Dear Mr. Davis:

My Mother had told me you were going to write about your family project. I'm glad you did. You are certainly a beautiful group of young people and your record is delightful.

I have passed on the packet to the President as you requested. However, as I am sure you understand, the President's schedule is such that there is very little time for the "fun things" I know he would like to pursue.

I have taken the liberty of sending a copy of your letter to me along to the Scheduling people so that you are at least in the process.

Good luck to you.

Sincerely,

Dear Dick:

I am sorry it took so long to get back to you regarding the legislation you were supporting.

These companion bills deal with the "polygroup" oil and gas leases in the Santa Barbara Channel. In some quarters, they are seen as a bail-out for the energy companies who gambled on these leases and did not do so well.

In the last Congress, similar legislation ran into the opposition of the chairman of the jurisdictional subcommittee* of the Senate Energy Committee, Dale Bumpers. This time, the Republican Chairman is Lowell Weicker, who is also unfriendly to the bill. (*Energy Conservation)

Congressional staff do not expect any action, even hearings, on the bills in the near future. Senator Weicker's major interest in his subcommittee concerns the Georges Banks, off the coast of New England. Not until that separate issue is settled, perhaps to his satisfaction, is he likely to allow S. 506 to advance.

There are probably sufficient votes in the Energy Committee to report the bill to the Senate floor. But Bumpers' continuing opposition would make it a long, dragged out affair; and there just doesn't seem to be that much enthusiasm among the bill's supporters to hurry it along.

The House is reported to be in no hurry either, waiting to see if the Senate does anything with S. 506, even though the House did pass an earlier version of H.R. 1946 last year. In the Administration, Interior is reported to be divided in its reaction. That disagreement has delayed an Interior response to Congress concerning the merits of the bills. While it is premature to say what the Department's final recommendation will be, Interior is unlikely to be enthusiastic about the bill.

Hope this is of some help to you. Let me know if you need any other information.

Dear Michael,

The Monday afternoon following the Gridiron Dinner,
I was just beginning to write you a note, when all hell
broke loose up there at the Washington Hilton. It was
Godawful, but thank goodness it was only a close shave
for you.

Anyhow, this is to send belated thanks, on my own
behalf and that of Gridiron President Ed O'Brien, for
coming. Hope you enjoyed it.

I knew you would enjoy receiving the enclosed time magazine article and the photo of Bill and my family skiing. I know you must miss California. I have duplicates so don't return this.

No doubt you were shot at, and all were very fortunate. I'm sure I would have been leaving Washington the same day. Mike, all your friends here are very proud of you, and your name comes up alot.

I attended an initiation for 11 Delta Sigma Phi Pledges for Gamma Epsilon, San Jose. They hope to have another initiation before summer.

I know your very busy, so please don't reply.

Dear Dr. Heimlich:

Thanks for your very interesting letter of April 20th and the Edumed posters. I have taken the liberty of sending a copy of your letter to Dr. Ruge, the President's personal physician, so that he may answer the more scientific questions; and I am returning herewith the Heimlich Maneuver Report.

The one recollection of the incident that may be of interest to you is that I was too timid on my first attempt and the second time when I really let him have it - out popped the peanut.

I am very sorry that my schedule cannot include a visit to the Capitol April 30th, because I would appreciate meeting you.

I'm very sure Ronald Reagan is grateful for your fine work and research.

Many thanks.

Dear Mike:

As you know, I am interested in the position of General Counsel at Synfuels Corp. Now that Ed Noble has been named as Chairman, I wanted to confirm to you my continued interest in the position and to seek your support.

As Counsel to a \$3 billion company, working closely with our Board of Directors and having specialized in financing, I believe I am well qualified for the position. You know of my desire to be a part of the team and to carry on what we started during the campaign period.

Any help you can provide would be greatly appreciated.

Best personal regards.

Sincerely,

Michael A. McManus, Jr.

P. S. Thank God for your fast feet and quick reactions in ducking behind that limo!
