Mr. H. Jan Ritscher

Dear Mr. Ritscher:

I apologize that it took me so long to respond to your letter regarding my correspondence with Jenkin Lloyd Jones.

I am sorry but I must disagree with your suggestion that the huge peace rallies and the strength of the nuclear freeze movement prove that Marxian totalitarians have outmaneuvered us on the plane of the intellect.

I believe that our successes in mobilizing large numbers of people in 1980 were not due to our being suddenly superior with respect to intellect.

We are no more correct now than we were in the 60's and 70's. What is different is that many of us have come to the understanding that we owe it to our philosophy to study how to win. Victory will not fall into our deserving hands like ripe fruit from a tree. Unlike Sir Gallahad, we will not win because our heart is pure.

We have a responsibility to study what works and what doesn't work in the real political world. We have the capability now to devote additional resources to making people who are already philosophically sound, technologically proficient. In short, I believe that success in the political arena, at least in our modern context, is determined by the relative numbers and effectiveness of the activists on either side. The people who already agree with you and me on the fundamental direction public policy ought to take could win, if we could just make them more effective politically.

The Left has succeeded, but not by creating majorities who understand and agree with their views. They have succeeded by developing cadres of activists sufficient to win public policy contests.

That is not to say that I think we should neglect philosophic training of others or such studies ourselves. My contention is that being right, in the sense of being correct, is not sufficient to win.

Sincerely,

Morton C. Blackwell
Special Assistant to the President

Dear Chris:

Thank you so much for the copy of the League for Industrial Democracy piece on the Lyndon LaRouche Cult.

I have read and written a great deal about this organization myself. This is the most comprehensive study of them I have seen.

I worked in coalition with some young people with the League back in the 60's. They were running the Young People's Socialists League, not to be confused with the Young Socialist Alliance. YPSL was anti-communist, pro-defense, and strongly opposed to radical attempts to shut down colleges during the 1960's. One of their leaders, Tom Kahn, went on to be an aide to Senator Jackson, George Meany, and now Lane Kirkland. He now avoids contacts with Reaganites.

Again, thank you for the paper.

Sincerely,

SUBJECT:

Speaking Invitation to Secretary Watt

Attached is correspondence relating to an invitation from the Oklahoma Young Americans for Freedom to Secretary Watt to speak at their fourth annual Oklahoma Conservative Leadership banquet.

Oklahoma YAF is one of the best state organizations. Its former state chairman, Steve Antosh, was the person we selected to be the National Director of Youth for Reagan in 1980.

If the Secretary is able to fit them in, they will do an excellent job for him.

Dear Bill:

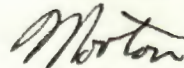

Attached is the resume of Christopher Sundseth, who has just served as a missionary with Youth with a Mission for two years. Having just returned from Austria, where he was counseling Polish refugees, he is now ready to resume his career.

Chris has worked for Coors both as director of their employees' political action committee and as an economist. As you can see, he worked hard for the Reagan campaign and really wants to serve the President in some way.

He is a bright young man with a lot of drive and great flexibility as to where he can serve. His mother is my assistant and I know from her and from my contacts with Chris that he is a real achiever. Because of his languages and his having lived abroad, I thought perhaps you might know of some slot where he might fit.

We will call to set up an appointment later in the week if you think it worthwhile to interview him.

TO WHOM IT MAY CONCERN:

This letter of recommendation is for Mr. Ronald Andrade with whom I have worked for the past two years.

During this period of time, Mr. Andrade worked closely with our White House Office of Public Liaison in our formation of policies directed at American Indians. Mr. Andrade provided helpful counsel on a variety of issues. I found him always to be constructive and creative.

Mr. Andrade worked with the Administration and with congressional leaders to achieve passage of the important Tribal Tax Status Act and legislation providing for conversion of top-heavy bureaucratic programs to block grants to go directly to Indian tribes.

Neither a partisan Republican or Democrat, Mr. Andrade has a professional, bi-partisan approach to politics.

This year, in cooperation with the Office of Public liaison, Mr. Andrade coordinated the largest meeting held with Tribal leaders at the White House in over twenty years.

I enjoyed our association and I can strongly recommend Mr. Andrade as someone very cooperative and helpful during our work together.

Dear Fran,

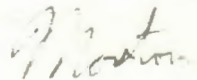

Thank you for your recent letter regarding the Department of Education. It is very gratifying to receive so many messages which express support for the fundamental objectives of this Administration.

I can assure you that President Reagan is strongly committed to the abolishment of the Department of Education as part of his plan to restore the appropriate Federal role in education. On February 9, 1982, the President sent his 1983 budget program to the Congress and included a plan to do away with the Department of Education. Under the proposal, the Department would be dismantled in favor of a significantly smaller entity which would provide support and assistance to education rather than intrusion.

