MEETING WITH THE CABINET COUNCIL
ON HUMAN RESOURCES
DATE: May 11, 1981
LOCATION: Cabinet Room
TIME: 10:00 a.m. (60 minutes)

FROM: CRAIG L. FULLER 

I. PURPOSE

The Cabinet Council on Human Resources is meeting to present the President with a series of recommendations concerning the Social Security System.

II. BACKGROUND

Secretary Schweiker has headed a Cabinet level working group that has been studying options to prevent insolvency of the Social Security system. Many options have been considered by the group during the past few weeks. The options presented at the Cabinet meeting are designed to: solve the short term and long term crisis; eliminate the need for general revenue financing; eliminate the need for an unscheduled payroll tax increase; and, eliminate the retirement test.

It is important that Secretary Schweiker receive proper guidance as a result of the Cabinet Council meeting since he must testify before Congressman Pickle's committee which is marking-up a Social Security bill. Congressman Pickle has delayed for several weeks until the Administration could prepare its proposals. Testimony is now scheduled for Tuesday, May 12, 1981.

III. PARTICIPANTS (Final list will be attached to agenda.)

IV. PRESS PLAN (No press coverage.)

V. SEQUENCE OF EVENTS

After calling the meeting to order, the President should call on Secretary Schweiker for the presentation on Social Security.

THE WHITE HOUSE

WASHINGTON

May 8, 1981

MEETING WITH THE REPUBLICAN LEADER, THE
REPUBLICAN WHIP, AND THE
RANKING REPUBLICAN MEMBERS
OF THE 25 COMMITTEES OF THE
HOUSE OF REPRESENTATIVES

DATE: Monday, May 11, 1981
LOCATION: The Cabinet Room
TIME: 11:00 A.M. (one hour)
FROM: Max L. Friedersdorf *M.L.F.*

I. PURPOSE

To discuss the impact of the recent Budget vote on the various Standing Committees of the House, and to urge the Republican leaders of these Committees to fully support the effort to reconcile the substantive legislation within their jurisdictions with the Budget.

II. BACKGROUND

Many of the Ranking Republicans on the various legislative Committees of the House previously have participated in meetings or social occasions with the President. However, they have not met with the President as a group to discuss their respective roles in implementing the economic package. A meeting of this type is particularly timely in light of the recent 253-176 House Floor victory on the bipartisan Budget Resolution (Gramm-Latta).

A number of the legislative committees and subcommittees of the House are well into the decision-making process on proposals which are directly related to the economic package. Strictly from a numerical standpoint, unified support by Republicans is essential to success. Republican solidarity on Administration proposals also is important from the standpoint of attracting sympathetic Democrats who otherwise will find it difficult to support the President on a number of the individual program votes ahead.

In many instances in the past, senior Republicans have worked closely with Committee Democrats to expand the programs within their legislative jurisdiction. The House Republican Leadership, and many Freshman and Sophomore Republicans, have urged the President to meet with these Ranking Members to ask for their support and leadership on the Administration's legislative proposals.

SUGGESTED TALKING POINTS FOR MEETING WITH
THE REPUBLICAN LEADER, THE REPUBLICAN WHIP,
AND THE RANKING REPUBLICAN MEMBERS OF THE 25 COMMITTEES
OF THE HOUSE OF REPRESENTATIVES

- Express appreciation for their support which was critical to the resounding 253-176 victory last Thursday on the bipartisan Budget Resolution and tell them how important their leadership was to insuring unanimous--190 votes-- Republican backing.
- Indicate that the vote on the Gramm-Latta substitute sets the stage for the reconciliation process which some authorizing committees have treated in a rather perfunctory manner in years past.
- Tell them you recognize that the reconciliation instructions contained in Gramm-Latta--\$36.6 billion in savings for fiscal year 1982--are ambitious but doable if the Republicans on each committee work together with like-minded Democrats.
- Stress the importance of not violating the ceilings set by Gramm-Latta during the reconciliation, authorization, and appropriation processes and that they must be alert to the Democratic Leadership's efforts to force politically uncomfortable votes.
- Emphasize that the House vote on the first budget resolution also gives us the momentum to succeed with the tax package which is an integral part of our economic recovery program.

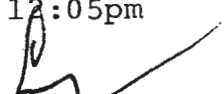

-- Ask for their continuing help and advice, as the Ranking Republican on each Committee in the House, so that our team can turn around the economy and fulfill the message of last November for less government and less government spending.
