OFFICE OF THE GOVERNOR
Sacramento, California
Contact: Paul Beck
445-4571 7.19.67

RELEASE: Immediate

Governor Ronald Reagan announced today he has signed legislation which will relieve California homeowners of a "double jeopardy" threat which has hung over them for years.

The measure was SB 594, was co-authored by Senator Richard J. Dolwig (R-San Mateo) and Assemblyman William Bagley (R-San Rafael).

It adds certain provisions to California's Mechanics' Lien Law to enable homeowners to protect themselves from having to pay twice for the same services performed or for materials furnished in connection with home building or home improvements, such as swimming pool or room addition.

The new law makes it mandatory for both subcontractors and materialsmen to give the homeowner a notice that work has been done or materials furnished for a job. Such notice must be given within 20 days after first going on the job.

Thus, if the homeowner does not pay any bills presented until the expiration of the 20-day period, he can pay his contractor with assurance that no lien will be filed to force him to pay for the same work twice.

Failure to provide the notice prevents the subcontractor or materialman from filing a claim against the property owner.

Prior to passage of the new law, a homeowner would have actually paid his contractor for a job. However, if the contractor failed to pay the subcontractors or materialmen, both could come back at the homeowner and demand a second payment. The homeowner was in double jeopardy.

If he did not pay, he could lose his home. The new mandatory notice alerts the homeowner to the fact that certain subcontractors or or material dealers have been on the job and will be entitled to be paid.

He should then make certain that these bills are paid by the contractor before advancing the contractor money for work already done, or he can pay the subcontractor or material dealer direct and deduct the amount of such payment from that due the contractor.

The legislation was supported by the California Savings and Loan League, the California Bankers and Mortgage Bankers, the Home Builders Council, the California Land Title Assn. and building material dealers and subcontractors associations.

Members of these groups who are involved in construction and its financing will also benefit from this legislation, since a copy of the preliminary notice to property owners also goes to contractors and lenders.

Thus, there should be less controversy in the future about the payment for work done or materials furnished to a job.

To the extent that persons get paid for materials supplied or services performed, and to the extent that liens are not filed which jeopardize the interests of owners and lenders, this legislation will provide a good climate for the construction and financing businesses in California, the Governor said.

RELEASE: Immediate

Sacramento--Governor Ronald Reagan said today he signed assembly bill 910, the gonsalves milk pooling act, "with reluctance."

However, Reagan, who signed the bill Thursday said indications were that most of the state's milk industry either wanted it or was not opposed to it.

He pointed out that the bill has a referendum feature that will allow milk producers to vote as to whether they want it to go into effect.

"If the dairy people want it we will make every effort to see that it is administered in the spirit of our free enterprise system," Reagan said.

He added that the act represents a compromise of several proposals and demonstrates the willingness of California's dairy-men to work together to solve their problems. This is the first time that this type of legislation has been passed by our Legislature.

"Its effect on the operations of California's important milk industry cannot now be fully estimated. I have discussed this legislation with the Director of Agriculture, and he has assured me that the purpose of the milk pooling plan, which he is required by the legislation to develop, will be to ultimately provide equity in the returns to our California dairymen for the milk they produce, thereby maintaining an adequate supply of milk for consumers at fair and reasonable prices.

"He and I recognize that any legislation that attempts to regulate an industry as varied, involved and complex as California's milk industry will require constant surveillance, and very likely will require modification as experience with it unfolds.

"I have signed AB 910 in the hope that it will prove beneficial to milk producers, distributors and consumers," the governor said.

The bill authorizes the board of supervisors to designate any county officer to perform the services of the court trustee. Because the processing of these payments is strictly a financial and accounting procedure, it is better to transfer these functions to the auditor or other county fiscal officer so that the probation officer may devote more effort to his customary duties. RELEASE: SUNDAY A.M.'s

Sacramento--Statement by Governor Ronald Reagan

"I have today vetoed SB No. 539, the so-called ARCOSS bill, which would have provided retirement benefits for out of state service for teachers who finish their teaching careers in California.

"I am sorry to have had to veto this bill because I recognize that many of these teachers get no retirement credit for their out of state teaching time and, as a result, are forced to live on retirement income that is less than the income received by teachers who spend their entire careers in California.

"During the campaign I expressed sympathy for their plight and I promised to see what could be done. And I am still hopeful that we can find a way to eventually remedy this situation.

