*It is with great pride that we honor the Members of Congress whose dedication to the principles of the 1980 Republican Platform and whose support of President Ronald Reagan's legislative agenda has launched the United States on the road to economic recovery.*

*In the wake of relentless opposition from liberals who would continue the disastrous policies of past administrations, these Members of Congress have fought to restore conservative leadership to government. Indeed, the future of our nation would be in serious jeopardy without their commitment.*

*NCPLC has formed a special fund to assist these Congressmen in their re-election campaigns as well as to elect more representatives in 1984 who will further the cause of freedom.*

*We cordially invite you to join us for this historic gathering and request your support of this special fund.*
