Dear Mike:

Despite all the correspondence back and forth, you and I have really not had a chance to sit down and chat about your new job. I am looking forward to that time and want you to know in the interim that Loraine and I are both so very pleased for you and Carolyn.

I have been in contact with Bill Smith regarding the possibility of Judge Ronald George's appointment as Solicitor General.

I know that you will remember Ron and the good work he did in the California Attorney General's Office, particularly in connection with the death penalty.

Ron has been an outstanding Municipal and Superior Court judge and, frankly, despite the fact that he is my friend and close to many others, believe that he would be the best Solicitor General available.

His experience is ideal as he has argued six times before the Court and many many times before the California Supreme Court. The job requires a person like Ron George and I will certainly appreciate anything you can do towards helping him along.

I hope to see you soon.

Kindest personal regards.

Sincerely,

SHELDON H. SLOAN

Dear Brother Deaver:

This letter is sent to you for two reasons, both of which are associated with the Delta Sigma Phi Fraternity. First I want to convey some great news about the rechartering of your former chapter Gamma Epsilon at San Jose State. Second is to ask your advice, as a Fraternity Brother, regarding applying for certain positions in the Reagan Administration.

As you may have heard, at the Delta Sig Alumni Dinner in December, there was an effort being mounted to restart the Gamma Epsilon Chapter. As District Governor for Northern California, I have the pleasure to inform you that there are six new Gamma Epsilon pledges and that Delta Sigma Phi is back at San Jose State. I hope you will be able to meet these new members of our Fraternity when you return to California.

Your advice would be appreciated regarding a position in Reagan's Administration because you are the most reliable source of information based on your present position and our mutual ties to Delta Sigma Phi. I am most interested in an intergovernmental or Congressional relations position with the Department of Defense, HUD or HHS, at a GS 14 level or above. My location preference is in the San Francisco region where I am presently employed with the Federal Government. I do, however, have mobility.

I have worked in California Republican Politics, working as Scheduling Coordinator for Evelle Younger during his successful Primary Gubernatorial campaign in 1978. I was selected shortly after Younger's victory as a Presidential Management Intern. At this time I am a GS 12 Management Analyst in the Regional Administrators office of the Health Care Financing Administration in San Francisco.

I hope you will have the opportunity to review my attached resume and advise me on how I might best proceed.

Dear Mike,
Congratulations on your appointment
and all good wishes.
We sent this around to Transition
members. My talent and desire is in helping
business. I raised over \$3 Million for the inauguration.

I would like to submit my name for the position of
Deputy or Special Assistant to the President for Business
Liaison at the level of Senior Executive Service 6 non-career,
as I understand after 3 years an SES6 can apply for career
status. An alternative choice would be assistant U.S. Trade
Representative for Business and Industry Liaison.

For the last year and 3 months I have worked as Vice
Chairman-Finance for Reagan for President and now as Vice
Chairman, Presidential Inaugural National Finance Committee
on a volunteer basis since April.

Through past associations as covered in the attached
resume, and always I have had an interest and been involved
in the free enterprise system. I feel strongly that it must
be supported and encouraged even in these difficult domestic
and international times. I am sure this is a priority for
the Reagan administration and would like to play an active
role.

Your backing will be deeply appreciated.

Can you help?

Best wishes for a very happy New Year.

Sincerely,

Eleanor

RE: William J. Sharman

Dear Mr. Deaver:

Congratulations on your success, current and over the years since we last talked, and specifically on your appointment as President Reagan's Deputy Chief of Staff. It has taken long enough to get all of you there, and please accept my best wishes for continued and even greater success during at least the next four years.

It would be fun someday to sit down with some of the people we used to know - Win Adams, Betsy Brumfield, Margaret Leete, etc - and discuss the ups and downs since 1967. Maybe someday, that will occur.

However, at this time I would like to bring to your attention an individual by the name of William J. Sharman. A copy of his resume is enclosed for your information. As you can see Mr. Sharman is a superior individual who will soon complete his first year at the Harvard Business School. When he receives his M.B.A. from Harvard next year he is interested in working in Washington in the Office of the President, Secretary of Defense or related areas.