"But SB No. 539 is not the way. Our best experts tell us that this will cost the state in the foreseeable future around \$800 million dollars. That kind of money is not available.

"Those legislators in both houses who voted for the ARCOSS bill approved a bill calling for increased spending, but they did not provide the money or even tell us where we could get it.

"I would urge those who introduced the bill and who voted for it to get together and work out a responsible bill and find a reasonable way to finance it.

"When they do that I will be glad to reconsider today's action.

"Until they do that, the people of California cannot be asked to take on the additional financial burden the ARCOSS bill would demand. This is especially true in light of the facts that they are already being asked to shoulder the heaviest tax load in the Nation and are also being faced with a 10% increase in their Federal income taxes."

CRIME 8/7 BC 15

ADV FOR PMS WEDNESDAY AUG. 9

(EDITORS NOTE: THE 1967 LEGISLATURE LIBERALIZED CALIFORNIA'S ABORTION LAWS IN ONE OF THE MOST EMOTIONAL DEBATES IN RECENT YEARS. IN THE THIRD OF A FIVE-PART SERIES, THE UPI SACRAMENTO STAFF DISCUSSES THE ABORTION DEBATE AND OTHER CRIME LEGISLATION)

BY TRACY WOOD

SACRAMENTO (UPI)--THE 1967 SESSION OF THE LEGISLATURE LIBERALIZED THE 19TH CENTURY CALIFORNIA ABORTION LAW, ENACTED ~~STRONG~~ GUN CONTROL LEGISLATION AND INCREASED THE PENALTIES FOR CRIMES RANGING FROM RAPE TO DOGNAPPING.

THE OVERHAUL OF THE 106-YEAR-OLD ABORTION LAW WAS THE MOST EMOTIONAL ISSUE FACED BY LEGISLATORS.

THE NEW LAW LEGALIZES ABORTIONS WHEN THE PREGNANCY THREATENS THE PHYSICAL OR MENTAL HEALTH OF THE MOTHER; IN CASES OF STATUTORY RAPE INVOLVING A GIRL UNDER 15; AND WHEN PREGNANCY RESULTED FROM FORCIBLE RAPE OR INCEST. IT GOES INTO EFFECT EARLY IN NOVEMBER.

THE PRESENT CALIFORNIA LAW--WHICH DATES BACK TO 1861--ALLOWS ABORTION ONLY TO SAVE A MOTHER'S LIFE.

SEN. ANTHONY C. BEILENSON, D-BEVERLY HILLS, AUTHOR OF THE LIBERALIZATION BILL, DROPPED A PROVISION WHICH WOULD HAVE ALLOWED ABORTIONS WHEN THERE IS A PROBABILITY THE CHILD WOULD BE BORN MENTALLY OR PHYSICALLY DEFORMED. THE AMENDMENT WAS NEEDED TO MEET THE OBJECTIONS OF GOV. RONALD REAGAN.

DURING THE TENSE HEARINGS ON THE MEASURE, BEILENSON ESTIMATED 100,000 ABORTIONS A YEAR ARE PERFORMED IN CALIFORNIA. PRACTICALLY ALL OF THEM ARE ILLEGAL, HE SAID.

BUT BEILENSON SAID HIS BILL WOULD LEGALIZE ONLY ABOUT 2 PER CENT OF THE OPERATIONS.

OPPONENTS OF THE MEASURE ARGUED THE LEGISLATION WAS IMMORAL AND SAID LAWMAKERS HAD NO RIGHT TO DECIDE WHEN LIFE BEGINS.

CALIFORNIA WAS THE THIRD STATE TO MODERNIZE ITS ABORTION LAW THIS YEAR, FOLLOWING COLORADO AND NORTH CAROLINA.

THE CALIFORNIA LAW HAS NO RESIDENCE REQUIREMENT. WOMEN MAY COME TO THE STATE FROM AREAS WITH TIGHTER LAWS TO OBTAIN ABORTIONS IF THEY WISH.

UNDER THE NEW LAW, ACCREDITED HOSPITALS MAY ESTABLISH ABORTION COMMITTEES OF THREE DOCTORS EACH.

AN ABORTION MAY BE PERFORMED DURING THE FIRST 12 WEEKS OF PREGNANCY WITH THE APPROVAL OF TWO OF THE THREE COMMITTEE MEMBERS. FROM 12 TO 20 WEEKS, UNANIMOUS APPROVAL IS REQUIRED. THE BILL WOULD NOT PERMIT ABORTIONS AFTER 20 WEEKS OF PREGNANCY.

