESCRIBED HIST. AS "the pattern of silken slippers
descending the stairs & the thunder of historical
events coming up."

GEORGE HIRSH JOHNSON 1910 IN L.A.

In our city we have drunk the rage of the city of
infamy; we have been betrayed by pub. officials,
and sold out by those we trusted. But in our
city we have never had anyone so vicious, so
~~venomous~~^{VENOMOUS}, so futuristic, or so vile as Harrison Gray
Otis & the L.A. Times.

The one blot on the escutcheon of L.A. the
bar sinister upon your city is Harrison Gray Otis
& the L.A. Times.

There he sits in facile dementia, with gangrene
heart and rotting brain, grinning at our eyes

attempt at reform, & chattering away in
impotent rage while he goes down to his
final grave in snarling infamy."

* S.D.S. LDRR: "It's not reform we're after, it's
the destruction of your stinking rotten
~~of~~ society - & you'd better learn that
fast."

* SENECA: "He who knows no ports to sail
for finds no winds favorable."

* AESOP: Bad as any govt. may be it is seldom
worse than anarchy.

QUOTE

WM. PENN.

IF MEN WILL NOT BE GOVERNED BY GOD (THAT IS BE HONEST, TRUTHFUL, DILIGENT, FAIR & JUST TO ALL) THEN THEY MUST BE GOVERNED BY TYRANTS.

DAN. WEBSTER

Hold on my friends to the Const. of the U.S. of Am. & to

the Repub. for which it stands. Miracles do not

THOMAS MACAULEY

The measure of a man's real character is what
he would do if he knew he would never be found
out.

MARCUS ANTONIUS

Look well into thyself; there is a voice which
will always spring up if thou wilt always search

Sen. Benjamin Harvey Hill - US Sen. 1867

" I do not dread these corporations as instruments of power to destroy this country, because there are a 1000 agencies which can regulate, restrain and control them; but there is a corp. we may all dread, that corp. is the Fed. govt.

From the aggression of this corp. there can be no safety, if it is allowed to go beyond the boundaries, the well-defined limits of its power. I dread nothing so much as the exercise of ungranted & doubtful power by this govt. It is

in my opinion, the danger of dangers to the future of this country. Let us be sure we keep it always within its limits. If this great, ambitious, ~~and~~ ever growing corp. becomes oppressive, who shall check it? If it becomes wayward, who shall control it? If it becomes unjust, who shall trust it? As sentinels of the country's watch tower, Senators I beseech you to watch & guard with sleepless dread that corp. which can make all property & hope, it's plaything in an hour & it's victims forever. Regulations once imposed, are never withdrawn but usually made tighter & tighter."

Louie E. Weber "I love this land"

I may inhabit worlds in time to come
of finer substance, born of farther suns;
A greater glory I may one day see,
but oh today, dear earth, how I love thee.

SYDNEY SMITH - In a life of study, every now &
then be completely idle - do nothing at all.

OLIVER GOLDSMITH - There is an unfeigned pleasure
attending the life of the voluntary student.

ARISTOTLE - Ed. is the best provision for old age.

F.D.R. 1935 -

The Fed. Govt. must & shall quit this bus. of relief. Continued dependence upon relief induces a spiritual & moral disintegration, fundamentally destructive to the national fibre. To dole out relief in this way is to administer a narcotic, a subtle destroyer of the human spirit.

F.O.R. PIM:5412 Oct. 19-1932

* Most of this new govt. created credit has been taken to finance the govt's continuing deficits.

The truth is that our banks are financing these stupendous deficits and that the burden is absorbing their resources.

All that is highly undesirable & wholly unnecessary. It arises from one cause only and that is the unbalanced bud. and the continued failure of this admin. To take effective steps to balance it. If that bud. had been fully & honestly balanced in 1930 as it could have

Even, some of the 1931 collapse would have been avoided. Even if it had been balanced in 1931 as it could have been, much of the extreme dip in 1932 would have been avoided:..

Would it not be infinitely better to clear this whole subject of obscurity - to present the facts squarely to the Cong. and the people of the U.S. & secure the one sound foundation of permanent st. currency - a complete & honest balance of the Fed. Bud.

Communism Quotes. GUS HALL

Kruschev - 59.

"Despite the differences between the stages of
Comm. & soc. no wall of any kind exists
between them Comm. grows from soc. & is
it's direct continuation."

R.R. Comment - Soc. denies a blood relationship
with comm. But is in truth a blood enemy of
of the "ists" not the "ism".

GUS HALL - FUNERAL ORATION FOR EUGENE DENNIS CHMN.
COMM. PARTY FEB. '61. "A dream of the hour when the
last congressman is strangled to death on the quills

of the last preacher - and since the Christians seem to love to sing about the blood, why not give them a little of it? Split the throats of their children & draw them over the mercuries bench, and the pulpit; and allow them to draw in their own blood, and then see whether they enjoy singing those hymns."

GEO. WASHINGTON & PAT. HEURY

- * "It is not indeed consistent with reason or justice to expect that one set of men should make a sacrifice of property, domestic ease & happiness encounter, the rigors of the field the perils & vicissitudes of war to obtain these blessings which every city will enjoy in common with them without some compensation."
- * "If any body of people are allowed to go unpunished to rise & disobey any law, all law & order would soon vanish."
- * We must never parley or haggle with sedition

SK: FULBRIGHT & WALTER LIPPMAN '41. Alex. Hamilton

* SEN. The Pres. is hindered in his task of leading the am. people to consensus & concerted action by the restrictions of power imposed on him by a Const. syst. designed for an 18th centry. agrarian soc. far removed from the center of world power.

* W.L. Only the Pres. because he is the chief exec. is in a posit. to know all the facts. Only the Pres. and his advisors are in a posit. to weigh all the facts. ∴ the Pres. alone can lead the country.

(Harry Steine Cowger (Hart) 1953.

* Alex. Hamilton

It will be of little avail to the people that laws are made by men of their own choice if the laws be so voluminous that they cannot be read, or so intricate that they cannot be understood; if they

is expedient or revised before they are promulgated or under
such incessant change that no man who lives under
the law is today conscious what it will be tomorrow.
* A.H. 1783 ON IMPROVEMENT.

"The greatest danger is that the decision will
be regulated more by the comparative strength of
parties than by a real demonstration of
innocence or guilt."

QUOTE ADAM SMITH (THE WEALTH OF NATIONS) & Edmund Burke.

* The statesman who should attempt to direct private enterprise in what manner they ought to employ their capital would not only load himself with a most unnecessary attention, but assume an authority which could be safely be trusted, not only to no single person but to no council or Sen. whatever and which would nowhere be so dangerous as in the hands of a man who had ~~the~~ folly & presumption enough to fancy himself fit to exercise it.

- * E. Burke on the issue of equality.
- * A perfect equality will indeed be achieved - that is to say equal wealth, equal luxury, and on the part of the partisans a woful, helpless and desperate disappointment. Such is the event of all compulsory equalizations. They pull down what is above; they never raise what is below; they depress high & low together beneath the level of what was originally the lowest."

LENIN: "Be prepared to resort to every possible

KHRUSHCHEV: "We must realize that we cannot co-exist eternally, for a long time.... One of us must go to his grave. The Americans & the West do not want to go to their grave, either so what can be done? We must push them to their grave?"
