MEETING WITH PRO-LIFE LEADERSHIP

DATE: January 22, 1982
LOCATION: Cabinet Room
TIME: 10:45 - 11:00 a.m.
FROM: Elizabeth H. Dole

I. PURPOSE

To show the President's continued support for the pro-life cause.

II. BACKGROUND -- MARCH FOR LIFE

This march takes place annually and draws approximately one hundred thousand grassroots supporters of yours to Washington on behalf of legislation in support of human life. The pro-life organization leaders have requested this meeting with you. You respectfully declined their request to address the full rally. Secretary Schweiker will read a statement from you to the march participants.

All of the key groups support the March for Life, despite their division on legal remedies. Virtually every national pro-life leader has specifically suggested that you not endorse any of the proposed Congressional initiatives against abortion. They request you counsel this gathering of pro-life leaders to work for greater harmony among themselves and to confine their differences to issues rather than personalities.

III. PARTICIPANTS

Secretary Schweiker and Under Secretary David Swoap of HHS and Don Devine, OPM Director, will have briefed the group prior to your appearance. Morton Blackwell of my office will chair.

See attached list for guests.

IV. PRESS PLAN

TALKING POINTS FOR MEETING WITH
PRO-LIFE LEADERSHIP

- I want to commend you for the progress that has been made in 1981 to protect the most defenseless in our society -- the unborn child. I have read the many reports of the differences in opinion on how to best end abortion on demand in America. In spite of this division, however, you should not lose sight of the fact that through your efforts there have been, for the first time, comprehensive hearings in Congress on the question of abortion. This in itself is a major achievement

- I do not intend to take sides in the current controversy over which alternative the right-to-life community should embrace. I would hope, however, that people as dedicated to the same cause as yourselves will not give comfort to your opponents by failing to unite on a proposal or a compromise proposal.

- It is imperative that in addition to your legislative activities, you continue to educate the American people on the abortion question. I am convinced that the people will support your cause if they are aware of the facts. I have stated many times, including at my press conference this week, that if there is any doubt about whether we are dealing with human life, government must opt on the side of assuming that we are.

TALKING POINTS FOR MEETING WITH CO-CHAIRMAN
OF THE CONGRESSIONAL PRO-LIFE CAUCUS

- Acknowledge the large demonstration outside (the annual March for Life on January 22, the anniversary of the Supreme Court's decision in Roe v. Wade in 1973), and express your agreement with their goal: the restoration of legal protection for the unborn.
- Without mentioning the past disagreement over the nomination of Justice O'Connor, express satisfaction that your Administration has been able to take some specific actions on the abortion issue:
- Don Devine at OPM has moved to limit the coverage of abortion under federal employee health benefits.
 - Under the Hyde Amendment, the number of Medicaid abortions has dropped dramatically. (Schweiker will confirm this.)
 - Dr. Koop has just been sworn in, yesterday, as Surgeon General.
 - You have repeatedly stressed the sanctity of life, most recently at this week's press conference. Such statements help mold public opinion. (No other President has been as strong in his comments, on this basic concept.)
- Compliment them for the way their Pro-Life Caucus has brought together a bipartisan majority in Congress, of liberals, conservatives and moderates, for a common purpose.
- Tell the Members that you will soon be meeting with a group of Pro-Life leaders, and ask their advice as to what you might tell them.

SUGGESTED TALKING POINTS FOR MEETING WITH
MR. AND MRS. JACOB STEIN

- Jack, I want to take this opportunity to thank you for all your fine work as a member of the staff, and to thank you, Jean, for your understanding regarding the long hours Jack has had to put in.
- It hasn't been an especially easy year at times, particularly over issues like the AWACS sale. But your efforts to maintain good relations between the Jewish community and the Administration are deeply appreciated.
- Jack, do I understand you have a proposal regarding a forest in Israel? (Mr. Stein will present you with a leather-bound proposal to establish a President Ronald Reagan Peace Forest in Israel and briefly explain the proposal.)
- Well, thank you and let me take a look at this and have someone get back to you with a decision.
- On behalf of Nancy and myself, thank you again for your service and best wishes for the future.

MEETING WITH PRO-LIFE LEADERSHIP

DATE: January 22, 1982
LOCATION: Cabinet Room
TIME: 10:45 - 11:00 a.m.
FROM: Elizabeth H. Dole

I. PURPOSE

To show the President's continued support for the pro-life cause.

II. BACKGROUND -- MARCH FOR LIFE

This march takes place annually and draws approximately one hundred thousand grassroots supporters of yours to Washington on behalf of legislation in support of human life. The pro-life organization leaders have requested this meeting with you. You respectfully declined their request to address the full rally. Secretary Schweiker will read a statement from you to the march participants.

All of the key groups support the March for Life, despite their division on legal remedies. Virtually every national pro-life leader has specifically suggested that you not endorse any of the proposed Congressional initiatives against abortion. They request you counsel this gathering of pro-life leaders to work for greater harmony among themselves and to confine their differences to issues rather than personalities.

III. PARTICIPANTS

Secretary Schweiker and Under Secretary David Swoap of HHS and Don Devine, OPM Director, will have briefed the group prior to your appearance. Morton Blackwell of my office will chair.

See attached list for guests.

IV. PRESS PLAN
