My Dear Mr. President:

We, as a Fraternal Benefit Society, are deeply concerned about the most dreadful and vicious disease, Cancer, which statistics prove that many Americans are and will be afflicted with this disease.

At our 23rd National Convention of the Slovene National Benefit Society, held on September 15 to 20, 1986, at the Sheraton Inn, Warrendale, PA, a Resolution was passed whereby we urge Congress to enact legislation in concentrating efforts to speed up the Cancer Research Program as to the causes of this dreaded disease.

Mr. President, on behalf of the membership of the Slovene National Benefit Society, with a membership of over 50,000 in all 50 states of our great union, we thank you for giving our Resolution your utmost consideration.

Mr. President, we are hopeful that you will give us some encouraging news as to what progress is being directed in regard to Cancer Research.

Most respectfully yours,

SLOVENE NATIONAL BENEFIT SOCIETY
