DOMESTIC POLICY COUNCIL MEETING - October 15, 1986

o BACKGROUND

- Events since September 11th DPC Meeting when President approved:
 - * WG report
 - * Executive order
 - * Legislative proposal
- September 14 - RR/NR address to Nation
- September 15 - RR signed Executive Order, forwarded legislation

o TREMENDOUS RESPONSE

- Media
- Private sector

o STATUS OF GOVERNMENT INITIATIVES

- September 15 - "Schools Without Drugs"
- September 22 - Working Group Meeting - implementation
- October 4 - Implementation memos from President
 - * Directive Memo to agency heads
 - * Memo to each employee (agency head add message)

o ONGOING

- Legislative Task Force -- contractor workplaces
- OPM & AG -- guidance on implementing Executive Order

o UPCOMING

- President's Meeting with Ambassadors postponed (ca. early November)
- Private sector initiatives
- Government initiatives

o LEGISLATION

DOMESTIC POLICY COUNCIL MEETING - October 1, 1986

- A. Connection between intravenous drug use and AIDS
 - B. SEP 11 - last mtg of DPC (w/RR): RR approved WG report, etc.
 - C. SEP 14 - RR/NR address to Nation
SEP 15 - RR signed Executive Order, forwarded legislation
 - D. TREMENDOUS RESPONSE
 - Media blitz peaked nationally -- but can expect continued coverage of all aspects of drug issue
 - Regional coverage to peak ca. late Oct-early Nov
 - RR/NR set moral leadership tone, private sector is picking up the momentum -- anti-drug efforts are carrying own weight
 - * Pacesetter Steel (headbands)
 - * Seven-Eleven
 - * Converse
 - * Jesse Phillips
 - E. SINCE SEPT 15 -- STATUS OF GOVERNMENT INITIATIVES
 - SEP 15 - "Schools Without Drugs"
 - SEP 22 - Working Group Meeting - go over implementation
 - F. ONGOING
 - Legislative Task Force -- contractor workplaces
 - OPM & AG -- guidance on implementing Executive Order
 - G. UPCOMING
 - Implementation memos from President *Signed Sent 10/9/86*
 - * Directive Memo to agency heads
 - * Memo to each employee (agency head add message)
 - President's Meeting with Ambassadors postponed
 - H. LEGISLATION
 - Overfunding & Less flexibility
 - Congress emphasizing government, Administration emphasis on private sector efforts (Lincoln quote)

MEMORANDUM FOR THE CHIEF OF STAFF

FROM: Jim Miller

SUBJECT: Objectionable Provisions of H.R. 5484, the "Anti-Drug Abuse Act of 1986," as Passed by the House

As you know, on October 8th, the House passed, with amendments, the Senate-passed version of H.R. 5484, the "Anti-Drug Abuse Act of 1986." The bill contains improvements over the Senate bill. In particular, the death penalty was added, and objectionable provisions concerning sugar importation and the creation of a new forfeiture fund were dropped. Also deleted were proposed amendments of the Internal Revenue Code that would have permitted taxpayers to check off part of their refunds for drug abuse and enforcement programs and would have permitted use of Federal taxes to reimburse State and local law enforcement agencies for their costs. In addition, the more limited Senate language concerning the use Department of Defense personnel and resources in anti-drug enforcement activities was retained. Other troublesome provisions remain, however; the most important are highlighted below.

DRUG-FREE WORKPLACE

The bill omits amendments to the Civil Service Reform Act and the Rehabilitation Act proposed by the Administration. Under those amendments, the connection between job performance and drug use that now must be proven before disciplinary action may be taken, would be repealed; and individuals would not be qualified as handicapped solely for drug use or addiction.

DRUG-FREE SCHOOLS

The bill contains excessive funding, \$150 million a year above our proposal of \$100 million a year. Also, the restrictions placed on the funds allocated to the Secretary of Education, especially the set-aside for higher education grants and the requirement that funds be used to develop anti-drug curricula, are objectionable. The Administration has always held that curriculum development is not an appropriate Federal activity.