REAGAN WAS SUCCESSFUL IN OBTAINING PASSAGE OF HIS 4-BILL ANTI-CRIME PACKAGE, ALTHOUGH THE MEASURES WERE SOFTENED BY THE LEGISLATURE.

THE PACKAGE SPONSORED BY SEN. GEORGE DEUKMEJIAN, R-LONG BEACH, INCLUDED CREATION OF A 25-MEMBER CALIFORNIA COUNCIL ON CRIMINAL JUSTICE TO COORDINATE LAW ENFORCEMENT ACTIVITIES AND A CRIME TECHNOLOGICAL RESEARCH FOUNDATION TO INVESTIGATE THE SCIENTIFIC WAYS OF PREVENTING CRIME AND APPREHENDING LAWBREAKERS.

THE OTHER BILLS INCREASE TO 15 YEARS TO LIFE IN PRISON THE PENALTY FOR ROBBERY, BURGLARY AND RAPE IN WHICH THE VICTIM IS INJURED. REAGAN HAD ASKED FOR STRAIGHT LIFE PENALTIES IN ALL THREE CASES.

THE PRESENT PENALTY FOR FIRST-DEGREE ROBBERY, BURGLARY AND RAPE IS 5 YEARS TO LIFE.

LAWS PLACING TIGHT RESTRICTIONS ON THE USE OF GUNS ALSO WERE PASSED BY THE LEGISLATURE.

A BILL BY ASSEMBLYMAN DON MULFORD, R-PIEDMONT, MAKES IT ILLEGAL TO CARRY A LOADED GUN IN A CITY OR OTHER AREA WHERE IT IS ILLEGAL TO DISCHARGE THE WEAPON.

IT ALSO PROHIBITS PERSONS FROM TAKING A LOADED GUN INTO THE CAPITOL, THE GOVERNOR'S RESIDENCE, SCHOOLS AND THE HOMES OF THE CONSTITUTIONAL OFFICERS AND MEMBERS OF THE LEGISLATURE.

A GUN CONTROL PACKAGE BY ASSEMBLYMAN W. CRAIG BIDDLE, R-RIVERSIDE, WAS AIMED AT DRIVING PRIVATE ARSENALS OUT OF CALIFORNIA, REGULATING CONCEALED WEAPONS AND RESTRICTING THE MAIL ORDER SALE OF WEAPONS.

IT WAS PASSED IN THE CLOSING DAYS OF THE SESSION.

THE LEGISLATION OUTLAWS THE POSSESSION OF MACHINE GUNS AND MACHINE GUN PARTS AND REQUIRES A STATE PERMIT TO POSSESS BOMBS,

GRENADES, ROCKETS, MISSILES, CANNONS AND SIMILAR DEVICES.

THE LEGISLATURE KILLED ALL MEASURES WHICH WOULD HAVE MODIFIED OR REPEALED THE DEATH PENALTY.

LEGISLATION BY ASSEMBLYMAN ROBERT W. CROWN, D-ALAMEDA, WHICH WOULD HAVE INCREASED THE SALARIES OF POLICE OFFICERS AND REQUIRED LAW ENFORCEMENT AGENCIES TO SUPPLY OFFICERS WITH GUNS AND OTHER EQUIPMENT, ALSO WAS DEFEATED.

MOST LAW ENFORCEMENT OFFICERS NOW MUST BUY THEIR OWN EQUIPMENT.

THE LEGISLATURE ALSO KILLED LEGISLATION BY SEN. LAWRENCE WALSH, D-HUNTINGTON PARK, WHICH WOULD HAVE MADE INCITEMENT OF A RIOT A FELONY.

THE LAWMAKERS REFUSED TO PASS A BILL BY DEUKMEJIAN INTENDED TO GIVE THE POLICE ADDED POWERS IN APPREHENDING PROSTITUTES.

THEY DEFEATED A MEASURE BY ASSEMBLYMAN JOHN J. MILLER, D-BERKELEY, WHICH WOULD HAVE IMPOSED NEW RESTRICTIONS ON CASES OF JUSTIFIABLE HOMICIDE BY POLICEMEN.

