Dear Lyn:

Just a note to tell you we've run your request by the legal people and they feel the President shouldn't get involved in any matter affecting professional football at this time. In regard to the particular legislation relating to the Oakland Raiders, that's a no-win for the President. It's a non-public contract dispute of the sort that should not be the subject of legislation, let alone the subject of the President's comments.

I am returning the letter Joe sent to you, since it contains references to other business arrangements between you. I have not made a copy of it.

Sincerely,

FROM: Lyn Nofziger

*J.F.
for comments*

Joe Rodgers wants to get Pete Roselle in to see the President. I think that's alright, but I'm totally opposed to the bill which the NFL wants passed so that they can send the Raiders back to Oakland. I think they're asking Congress to interfere in something that's none of their business, and frankly, I've told Joe that. And I also do not think that the President should get involved in that kind of thing.

However, if Joe wants to get Roselle in to see the President, I think we owe him a little.

Thank you for your consideration.

MEMORANDUM FOR MICHAEL K. DEEVER

FROM: FRED F. FIELDING *[Signature]*

SUBJECT: Pete Roselle Meeting with the President

I do not feel that the President should become involved in any matter affecting professional football at this time. In regard to the particular legislation relating to the Oakland Raiders, that is a no-win for the President -- it is a non-public contract dispute of the sort that should not be the subject of legislation, let alone the subject of the President's comments.

If and when the strike is settled, you may want to consider having Roselle and others in for a meeting, but that is obviously not what Joe Rodgers is after.

*As a footnote, I think that Lyn should not have sent you a copy of Joe Rodgers' letter to him, as it contains references to other business arrangements between them. I recommend that you return it to Lyn rather than have it become part of our official records, where it does not belong.

Dear Mike:

Rosemary and I regret that your busy schedule and the demands of my indoctrination courses at state kept us from visiting with Caroline and you while we were in Washington.

We are now leaving for Botswana and can hardly do that without thanking you for the appointment to what we believe will be a very interesting post. We both approach the assignment with great interest and a sincere dedication to the principles of the president.

Thank you again Mike, and let me know if there is any special thing we can do for you while we are in Southern Africa.

Dear Mr. Deans,

Am enclosing a copy of my Ad in our local newspaper supporting Republican candidates and opposing Democratic candidates who promote the nuclear freeze.

Next to labelling Democrats as big spenders the second issue which makes the Democrats ^{vulnerable} is the nuclear freeze which means surrender and threatens Soviet blackmail of the U.S.

Thought this might be helpful where Democratic candidates use the issue of the nuclear freeze

Dear Mr. Frederick:

Thank you for your letter to Mr. Deaver inviting him to enroll in The Hunger Project. He appreciates your invitation and regrets that this must be a disappointing reply. However, because of the great number of similar requests, it is not possible to oblige them all. He believes it is unfair to accept a few for preferential treatment while excluding others.

Your interest is appreciated, and we know you will understand.

Dear Mr. Deaver -

I know that as advisor to President Reagan you are involved in numerous issues day after day. I would like to call your attention to the issue of world hunger. More people have died as a consequence of hunger in the past five years than have been killed in all the ~~was~~ wars, revolutions and murders in the past 150 years. Twenty-eight human beings, twenty-one of them children, die as a consequence of hunger every minute of every hour of ~~so~~ every day. This devastation is equivalent to a Hiroshima every three days.

I invite you to enroll in The Hunger Project and in The Hunger Project Financial Family. The purpose of the Hunger Project is to generate the will to eliminate hunger and starvation on this planet by 1997. Come and join us.

Yours,

Dear Michael,

I enjoyed being in your presence at dinner, October 25th.

Being a fan of the Executive Branch of our government, I am aware of your important and difficult position therein. You are a great asset to President Reagan.

Fran and I were honored to be invited. She is recuperating faster from her auto accident after being so close to the President.

I hope we meet again.

Chris

Dear Mike,

We, the American citizen, often write to complain; but rarely write to praise. Let this be a letter of praise.

Thank you for coming to the Desert High School reunion last summer. Your words were appreciated. Your actions admired. You may not realize how comforting it is to realize that our advisors of the highest level keep in touch with their roots. I felt especially good when you took the effort to come to our table to give Pat (Gentz) special words of encouragement. It took a great deal of persuasion from myself and others to get her to come to the reunion. She is self-conscious of her limitations after her accident. I think your words may have helped convince her she is winning her battle.

I've felt that Desert High School gave us an exceptional foundation. I was able to complete college after a break in education of nearly twenty years. And your accomplishments certainly confirm it.

My husband, Arlen, and I will be in Washington, D.C. between November 14 and November 19, 1982. If you can possibly work it into your schedule, we would like to take you and your wife to dinner. If it's possible, please call me at the Capitol Hill Hotel (543-6000) so we can make arrangements.

I know that I'm from Boron, but that doesn't mean that I didn't vote for Charles Bellatti and you for student body presidents... after all, I was born in Mojave!

Thanks again, and I hope to hear from you.

Sincerely,

Dear Joe:

Many thanks for letting me know about the REACH program. I can assure you that the merits of the program were thoroughly considered by the Department of Labor, but their limited resources did not permit funding beyond December, 1982.

As you are probably aware, the REACH program was part of a three-year Department of Labor demonstration project. The Department usually funds such demonstration projects with the idea that the projects will have to seek other resources once the initial grant expires.

Thanks again for your comments.

Dear Mike:

At the request of our local YWCA, I am writing to ask consideration for the continuation of funding for their program called Rural Job-Readiness and Placement Service (REACH). The attached information will show you the tremendous job this program is accomplishing. I am convinced this is a program that helps others to help themselves. It is not a "giveaway". I also realize we must balance our budget. I do, however, ask that this program be given very thorough consideration as one that should be continued.

Thanks in advance for passing this on to the appropriate people.

Sincerely,

You have asked for advice on whether it is permissible for you to accept the invitation of Mr. Jerry D. Jones, Vice President of Keystone, Colorado, to you and your family to be the guests of Keystone, Colorado for a ski vacation this winter. The apparent purpose of Jones' invitation is to demonstrate to you the facilities available at Keystone in the hope that it will be chosen as a location for a future Presidential summit meeting.

Unfortunately the Standards of Conduct for White House Staff prohibit a staff member from accepting any gift, gratuity, favor, entertainment, loan or any other thing of monetary value from a person who has, or is seeking to obtain, contractual or other business or financial relations with your agency. 3 C.F.R. § 100.735-14.
