MEMORANDUM FOR THE PRESIDENT

FROM: ROBERT C. MCFARLANE *RCM*
SUBJECT: Forthcoming Visits to Moscow

George Shultz has sent you the memorandum at Tab A, calling your attention to plans of a number of Allied Foreign Ministers and several prominent private Americans to visit Moscow during the spring and early summer.

As George points out, we can expect the Soviets to try to use these visits to bring pressure to bear on us to make unilateral concessions.

WHITE HOUSE
SITUATION ROOM

SUBJECT: Forthcoming Visits to Moscow

We are now entering a period of more active East-West diplomacy. With Chernenko, the Soviets once again have a leader who can meet with foreign visitors. We are already witnessing an increase in prospective visits by Allied Foreign Ministers to the USSR:

- German Foreign Minister Genscher has accepted an invitation from Gromyko to visit Moscow May 21-22;
- Portuguese Foreign Minister Gama also plans to be in Moscow in May; and
- British Foreign Secretary Howe is scheduled to visit Moscow July 2-3.

In addition to talks at the Foreign Minister level, the Soviets may fête each visitor with a session with the new General Secretary.

These may just be the beginning of an upsurge in pilgrimages to the Kremlin, as our Allies try to demonstrate that they are doing their part to explore the possibilities of improving the West's relations with the new Soviet leadership. As they did with SPD leader Vogel, the Soviets will try to use the Allied visits as a means of putting pressure on us to make unilateral concessions toward Moscow.

As government-to-government contacts increase, we can also expect an increase in visits to Moscow by American political figures, academics and private "peace" groups, along with reciprocal visits to the U.S. by their Soviet counterparts. Much of this will be critical of the Administration's policies. For example, the Co-Chairperson of Gary Hart's National Campaign, Pat Schroeder, is leading a delegation of Congresswomen to Moscow for talks on arms control in mid-April. The U.S. and Soviet scientists who last year publicized the "nuclear winter" concept are continuing to cooperate, and Senator Kennedy may attend one of their sessions in Moscow this spring.