If there will be any summer jobs open this year in the White House or Defense Department for graduate students such as Mr. Sharman, I know he would be interested in applying for them. I strongly recommend him to you and to the Reagan Administration.

If you have any questions regarding him, please contact me.

Good luck, Mike, and keep up the good work.

Sincerely yours,

RM

Dear Mr. Deaver:

I wish to take this opportunity to welcome you and your family to Washington. Although you do not know me, you do know my sister, Bea Little (Sacramento). When Bea told me that you would be moving here, I wanted to extend our hospitality to you. Having lived here for the past 15 years, there are many suggestions which I would make to you which may make your stay here more enjoyable...especially for your children. I understand that one of your girls is close in age to our youngest (11). It would be our pleasure to acquaint you with some of the off-the-beaten path attractions of the area. Please feel free to call us.

The second reason for contacting you is to offer my services to the Reagan Administration. My resume has been filed with Mr. James at the Transition Headquarters and is under consideration, but I felt that perhaps you might be aware of some specific opportunities in which I may help.

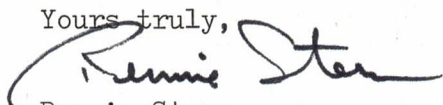

I have a degree in Education and have practical background in business administration plus a strong aptitude for writing and working with people. Of particular concern to me are the areas of education and human relations with special emphasis on women and aging.

Although I am aware of the Administration's goal of alleviating unnecessary expenditures, I feel that thorough study and practical solutions can be made without exceeding budget limitations. It is my conviction that much can be done for and by these particular groups without tremendous financial outlay by revision of current practices into more productive channels with more direct results. Visible concern for these groups would also result in broader support for Mr. Reagan's Administration.

Having worked for the government as a consultant in the past as well as having experience in the private sector, I feel that I have gained much insight into the strengths and weaknesses of both. I am a dedicated worker with a strong conviction that a hard day's work can produce results.

It is with this in mind that I offer my services to the Reagan Administration and ask for your assistance in this endeavor.

Yours truly,

Rennie Stern

HUMAN EVENTS

The National Conservative Weekly

January 23, 1981

Mr. Mike Deaver
The White House
Washington, D.C. 20500

Dear Mike:

Enclosed is President Reagan's copy of this week's HUMAN EVENTS, plus several other copies that you can distribute to other members of the staff if they are interested.

We have entered a complimentary subscription for the President which should begin with next week's issue. At the same time, we have put his own paid subscription on a suspension status since I figured he did not want copies piling up at San Onofre Drive. When he goes back to California in eight years we can then resume sending the unfulfilled balance of this subscription.

I don't know how you people want to handle HUMAN EVENTS subscriptions for the White House, but I'll tell you what was done in the Nixon and Ford administrations. They each entered a bulk subscription order for 15 copies to be delivered to the Executive Office of the President. At our present group rates such a subscription would cost \$330 a year. If you are interested in placing such an order, it should be addressed to Mrs. Patricia Wasson, Manager of Subscriber Services.

As you can tell from this week's issue, we think things appear to be going very well, certainly a lot better than when we met at Blair House.

Cordially,

A handwritten signature in blue ink that reads "Tom".

Dear Don:

Please pardon my very delayed response to your letter letting me know of your desire to serve as a "Public Delegate" on the United Nations Delegation. With being laid up in the hospital for much of December with a bad case of pneumonia, followed by the Inaugural activities earlier this month, I am only now getting to things that should have been done long ago.

Don, I will be happy to submit your request to Ron; in fact, I will see to it that it is personally delivered to our new President. You would make an excellent envoy of these United States.

My assistant tells me that there are five "Public Delegate" positions with the U. N. Delegation. Two of these are filled by Congressmen, and the remaining three are open to the public. The terms begin in September, so the State Department does not begin filling them until June. However, I will not delay, but will personally relay your message to the President just as soon as I possibly can.

Thank you for your patience and understanding. I trust this letter finds you well and enjoying the new year.