Do Ed
TOTAL = \$150M
our plan \$100M

INTERNATIONAL COOPERATION AND LAW ENFORCEMENT

Defense Department Assistance to Civilian Agencies

The bill would require the Defense Department to develop a plan to assist civilian drug enforcement agencies. The plan would have to be submitted to the Armed Services Committees, which would "submit their approval or disapproval of such . . . plan to the Secretary [of Defense]." This type of committee approval or disapproval is an unconstitutional legislative veto, prohibited by the Chadha decision.

Interdiction

The excessive funding levels for the Customs Service and Coast Guard are objectionable, as is the earmarking of types and placement of assets, which should be left to the National Drug Enforcement Policy Board (NDEPB). (In particular, we object to requiring the Defense Department to make 4 E-2C aircraft available to the Customs Service and 4 E-2B's to the Coast Guard. We also object to authorizing \$25 million for command, control, communications and intelligence centers, a determination best left to the NDEPB.)

Asset Forfeiture Funds

The bill still provides for uses of forfeiture funds beyond what the Administration proposed; it is, however, a distinct improvement over the Senate version.

International

The Administration objects to denying trade benefits to "uncooperative" drug producing countries. The Administration must retain flexibility to act, based on an assessment of current circumstances. The Administration also opposes any efforts to restrict the President's discretion in directing United States participation in the activities of the various multilateral development banks, or otherwise conducting foreign policy.

State and Local Assistance

The bill provides \$350 million for each of fiscal years 1987-1989 for drug law enforcement grants to State and local law enforcement agencies. The Administration agreed to a funding level of \$100 million in 1987, to be derived from reprogrammed funds.

EXPANDING PUBLIC AWARENESS AND PREVENTION

We continue to oppose any requirement to convene a White House Conference.

CT - RALPH will discuss - *ca*

800

Drug Policy Conference

Besides \$490M Block Grant

GOAL 3: EXPAND DRUG TREATMENT

551
233
3184
2374

Administration Initiative

The Administration initiative would increase FY87 drug abuse treatment, research, and prevention funding to \$551 million, or \$233 million more than previously requested in the President's FY87 Budget. The \$233 million would be used to expand States' treatment capacity, demonstrate community-based drug abuse prevention programs, and expand Federal research and prevention efforts. The Administration also proposes to eliminate restrictions on States' use of block grant funds, thus permitting States to better target Federal treatment funds.

Senate Bipartisan Initiative (S 2878)

S 2878 would increase authorizations for drug and alcohol abuse research and the substance abuse and mental health block grant by \$259 million over the President's FY87 Budget. S 2878 would not provide for expanded prevention efforts. The bill also proposes \$25 million in FY87 and \$25 million annually in FY88 and FY89 for special alcohol and substance abuse programs among Indians.

Objectionable Provisions

- o Metzenbaum amendment to increase block grant authorization to \$246 million over the \$490 million assumed in the President's FY87 Budget. As brought to the floor, S 2878 would have raised the authorization to \$675 million.

675
136
52

736

976 SAT MSZ
Trasher

GOAL 6: EXPAND PUBLIC AWARENESS AND PREVENTION

50%

Administration Initiative

The Administration initiative encourages private sector initiatives in educating the public with respect to drug abuse. In addition to \$10 million previously requested in the President's FY87 Budget, an additional \$5 million is requested for Federal programs to encourage private sector initiatives.

Senate Bipartisan Initiative (S 2878)

S 2878 would authorize an additional \$3 million for Federal Programs to encourage private sector initiatives, or \$2 million less than proposed by the Administration. S 2878 also proposes a White House Conference on Drug Abuse and Control to study the

drug abuse problem and propose solutions. The Conference would probably cost \$2 million.

ANNOTATED OUTLINE
REPORT OF THE WORKING GROUP ON DRUG ABUSE POLICY
TO THE DOMESTIC POLICY COUNCIL

September 10, 1986

I. Summary

This section should contain a report summary, including the major findings, conclusions, and recommendations.

II. Introduction and Background

This section should contain a brief review of the drug abuse problem, the Administration's efforts since 1981, the recent actions by the President on the six goals, and the charter and establishment of the Working Group.

