MEMORANDUM FOR WILLIAM HENKEL

FROM: BEN ELLIOTT *Be*

SUBJECT: The President's Trip to Europe

This is in response to your request for us to notify you of our needs in Europe.

Similar to the setup in Beijing, it would be very helpful if Speechwriting could have a small office near the staff office and a xerox machine. Due to the sensitivity of our work, the privacy is sort of important. We need a table for WHCA to set up the displaywriter on, another table or desk to work on, adequate lighting for late nights. Also, it would be helpful if WHCA could install phones in our "office" corresponding to those in our rooms (Drop #'s 340 & 341, I believe). I know you have many demands placed on you, and I don't want to make your job more difficult -- I just wanted you to know what would make our job easier.

Thank you for your assistance.

MEMORANDUM FOR WILLIAM HENKEL

FROM: ROBERT M. KIMMITT *Bob*

SUBJECT: Office Arrangements

As we discussed this morning, on future Presidential trips, overseas and domestic, we would like to have the NSC office located adjacent to the Comm Center. Doing so will facilitate our use of classified information and equipment. On overseas trips, we would also request placing the State Department offices in the same area, so that the Marine Guards could help secure NSC, WHCA, and State working areas. Our office should be a room large enough to accommodate three desks, each of which would require a telephone, displaywriter, and GRID computer (if displaywriter does not have PROFS capability) adjacent to the desk.

Individual hotel rooms, I realize, are assigned largely on the basis of protocol. Consistent with protocol, we would like to request that NSC hotel rooms be located near to each other and in some proximity to the NSC office.

Thank you for your assistance.