Sincerely,

Holmes Tuttle

Dear Elizabeth,

Here's an idea you might like to consider.

I could fill an opening that exists right now at the Export Import Bank so that I could start now on detail to the White House and could come with my own secretarial support at no cost to the White House.

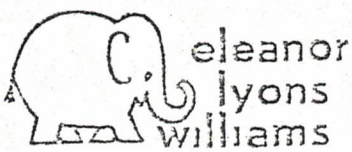

I could help you by beginning recovery work with business leaders who may not have had every attention they expected at the Inauguration and by contacting other friends in the business community who gave great support in the Presidential campaign and Inauguration, expressing appreciation for their efforts and interest in their concerns about the economy, etc.

Does this appeal to you? If so, I believe it can be arranged instantly.

Sincerely,

Eleanor

I would like to submit my name for the position of Deputy or Special Assistant to the President for Business Liaison at the level of Senior Executive Service 6 non-career, as I understand after 3 years an SES6 can apply for career status. An alternative choice would be assistant U.S. Trade Representative for Business and Industry Liaison.

For the last year and 3 months I have worked as Vice Chairman-Finance for Reagan for President and now as Vice Chairman, Presidential Inaugural National Finance Committee on a volunteer basis since April.

Through past associations as covered in the attached resume, and always I have had an interest and been involved in the free enterprise system. I feel strongly that it must be supported and encouraged even in these difficult domestic and international times. I am sure this is a priority for the Reagan administration and would like to play an active role.

Your backing will be deeply appreciated.

Best wishes for a very happy New Year.

Sincerely,

Eleanor Lyons Williams

Dear Holmes:

For your careful consideration, I would like to bring to your attention the name of Carl Olson, for a staff position with the Reagan Administration's Office of Management and Budget. He possesses not only the professional financial background, but also has repeatedly demonstrated his political desire to reduce the Federal bureaucracy, budget, and burden on the American people.

As you can see by the enclosed resume, Carl has a graduate degree in accounting and many years of budget management experience. He will not be a newcomer to Washington, since he spent a year as a management auditor for the U. S. General Accounting Office, prior to joining the navy.

Significant and sustained volunteer commitments to the cause of Republican politics have been Carl's hallmark. He has been a successful candidate on two out of three public races. His Assembly District Republican Central Committee supported a very active headquarters in Woodland Hills, where Carl was not only Treasurer of the Committee, but also served as precinct volunteer director for about 150 volunteers on election day in November. He is a member of the significant financial contributors of the United Republican Finance Committee's Lincoln Club. As a three-year member of the Board of Directors of the San Fernando Valley Business and Professional Association, he has continuously served on the Good Government Committee, which evaluates candidates and ballot measures, for their promotion of the free enterprise system.

Your assistance in placing Carl Olson's name in serious contention for a position with the Office of Management and Budget, would be very welcome. I can recommend him from at least four years of personal experience.

Warm regards,

Dick Gulbranson

Dear Mr. Tuttle:

At the suggestion of Mr. Richard Gulbranson, I am writing you about my desire to join the Reagan Administration as a staff executive in the Office of Management and Budget under Director David Stockman.

My professional budget management background is extensive with a master's degree in accounting and seven years of experience, including a year in Washington, D.C., as a management auditor for the U.S. General Accounting Office.

As indicated on the stationery, I am the outgoing Treasurer of the Republican Central Committee for the 38th Assembly District. My political background stretches back to the Goldwater campaign of 1964, heavy involvement in YR and YAF organizations, and winning two public elections in 1978--as Director of the Topanga-Las Virgenes Resource Conservation District and as a member of the Republican Central Committee.

Two Congressmen, Barry Goldwater Jr. and Bobbi Fiedler, are writing letters of recommendation.

The vision that David Stockman has shown in his intentions to cut the Federal budget and bureaucracy is something that I want to be part of. It is a tide that needs to run full course with dedicated and experienced people making sure it is not deflected.

Whatever assistance you may provide in advancing my application would be very much appreciated.

Sincerely,

Carl Olson