III. The Administration's Plan

This section should focus on the actions and steps the Administration intends to take. It should include sections on each goal, with subsections on each initiative under a goal. It should include 1) statements on why each goal (and each initiative) is important, 2) the specific steps involved in each initiative, 3) what decisions are needed by the President, 4) and brief statements on what the expected results are from each goal/initiative.

how to measure results

IV. Legislative Action

This section should focus on legislative proposals, both those to be offered by the Administration, and those being proposed by Members of Congress on which the Administration should have a position. The proposals should be categorized, and for each there should be references to options available to the Administration, i.e. appropriate degrees of support or non-support.

V. Funding

This section should focus on costing of the initiatives, both those offered by the Administration and any being proposed by Congress that are felt worthy of support.

Atkins

VI. Communications

The final section of the Report should include a proposed plan for communications of the Administration's program.

I envision presentations of the Report to the Council without the President in attendance on September 10 and 15, and then possibly with the President on September 16. You might think about how best to present the recommendations and the decision issues in a timely manner. You could focus on the Administration plan on September 10, and on legislation at the meeting of the 15th. The two would be combined for the September 16 meeting.

THE WHITE HOUSE

WASHINGTON

August 11, 1986

MEMORANDUM FOR THE DRUG USE PREVENTION WORKING GROUP

FROM: CARLTON TURNER

SUBJECT: Drug Abuse Policy Action Plans

On August 4, 1986, President Reagan announced "six major goals of what we hope will be the final stage in our national strategy to eradicate drug abuse" and "lead us toward a drug-free America." The goals included:

- Drug-Free Workplaces
- Drug-Free Schools
- Expanded Treatment
- Improved International Cooperation
- Strengthened Drug Law Enforcement
- Increase Public Awareness and Prevention

On August 5, 1986, the Domestic Policy Council established a Drug Use Prevention Working Group to develop action plans to meet the President's goals for demand reduction, i.e., drug-free workplaces, drug-free schools, expanded treatment, and increased public awareness and prevention. The Working Group is to finalize its report to the Domestic Policy Council by September 5, 1986.

As Working Group Chairman, I am establishing five task forces to address the various objectives:

1. A Legislative Review Task Force to coordinate legislative proposals and ensure compliance with the President's policy and goals.
2. A Drug-Free Workplace Task Force to develop action plans for implementing a strict no-illegal-drug-use policy for the Federal workforce and for encouraging state and local governments and the private sector to follow the Federal lead.
3. A Drug-Free Schools Task Force to ensure that a policy of being drug free is adopted by every educational institution, from grade schools to universities.

4. A Treatment Task Force to develop an action plan for improved treatment for drug users and improved methods for identifying drug users, with the primary objective of determining how to provide effective treatment to drug users as early in their use cycle as possible.
5. A Private Sector Prevention Task Force to develop an action plan for expanding drug abuse prevention, with emphasis on community-based programs and initiatives. The Task Force should prepare recommendations for organizational and procedural changes within the Federal government to provide innovative direction to Federal efforts and to be creative and effective in encouraging and supporting private sector efforts.

It should be noted that communications are being coordinated by the White House Public Affairs Office as a separate activity. Input will be requested by the Drug Abuse Policy Office from the public affairs offices of the various agencies.

The objectives of the Working Group and its task forces will be to develop a series of actions items which contribute directly to the President's goals with a specific target of making illegal drug use unacceptable in every segment of our society.

The action items will be presented to the Working Group on Monday, August 18, 1986. At that time, the Working Group will decide which actions should be developed for inclusion in the report to the Domestic Policy Council.

You are reminded that all discussions and materials related to Working Group or task force activities are considered Presidential documents, subject to Executive Privilege, and cannot be shared with any person outside the Working Group.

September 2, 1986 - Working Group on Drug Policy reviews and comments on the draft options paper.

Working Group on Drug Policy reaches consensus on the recommendation to issue an executive order on a drug free Federal workplace.

Working Group on Drug Policy reaches consensus on the Draft Justice Department drug bill that follows the President's six goals.

Working Group on Drug Policy recommends that the Justice Department send the omnibus drug bill to OMB for expedited clearance.

Appropriate contact should be made as soon as possible with the Senate leadership to make sure that the elements of the administration's omnibus drug bill are included in any Senate legislation.

September 3, 1986 - Submit draft issue paper to the Attorney General for review.