By limiting the forces trying to centralize control of education, the President believes we can better ensure quality education for our children. Unfortunately, the 97th Congress refused to take the actions necessary to eliminate the Department. The Administration will continue to pursue this goal, while at the same time sending additional reforms that reflect the President's desire to encourage stronger local and parental control of education.

The President understands your concerns, and he sends you his appreciation and best wishes.

Dear Miss Christian:

Your letter telling of the fund raising to send your gold star parents to see the Vietnam Veterans Memorial was very heart warming. On behalf of the President, I want to thank you for taking the initiative to arrange this trip for them.

We do not have adequate staff at the White House to assist your group when they arrive. However, we have arranged with the Vietnam Veterans Memorial Fund to have two of their officers meet you at the site and point out the names of the boys from your community who lost their lives.

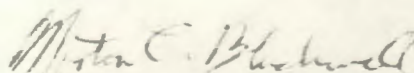

I have sent a copy of your list and letter to the Memorial Fund. I would suggest you write or call Karen Bigelow. Her telephone number is (202) 659-2490. Her address is:

1110 Vermont Avenue
Suite 308
Washington, D. C. 20005

Karen can give you the names of the escorts and arrange with you where and when to meet them. At that time they can answer any questions the group has about further work at the Memorial and what else to see in Washington.

Again, congratulations to a really caring community.

Sincerely,

Morton C. Blackwell

Dear President Regan,

I need some of your help on March 12, 1983 for thirty-eight parents who's sons lost their lives in the Vietnam War.

I've started a campaign fund drive from our Genesee County residents to collect enough money to send the parents of our deceased veterans to the Vietnam Monument in Washington with tribute to their beloved sons.

Now it would be nice to have someone from Washington to meet them, guide them, and give any assistance they might need.

Just to mention some of the marvelous people from our Genesee County, we will contribute for flight and motel accommodations. Mr. James Caccomise, owner of the bus company, will donate his bus to and from Buffalo Airport. Mr. James Kurtz of Holiday Inn, A fairwell breakfast. Mr. James Stickney of American Legion and Mr. Henry Hedden of Veterans Foreign Wars will have the honor guard for the send off. Most banks of Genesee County opened Vietnam accounts. The Daily News with there exceptional coverage (Marilyn Pfalzer)

So there are generous people who haven't forgotten our Heroic Men from the Vietnam Era.

I certainly would appreciate any help you can give me to make this trip memorable.

Sincerely yours,
Rose Mary Christian

Gentlemen:

I understand that Gary Glenn has applied for admission to your law school.

Several years ago Mr. Glenn attended a youth leadership training program which I conducted. He was an outstanding participant then, and I recommended him for employment with the National Right to Work Committee.

I have followed his progress closely. All who work with him have been highly complimentary.

Gary is a highly respected young man. He is a good student. He is very meticulous in his work.

As the organizer of dozens of other leadership training programs and as the person who oversaw the 1980 national Reagan youth effort, it has been my pleasure to deal with many thousands of young people over the last twenty years. I have watched many of them go on to law school. On the basis of that experience, I am confident that Gary will be a successful law student and an outstanding attorney.

I strongly recommend him for admission.

Sincerely,

TO WHOM IT MAY CONCERN:

I understand that Miss Susan Juroe has applied for admission to law school.

Miss Juroe is the accomplished editor of the NEW GUARD, a magazine published by the Young Americans for Freedom.

I am pleased to recommend Miss Juroe to you. She is bright, hard working, and responsible. As the person who oversaw the 1980 National Youth for Reagan effort, I have a strong background in evaluating young people.

I believe Miss Juroe would be a successful law student and a credit to the legal profession.

Sincerely,

Dear Mr. Blackwell:

You probably receive 100 calls and letters a day and 95% of those require some form of action on your part. Well, my meeting with you the other day required not only one favor but two so I probably kicked that percentage up to 97%, but I can guarantee you that you probably made me happier than the other 100 people.

All my applications are completed and in the mail so my next step is to simply wait. Speaking with you helped relieve a lot of anxiety. I look forward to the day where I will be in a position to help out a young conservative as I just experienced what a tremendous feeling getting senior support is.

I look forward to contacting the unbelievable 800 gentleman, Peter Keisler. I would like to arrange a meeting with him when he visits Washington next. His contribution to New Guard would certainly interest a large number of our readers.

Jim Lacy agreed that your "How to Become a Delegate" article will be a fine addition to our National Convention issue in August. The circulation of that issue will be increased to reach over 20,000 YAF members and supporters. I hope that within the next few months I could get some photos of you to supplement the article. I will send you the old copy within the next week.

I thank you again for your help.

Sincerely,

Susan Juroe