BUT THE LEGISLATURE PASSED A BILL PROVIDING \$2.8 MILLION TO IMPROVE THE TRAINING OF POLICE OFFICERS.

LEGISLATION BY ASSEMBLYMAN PETE WILSON, R-SAN DIEGO, MAKING IT A CRIME TO SNIFF GLUE AND EXTENDING THE DRUNKEN DRIVING LAW TO DRIVING WHILE UNDER THE INFLUENCE OF GLUE, WAS APPROVED BY THE LEGISLATURE.

AND THE LAWMAKERS PASSED A MEASURE BY SEN. ROBERT J. LAGOMARSINO, R-OJAI, MAKING IT GRAND THEFT TO STEAL A DOG FOR "COMMERCIAL PURPOSES."

Greetings:

I am returning without my signature Senate Bill No. 436, entitled, "An act to amend Section 291 of the Penal Code, relating to schoolteachers arrested for sex offenses."

This bill requires the sheriff or police chief to notify immediately by telephone the appropriate Superintendent of Schools as to the arrest of a school teacher for a sex offense.

I have already signed SB 968 which includes the provisions of SB 436. If I signed SB 436 at this time, it would chapter out SB 968.

Accordingly, I am returning the bill unsigned.

Senate Bill No. -436 requires the sheriff or police chief to notify immediately by telephone the appropriate superintendent of schools as to the arrest of a schoolteacher for a sex offense.

The Education Code requires that a teacher arrested for a sex offense be removed from the classroom immediately. But the present procedure for notification of arrest, provided in the Penal Code, has created a problem of delays in the transmittal of written notices of arrest.

The Attorney General and Legislative Counsel have no constitutional or legal objections to approval.

The Board of Education of the Santa Ana Unified and Junior College Districts urges approval.

The Department of Education recommends approval.

Senator Schmitz, the author, requests approval.

CHAPTER-----

An act to add Section 19074 to the Business and Professions Code, and to add Section 19032 to Article 1 (commencing with Section 19000), Chapter 3, Division 8 of the Business and Professions Code, as proposed by Senate Bill No. 423, relating to furniture and bedding licenses.

The people of the State of California do enact as follows:

SECTION 1. Section 19074 is added to the Business and Professions Code, to read:

19074. This chapter shall not apply to the sale of any bedding, except mattresses, by a nonprofit religious organization for which no salary or commission is paid to the sales personnel and the sales price is used for charitable purposes.

SEC. 2. Section 19032 is added to Article 1 (commencing with Section 19000), Chapter 3, Division 8 of the Business and Professions Code, as proposed by Senate Bill No. 423, to read:

19032. This chapter shall not apply to the sale of any bedding, except mattresses, by a nonprofit religious organization for which no salary or commission is paid to the sales personnel and the sales price is used for charitable purposes.

SEC. 3. Section 2 of this act shall become operative only if Senate Bill No. 423 is enacted by the Legislature at its 1967 Regular Session and in such case at the same time as Senate Bill No. 423 takes effect at which time Section 1 of this act is repealed.

President of the Senate

Speaker of the Assembly

Approved _____, 1967

Governor

The Honorable Members of the Senate
State of California
Sacramento, California

Greetings:

I am returning without my signature Senate Bill No. 673, "An act to add Section 19074 to the Business and Professions Code, and to add Section 19032 to Article 1 (commencing with Section 19000), Chapter 3, Division 8 of the Business and Professions Code, as proposed by Senate Bill No. 423, relating to furniture and bedding licenses."

SB 673 exempts the sale of any bedding, except mattresses, by a nonprofit religious organization from the requirement that such bedding be sterilized as required under the Furniture and Bedding Inspection Act.

Exempting secondhand bedding from the sterilization requirements of the Furniture and Bedding Act can have adverse public health consequences. Health hazards are the same whether the bedding is sold by a nonprofit organization or a commercial establishment. It appears that the proper solution to the problem would be to lower the bedding inspection fees for such organizations.

Accordingly, I am returning the bill without my signature.

Respectfully,

DONALD REAGAN
Governor

Senate Bill No. 673 exempts the sale of any bedding, except mattresses, by nonprofit religious organizations from the requirement that such bedding be sterilized as required under the Furniture and Bedding Inspection Act.

The Department of Professional and Vocational Standards recommend signature with some reservation concerning the potential health hazards. It would appear to have adverse public health consequences by exempting second hand bedding from sterilization requirement. Public health hazards are the same whether merchandise is sold by religious organizations or in ordinary commercial channels.

