BY KML NARA DATE 1/11/12

SUBJECT: Implementation of NSDD-207

Attached at Tab I is a memo from you to the President forwarding a status report (Tab A) of the counterterrorism actions directed in NSDD-207, "National Program for Combatting Terrorism." This will constitute the report to the President by you as directed in the NSDD-207. Your memo also requests that he approve the NSC meeting scheduled for August 5, 1986 at 11:00 a.m. to discuss the progress of specific actions.

Several of the action items required by NSDD-207 have yet to be fully implemented for a variety of reasons. To ensure continuity with the effort begun by the Vice President's Task Force last July, we propose to ask Admiral Holloway to conduct an audit of the efforts to date. Based on conversations with him, he is prepared to perform this function if you agree it is useful. We envision approximately a week's worth of work by ADM Holloway, as an NSC consultant, to prepare a report for the NSC meeting on August 5. In this manner, we would have an action-forcing event and complete to everyone's satisfaction the work of the Vice President's Task Force.

Don Gregg concurs.

ACTION

MEMORANDUM FOR THE PRESIDENT

FROM: JOHN M. POINDEXTER

SUBJECT: Implementation of NSDD-207

Issue

Has NSDD-207, "National Program for Combatting Terrorism," been adequately implemented?

Background

On January 20, 1986 you signed NSDD-207, "National Program for Combatting Terrorism," which directed implementation of the 44 recommendations of the Vice President's Task Force on Combatting Terrorism. NSDD-207 required that I report progress on the implementation of the directive to you by July 1, 1986. The progress report is attached at Tab A.

Summary of Results

Implementation progress has been mixed: We have made enormous progress in some areas (25%), steady but as yet incomplete progress in most areas (60%), and rather little progress in other areas (15%). Our unilateral military action against Libya on April 15 has not only decreased terrorism at the source by putting state sponsors on notice, but it has served as a catalyst for improved international cooperation against terrorism. The Tokyo Summit Declaration on Terrorism would not have been possible without our patient efforts over the previous months to improve sharing of intelligence on terrorism and to take multilateral political and economic actions against Libya. Yet, there are some tough areas in which more progress needs to be made. These include: a policy framework for counterterrorism (CT) decisionmaking, deployment of military CT forces, public diplomacy organization, government-media relations, the Freedom of Information Act, U.S. passport and travel documentation policies, dignitary protection, deportation of aliens, and

private sector activities that aid/abet terrorism. A National Security Council meeting has been scheduled for August 5 to review progress on NSDD-207 and stimulate interagency action on the tough issues.

Recommendation
