November 30, 1983

Honorable Michael K. Deaver
Deputy Chief of Staff
White House
Washington, D.C. 20505

Dear Mike:

Much to my surprise, Gus Hawkins, Merv Dymally and Julian Dixon (all three) called me the other day to tell me that the Democratic Delegation in Congress would like me to be their candidate to replace the incumbent Secretary of the Smithsonian Institute when he retires in September of 1984. In the meantime, a half dozen Republicans have called me regarding the same situation.

If I become a candidate (and I am seriously considering it) and especially if I am considered to be a leading candidate, the very nature of the candidacy will be of assistance to the California Museum of Science and Industry where I am now winding up our basic plans and our \$43 million fundraising project for a renaissance of this Museum which as you know will include five new buildings (four times our present exhibit space), building the second largest Air and Space Complex -- next to Smithsonian -- in the United States, and replacing every existing exhibit but two with new high tech exhibits which will sharply focus on the accomplishment of and need for mathematics, science and the ability to write.

For your information, I appreciate very deeply your support and your thoughts relative to my ability to perform in the Secretary's role in such a manner that the Smithsonian can move ahead as it should. You are indeed most kind and I will always remember not only our friendship but the fact that you have that much confidence in me.

For your information, I am enclosing herewith a copy of my updated Vita and a fundraising brochure from the Museum of Science and Industry as well as several news stories related to the renaissance of the Museum.

From: Karen Munro

I am visiting Maryann Urban this week from Washington State, and had hoped to have a chance to say hello to you. I appreciated your assistance while the Queen was in Seattle, so that I was able to say hello to Mike Deaver.

At this time my name is in nomination for appointment as a member of the National Council for the Humanities. I have just met with Barbara McQuinn, who is working on these appointments for John Herrington.

If you think it would be appropriate, I would very much appreciate your mentioning to Mr. Deaver my interest in this position. I am enclosing some information on my background relating to the position.

Thank you very much for any help you might provide. I hope you had a successful trip to China! Do let us know if my husband or I can ever be of help to you in Washington State.

The following are significant points about Karen Hanson Munro's nomination to the National Council of the National Endowment for the Humanities:

Political Background

Karen Munro has worked in numerous Republican political campaigns since 1966, when she was a staff member of the Northern California Reagan for Governor campaign. She was a member of Governor Reagan's staff from 1967 - 68 and she worked with Lyn Nofziger both in California and in Washington, D.C. After returning to Washington State, she continued to work in various Republican campaigns. In 1980 her husband, Ralph Munro, was elected Washington's Republican Secretary of State. In addition to his own campaign, they both took part in the statewide campaign for President Reagan.

Humanities Background

Karen Munro has been an active participant in state and national programs of the National Endowment for the Humanities for the past eleven years. She has served on the Board of Trustees of the Washington Commission for the Humanities (the state program of the National Endowment for the Humanities) since 1978, first for an elected term and currently as an appointee of Governor John Spellman. She was elected to the Board of Directors of the National Federation of State Humanities Councils in 1982. She also was elected President of the Washington Commission in 1980 and 1981.

Karen Munro has worked with several divisions of the National Endowment for the Humanities. In 1976 she was a panelist for the Museums and Historical Organizations division. In 1981 she testified before the Presidential Task Force on the Arts and Humanities.

Karen Munro was an honors graduate in history from the University of Washington, where she also received a secondary teaching credential, in 1965. She was assistant to the director during the formation of the Washington Commission for the Humanities in 1973, and helped shape that program for the next three and one-half years. She left the staff when she and Ralph moved from Olympia to Bainbridge Island.

Recently, she has played an active role in helping to increase the Washington Commission for the Humanities' private fundraising efforts. She is Treasurer of the newly formed Friends of the Washington Commission for the Humanities. Last spring she served as chairperson for the successful 10th Anniversary of the Commission, when over 1000 persons attended public humanities events in Seattle and Spokane.

Business Background

Karen Munro is Vice President of Northwest Highlands, Inc., a tree farm in southwest Washington. She also is on the Board of Directors of Carl Magnus, Inc., a family corporation with timber holdings in Pacific County, Washington.

Dear Sir:

I am writing for and on behalf of one **George Nester-
terczuk who is seeking an appointment as Assistant
Secretary for Trade Administration.**

I understand that he has the necessary qualifica-
tions in order to do a great job for our country.

He, at the present time, is holding a position of
Associate Director of the Office of Personnel Manage-
ment.

We are supporting him because he is a member of
the ethnic community, namely, the Ukrainians. It is of
utmost importance that a man of such high caliber would
be given preference in seeking this appointment. Any
consideration will be appreciated.

Very truly yours,

A. Mazewski

Dear Mike:

Knowing that you have a major input on all top level positions, may I strongly recommend Ms. Neal Peden for Treasurer of the United States, if that position becomes open. Rumor has it that there will soon be a vacancy.

Neal, as you may recall, worked with Bay Buchanan during the primary and general campaigns, and then I asked her to become my Assistant during the transition.

She was officially entitled Comptroller, and so skillfully handled the disbursement and accounting for funds, that we ended up under budget and without a single exception in the completed audit.

She would be an outstanding Treasurer and one of whom this Administration could be justifiably proud.

Sincerely,

Verne Orr

Dear Mike:

Senator Paul Laxalt and Frank Fahrenkopf asked that I personally write to you regarding my desire to be considered for the position of Treasurer of the United States. Both Paul and Frank have indicated that they will be speaking to you very soon in my behalf.

Although this position is not presently vacant, I am requesting that I be given consideration to replace the current Treasurer when she steps down.

My resume has been on file with President Personnel relative to an opening occurring at Treasury. I know you are aware of my qualifications and my long-time association with the '76 and '80 Reagan Campaigns.

I very much want to serve the President and his Administration in an active role.

Mike, thanks for your consideration and I look forward to hearing from you.

Sincerely,

Paul Pecken