The Attorney General and Legislative Counsel have no constitutional or legal objections to approval.

Senator Cologne, the author, requests approval.

RECOMMENDATION: VETO.

CHAPTER-----

*An act to add Section 25 to the Business and Professions Code,
relating to disciplinary action against licentiates.*

The people of the State of California do enact as follows:

SECTION 1. Section 25 is added to the Business and Professions Code, to read:

25. Whenever any licentiate, his agent, or employee is prosecuted for a public offense defined in this code and is found not guilty thereof, no proceeding to inflict any disciplinary action upon the licentiate, including, but not limited to, the suspension or revocation of his license, or other such authority, based on the same charge or charges alleged in the criminal action against said licentiate, his agent, or employee, shall be commenced or maintained by the board or other agency issuing the license or other authority.

This section does not apply to any person licensed as a dentist pursuant to Chapter 4 (commencing with Section 1600) of Division 2, as a physician and surgeon pursuant to Chapter 5 (commencing with Section 2000) of Division 2, as a veterinarian pursuant to Chapter 11 (commencing with Section 4800) of Division 2, or as an attorney pursuant to Chapter 4 (commencing with Section 6000) of Division 3.

The Honorable Members of the Senate
State Capitol

Greetings:

I am returning without my signature Senate Bill No. 95, entitled, "An act to add Section 25 to the Business and Professions Code, relating to disciplinary action against licentiate."

This bill provides that whenever a person holding a license from the State is prosecuted for a public offense defined in the Business and Professions Code, and is found not guilty, no disciplinary action can be taken against the licensee based on the same charges alleged in the criminal complaint. The bill exempts from its provisions licensed dentists, physicians and surgeons, veterinarians and attorneys.

This bill constitutes a radical departure from the long-standing law of this State which has recognized the essential difference between criminal proceedings and administrative disciplinary actions against licensees under administrative proceedings.

Criminal proceedings have as their goal punishment of the individual for his wrongdoing against the people of the State. Evidence of guilt in a criminal case must be proven "beyond a reasonable doubt" and "to a moral certainty." Administrative disciplinary action on the other hand is not directed against the individual but rather against his license. A license, in the first instance, is a privilege granted conditionally to engage in a specific activity. The burden of proof in such a proceeding is a "preponderance of the evidence" which is the civil law burden of proof. Although evidence in a particular case may not be sufficient to warrant conviction in a criminal proceeding, it may well justify discipline against the licensee.

Accordingly, I am returning the bill unsigned.

Respectfully,

RONALD REAGAN

Senate Bill No. 95 provides that whenever any licensee, his agent, or his employee is prosecuted for a public offense defined in the Business and Professions Code and is found not guilty, no proceeding to inflict any disciplinary action upon the licensee, based on the same charge alleged in the criminal complaint, shall be commenced or maintained by the board or agency issuing the license or other such authority. The bill excludes from its provisions dentists licensed pursuant to the Dental Practice Act, physicians and surgeons licensed pursuant to the State Medical Practice Act and veterinarians licensed pursuant to the State Bar Act from provision.

and Attorney
The Attorney General and Legislative Counsel have no constitutional or legal objections to approval.

The California Retail Liquor Dealers Institute urges that the bill be approved. The Retail Liquor Dealers assert that the present law permits licensees to be treated in a harsh and unreasonable manner.

Several letters and telegrams have been received which urge that the bill be signed.

The Transportation Agency and the Department of Alcoholic Beverage Control and the Division of Corporations urge veto.

Ed Meese urges that the bill be vetoed.

The League of California Cities urges veto.

The Attorney General recommends that the bill be vetoed. The bill proposes a radical departure from the longstanding law of this State which has recognized a difference between criminal proceedings and administrative disciplinary actions against licensees of the State. This departure may weaken the protection to the public afforded by the State licensing statutes.

Criminal proceedings have as their goal direct punishment of the individual for his wrongdoing against the people of the State. Conviction may affect the liberty of the accused and the criminal record can follow him into every facet of his life. Thus it is required that evidence of guilt be proven "beyond a reasonable doubt" and to "a moral certainty."

Administrative disciplinary action is not directed, as such, against an individual, but rather is against his license. A license, in the first instance, is a privilege granted conditionally by a governmental agency to engage in a specific activity.

