

Reagan Library Topic Guide - Iceland

Reagan Library archival staff creates topic guides from textual material currently available for research use. Material cited in the topic guides come mostly from these collections:

[White House Staff and Office Collections](#)

White House Office of Records Management (WHORM) [Subject Files](#)

White House Office of Records Management (WHORM) [Alphabetical Files](#).

The folders and case files listed on these topic guides may still have withdrawn material due to Freedom of Information Act (FOIA) restrictions. Most frequently withdrawn material includes national security classified material, personal privacy issues, protection of the President, etc.

ICELAND

Scope Note: This topic guide material concerns Iceland as a country and its relationship with the United States. It is not about the Reykjavik Summit held in October 1986, however, some records may cover that event.