September 4, 1986 - Circulate issue paper to DPC members in preparation for the DPC meeting on Monday September 8.

September 8, 1986 - DPC should approve the development and issuance of an Executive Order on drug use in the Federal workforce.

DPC should approve the submission of the Omnibus Drug bill compiled by the Justice Department to OMB for expedited clearance.

September 14, 1986 - President and Mrs. Reagan speak to "The Heart of America" on drug abuse.

September 16, 1986 - DPC meeting with President to approve comprehensive drug program.

September 17, 1986 - Presidential statement announcing transmittal of Administration legislative package.

August 26, 1986

MEMORANDUM FOR CARLTON TURNER

FROM: SHARYN LUMPKINS 

SUBJECT: DPC Working Group Meeting, 8-26-86

Although there are several loose ends, the task force process generally may not have much more to offer. I am therefore suggesting the following:

1. During the next week, we should work with selected groups individually to fill in the gaps of the action plans.
2. We need a decision on the Executive Order. We probably should prepare a decision paper as soon as possible.
3. I believe we should not provide any more papers to the Working Group today because of the problem last week. We will have to let them look at a final report next week, but we can plan exactly how to do this and eliminate the possibility of leaks.
4. Today's meeting could be used to give out some tasking for the Working Group members to complete this week.
5. Do we have more time than we had with the original schedule?

AGENDA

DPC WORKING GROUP ON DRUG ABUSE POLICY

September 4, 1986

Room 234, OEOB

1. Schedule

- o Thursday, Sept. 4
 - Review and Approve Legislation
 - Review and Approve Working Group Report
 - Mail Draft Report to Domestic Policy Council
- o Friday, Sept. 5
 - Mail Legislation and Talking Points to Santa Barbara
- o Monday, Sept. 8
 - Domestic Policy Council Meeting
- o Tuesday, Sept. 9
 - President-Leadership Meeting on Legislation
- o Wednesday, Sept. 10
 - Domestic Policy Council Meeting

2. Legislation (Richard Willard)

- o Review Administration Legislative Package (Titles I through VI)
- o Review Administration Position on House/Senate Bills

3. Working Group Draft Report

- o I. Introduction and Background
- o II. The Administration's Plan
 - A. Drug-Free Workplaces - Decisions
 - B. Drug-Free Schools - Decisions
 - C. Improved Treatment - Decisions
 - D. Expanded Awareness and Prevention - Decisions
- o III. Legislative Action (Previously Covered)
- o IV. Funding
- o V. Communications

4. Thank Members of the Working Group, Drug Abuse Policy Office Staff (Sharyn, Dick)

5. Next Meeting of Working Group to be called after DPC Meetings.

DRAFT

ANNOTATED OUTLINE

REPORT OF THE WORKING GROUP ON DRUG ABUSE POLICY TO THE DOMESTIC POLICY COUNCIL

September 8, 1986

I. Summary

This section would contain a report summary, including the major findings, conclusions, and recommendations.

II. Introduction and Background

This section would contain a brief review of the drug abuse problem, the Administration's efforts since 1981, the recent actions by the President on the six goals, and the charter and establishment of the Working Group.

III. The Administration's Plan

This section would focus on actions and steps the Administration intends to take. It would include sections on each goal, with subsections on each initiative under a goal. It would include 1) statements on why each goal (and each initiative) is important, 2) the specific steps involved in each initiative, 3) what decisions are needed by the President, 4) and brief statements on the expected results from each goal/initiative.

IV. Legislative Action

This section would focus on legislative proposals, both those to be offered by the Administration, and those being proposed by Congress. Proposals would be categorized, and for each there would be references to options available to the Administration, i.e. support or non-support.

V. Funding

This section would focus on costing of the initiatives, both those offered by the Administration and any being proposed by Congress that are felt worthy of support.

VI. Communications

The final section of the Report would include a proposed plan for communications of the Administration's program.

Presentations of the Report will be given to the Council, without the President in attendance, on September 8 and 10 (and 15 if needed). It is tentatively planned that it would be given to the President on September 16. Think about how best to present the recommendations and the decision issues in a timely manner. The Administration plan would be presented first, with legislation to follow. The two would be combined for the September 16 meeting with the President.

9/19/86 - 3:00 p.m.