In connection with licenses issued by the Department of Alcoholic Beverage Control, this bill would limit the authority of the Department to suspend or revoke a license in some cases. Since the California Constitution places authority in the Department to discipline licensees, a serious question arises as to whether this bill conflicts with such constitutional provisions (art. XX, §22, Const.).

Finally, certain licentiates, such as dentists, doctors, lawyers, veterinarians, are specifically excluded from the provisions of this bill. In other words, a chiropractor, architect, engineer, nurse, contractor, etc., may not be disciplined after a not guilty criminal trial, but a dentist, doctor, lawyer, or veterinarian may be so disciplined. It is likely that doctors, lawyers, dentists and veterinarians excepted from the provisions of this bill will raise additional constitutional questions by arguing that they have been unfairly discriminated against and that the law violates the equal protection guarantees of both the Federal and California Constitutions.

Senator Carrell, the author, requests approval.

(b) Has received an engineering degree from an accredited college or university located in the United States.

(c) Has one of the following:

(1) Holds a valid registration in California in another branch of engineering; for at least five years has taught engineering courses at college or university level, including courses concerned with the atomic and molecular structures of metals, alloys, semiconductors, insulators, and other materials; is presently a professor of engineering in a California state college and a senior instructor in nuclear power engineering at a U.S. naval officers' school; has done research in aspects of metallurgical engineering such as the strength of metals and materials, structures, weights, thermal properties, reactions, forming processes, and fabricating.

(2) Has had at least 10 years' experience in a position requiring a knowledge of the various furnaces used in metallurgical processes, including such factors as emissions from the metallurgical industry operations that may be generated from metal melting, refining and pouring, molding, core baking, grinding, polishing, fabricating, plating and heat treating. Has directed programs that include technical studies calling for the collection of data and extensive knowledge of a wide field of metallurgical and filtering equipment varying from high velocity multijet scrubbers to an evaporative cooler, to complex furnaces; every type and design of metallurgical equipment in use today is thoroughly studied, necessitating a knowledge of metallurgy in its most basic form; these include such furnaces and operations as aluminum chlorination, aluminum melting crucible furnaces, aluminum reverberatory furnaces, aluminum

The Honorable Members of the Senate
State of California
Sacramento, California

Greetings:

I am returning without my signature Senate Bill No. 1344, "An act to add Section 5768 to the Business and Professions Code, relating to engineering."

This measure requires the State Board of Registration for Civil and Professional Engineers to register without examination in metallurgical engineering any applicant who applies prior to June 30, 1966, and who meets specified qualifications.

Legislation enacted in 1965 added metallurgical engineering to the categories of engineering subject to registration by the Board of Registration for Civil and Professional Engineers. It provided that persons who applied prior to June 30, 1966, and who met qualifications prescribed by the Board could obtain registration without examination. I understand that two individuals filed timely applications but were denied registration without examination on the ground that they did not possess the required experience in metallurgical engineering.

It is not in the intent of orderly and equitable administration of the engineer registration program to selectively lower standards as was done in this case. If an applicant feels that the Board of Registration has made a mistake in evaluating his engineering background, he can request a hearing under the Administrative Procedures Act. If there is an adverse ruling, an appeal can be made to the courts.

Accordingly, I am returning this bill unsigned.

Senate Bill No. 1344 requires the State Board of Registration for Civil and Professional Engineers to register without examination in metallurgical engineering any applicant who applies prior to June 30, 1966, and who meets specified qualifications.

The Legislative Counsel has no constitutional or legal objections to approval.

The Attorney General points out that the bill is to enable two specific individuals to become registered without examination as metallurgical engineers. It is our understanding that the Board of Registration for Civil and Professional Engineers previously refused to grant registration to these two individuals having determined that they did not meet the requirements of the Civil and Professional Engineer Act.

Article IV, section 16 of the California Constitution provides that a local or specific statute is invalid in any case if a general statute can be made applicable. Although phrased in general terms, this statute is subject to the claim that it is special legislation.

The California Council of Civil Engineers and Land Surveyors urge veto.

The Department of P & V Standards recommends signature with some reservation. The Board of Registration for Civil and Professional Engineers requests veto.

Senators Song and Burns, the author, requests approval. They point out that the measure is intended to accommodate two persons only - one a close friend of Senator Song, the other a close friend of Senator Burns.
