MEETING WITH REPUBLICAN CONGRESSIONAL LEADERSHIP

DATE: Tuesday, November 30, 1982

LOCATION: The Cabinet Room

TIME: 9:30 a.m. (45 minutes)

FROM: KENNETH M. DUBERSTEIN *Ken D.*

I. PURPOSE

To advance your highway program/user fee (gas tax) and other economic initiatives and to review the priority items on the Congressional calendar for the remainder of the lame duck session.

II. BACKGROUND

This is the first meeting of the full House and Senate Republican Leadership since the November 2 election. In the interim, you have met with or talked by phone with several of the leaders on a variety of issues (budget, MX, highway program, etc.) but this session provides the opportunity for you to discuss the priorities and strategy for the final weeks of the 97th Congress.

As a follow-through on your (and your staff's) recent phone consultations, the leadership is anticipating a Presidential decision on the highway program/user fee (gas tax), enterprise zone legislation and the possibility of an acceleration, in some fashion, of the 10% tax cut scheduled for July 1, 1983. Bob Dole, for example, has already announced a hearing on Tuesday afternoon on the highway program and related tax measure before the Finance Committee. A similar hearing is planned by the Ways and Means Committee on Wednesday.

In addition, it is important that the Republican Leadership be alerted to the priority issues that the President would like resolved prior to adjournment of the Congress, scheduled tentatively for December 17.

TALKING POINTS

- It's good to be back together again and I look forward to working closely with the Leadership as we complete the priorities of this Congress and move ahead to the new Congress in January.
- I have many difficult decisions to make on the budget and other items in the next several weeks and I will count heavily on your continuing guidance, assistance and teamwork. We have together charted a new direction for the country and I have confidence we will continue on the road to economic recovery.
- As you begin the lame duck session I hope you will act quickly to pass three vital pieces of legislation that will help bring a boost to our economy:
- (1) A program to help restore our deteriorating highway and transit system. While requiring a 5¢ increase in the gas tax, this bill will also provide for over 300,000 new jobs in the private sector. I am encouraged that the draft bill has been introduced and that Bob Dole has scheduled a hearing on this proposal later today---I hope this means speedy action in the House and Senate.
 - (2) The enterprise zone legislation which will revive declining inner city and rural communities by providing new incentives to develop business and jobs.
 - (3) An acceleration of the cut in the withholding of taxes. Under our 1981 Tax Reduction Act, the American taxpayer is scheduled to receive an additional 10 percent tax rate reduction in July, 1983. Our proposal would spread the effect of that cut evenly across the whole year -- so that taxpayers will get the benefit starting January 1. In other words, instead of a 10 percent for half a year, taxpayers will receive a 5 percent break for the whole year.

--- Certainly passage of the 10 remaining appropriations bills are a top priority. I hope every effort will be made to complete action on each of them---consistent with the budget resolution and with the need to hold the line on spending.

--- We must now move forward on other fronts as well during the lame duck session:

- The Caribbean Basin Initiative which is so important to our relations with our neighbors to the south and which is my major foreign policy initiative.
- Revision of the Clean Air bill which, while protecting the environment, will make it possible for industry to rebuild its productive base and create more jobs.
- The immigration, nuclear waste disposal, anti-crime and regulatory reform bills which passed the Senate.
- Radio Marti.
- Revision of our bankruptcy laws.
- And, of great importance, I am asking that the Congress provide funding so that our MX program can begin on time.

--- I recognize this is an ambitious agenda for the next three weeks. But based on my conversations with many of you and with leaders of the other side of the aisle, I am convinced there is a deep desire on everyone's part to work hard and cooperatively together. The economy need it. Our people need it. I think all of us are prepared to answer that call---and set a tone for the new Congress as well.

--- I'll pause now to give Howard and then Bob a chance to respond.

THE WHITE HOUSE

WASHINGTON

MEETING WITH MEMBERS OF THE HOUSE FOREIGN OPERATIONS
APPROPRIATIONS SUBCOMMITTEE

DATE: Tuesday, November 30, 1982
PLACE: The Cabinet Room
TIME: 11:00 a.m. (15 Minutes)

FROM: Kenneth M. Duberstein *Ker D.*

I. PURPOSE

To emphasize the need for approval of the Administration's request for FY '83 foreign assistance appropriations.

II. BACKGROUND

A White House meeting in the Cabinet Room, which begins at 10:30 a.m., involving Secretary of State Shultz, Secretary of the Treasury Regan, and National Security Advisor Clark, and the Members of the Foreign Operations Appropriations Subcommittee has been called to impress upon the Committee Members the importance and necessity for support of the Administration's FY '83 request for foreign security and economic assistance.

Because it is unlikely that a Foreign Operations Appropriation bill will pass the Congress this fiscal year, it is crucial that the House Foreign Operations Appropriations Subcommittee report a bill for inclusion in the second Continuing Resolution that is as close as possible to the Administration's request. The current Continuing Resolution, which will expire December 17, is more than \$2 billion below the Administration's appropriation request. The Subcommittee, which has scheduled a markup for December 1, is inclined at the moment to designate increased assistance levels for Israel while holding other accounts at or below last year's levels. Such action would severely constrain the ability of the United States to carry out its foreign policy and seriously damage this country's credibility with our friends and allies as a reliable leader and partner.

This meeting represents the climax of the Administration's efforts to win support for its program from this Subcommittee.

BACKGROUND (CONT'D)

Secretaries Shultz and Regan and National Security Advisor Clark will stress in the meeting that the Administration's FY '83 foreign assistance request represents a balance of security (military) assistance and economic aid as well as argue that security assistance complements economic aid by enhancing stability for our allies.

Last year the Congress passed for the first time in three years a foreign assistance appropriation which Subcommittee Chairman Clarence D. "Doc" Long (D-Maryland) considers his major legislative accomplishment.
