Dear Mike:

Congratulations on your 27-year career with the United States Secret Service. You must be very proud as you survey the agency you have helped to shape.

In my experience, an organization is usually a reflection of the people who lead it. The Secret Service stands for excellence -- no one knows that better than I. Your leadership has contributed, in a very meaningful way, to that outstanding record of performance. We are all grateful for your years of dedicated public service and the professionalism you have consistently demonstrated.

As you move on to other challenges, Nancy and I extend our sincere thanks and best wishes for your future.

Sincerely,

Mr. Myron I. Weinstein

Mr. Deaver,

As promised, GSA will deliver
on time.

Kerry Moody

Following is the GSA plan to complete the renovation of the Secret Service Health Facility by August 30, 1982.

Work has already been initiated for relocation of equipment and general clean-up which will be completed by July 12. In order to meet the August 30 completion date, GSA group forces will be used to perform construction tasks. The GSA group forces will begin work on July 12 referencing completed construction drawings. The design will be completed by July 16 and group forces will continue to complete the work.

A meeting will be conducted with the Secret Service on July 17 to review progress and regularly scheduled meetings will be planned in order to review construction progress. At the July 26 meeting a detailed construction schedule will be available.

Based on conversations with the Secret Service, the clearance procedure will be handled expeditiously in order to meet this completion date.

THE WHITE HOUSE

WASHINGTON

March 19, 1982

Dear Mr. Simpson:

As a result of my position at the White House, I often must discuss sensitive matters of national interest at my home with guests, including the President. Due to the many pending intelligence matters, I am concerned over the possibility of a listening device secreted at my residence.

It is important that I am certain that these conversations, usually of sensitive subject matter, are not being monitored. I would like to request that Secret Service technicians conduct a search of my home for any unauthorized listening devices, recorders or transmitters.

I feel strongly that this would be in the best interests of all concerned.

Sincerely,

MICHAEL K. DEEVER

MEMORANDUM FOR: The Honorable
Michael K. Deaver
Deputy Chief of Staff
and Assistant to the President

FROM: Robert E. Powis
Deputy Assistant Secretary
(Enforcement)

SUBJECT: ATF Reorganization

° The Treasury Department plan to disestablish ATF and transfer the firearms and explosives functions to the Secret Service and alcohol and tobacco functions to the Customs Service is dependent on a minimum budget of \$138 million.

° The original ATF budget for FY 1982 was set at \$150 million. The Senate revised this figure down to \$120 million per OMB as part of the Administration's budget reductions for FY 1982. If the Senate version holds, the transfer of functions to the Secret Service would be impossible because over 800 ATF agents will have to be RIFed.

° Decisions will probably be made today or tomorrow with respect to a continuing resolution on the FY 1982 budget. The NRA has expressed some concern over a large number of ATF agents (1200) going to the Secret Service because they see firearms enforcement in terms of "business as usual."

° We have some indication that the Senate may decide on a continuing resolution figure of \$120 million for the ATF FY 1982 budget. This figure would mean that agent RIFs would have to start immediately and the advantage to the Secret Service would be lost.

° It is important that Senators Abdnor (R.-S. Dak.), Chairman of the Subcommittee on Appropriations and Senator DeConcini (D.-Ariz.), Ranking Minority Member on the Subcommittee on Appropriations, be contacted and advised of

the importance of the ATF merger to strengthen the Secret Service in its protective mission and not as a means of stricter enforcement of the firearms laws. Under the reorganization there will be several hundred less agents working on firearms matters.

° As you know, the threat level for the President and other Secret Service protectees is unprecedented. The ATF resources are vitally needed in view of this factor.

MEMORANDUM

TO: PETER MC COY
FROM: MICHAEL K. DEEVER
SUBJECT: Identification Information from Guests
for Functions at the White House

I understand all the problems that exist with providing the information the Secret Service would like for invitees to events involving the President, and First Lady, but I am sorry that it is necessary for all of us to comply with their requests.

I would appreciate your cooperation.

MEMO TO: Mike Deavers

FROM : DSAIC Robert L. DeProspero
Presidential Protective Division

SUBJECT: Identification Information from Guests for Functions
at the White House

Please find attached the memorandum I discussed with you regarding the requirements for name checks.

I had a conversation with Nina Wormser on Wednesday, April 29. Nina told our advance agent for Mrs. Reagan's Jacqueline Kennedy Garden Function on Thursday, April 30, that she was advised by persons in her office that she need not provide identifying information for a social function.

I explained to Nina exactly what was needed. She was cooperative but stated that her office and other offices dealing with social events at the White House are unaware of the specific policy relative to acquiring identifying information.

I then told her that the attached memorandum was discussed with you, and she would probably be receiving a copy of it in the near future.

I would like to respectfully recommend that all offices scheduling events at the White House be given a copy of the memorandum or at least the text of the information contained therein with your sanction.

If you still feel a briefing is needed, I will be happy to select with you the appropriate groups on the White House Staff and set up separate briefings.

A handwritten signature in blue ink, appearing to read "Robert L. DeProspero".
