Dear Mr. President:

May I express, on behalf of my wife and myself, our great appreciation for the opportunity to meet you and discuss the growing Voluntarism movement with you. Kiwanis, since its beginning in 1915, has strongly advocated that no government -- be it local, state or federal -- should ever be asked to do what the citizens of a community can and should do for themselves. It is most refreshing to know that our President holds a like opinion.

I remember very well your address to the 1964 Kiwanis International Convention in Los Angeles. It was stirring -- but more importantly, it called attention to an insidiously growing trend to governmental over-regulation and socialism -- and it called for volunteer citizens to take up the battle for individual freedom and responsibility.

Again, Mr. President, thank you for the honor given to us, personally, and to Kiwanis International. Visiting the Oval office was a great thrill, and we shall treasure the pin and cuff links that you gave to us as reminders of this happy day.

Most sincerely,

*John M. Roberts*

MEMORANDUM TO: FAITH WHITTLESEY  
THROUGH: Jack Courtemanche  
FROM: Morton C. Blackwell  
SUBJECT: Scheduling Proposal: Presidential Drop-by  
Kiwanis International Headquarters,  
Indianapolis, Indiana

Mr. David Blackmer, Executive Director of the Kiwanis International contacted my office late Friday afternoon to ask if the President could be scheduled for a drop-by at their new International headquarters building in Indianapolis, Indiana during the time he is scheduled to be in that city on Thursday of this week.

Kiwanis International is a highly supportive organization of many of the President's programs, e.g., programs for the handicapped, and volunteers in support of America, as well as being one of the leading supporters of Mrs. Reagan's anti-drug abuse program, "The Chemical People Program."

Members of this group are quite supportive of the President.

Since the President is going to be in Indianapolis addressing the National Forum on Excellence in Education as well as meeting with Republican supporters in the area, it would seem appropriate that he give some of his major programs additional emphasis by stopping by at the Kiwanis' new headquarters building and commending this organization for their activities in support of many of his programs.

A Scheduling Proposal is attached. Due to the very short time-frame in which a decision must be made, I suggest that it be sent to Fred Ryan as soon as possible.

of America, the members of Kiwanis International

services to America. This is in addition to the  
\$35 million per year which is given in direct  
contributions. The "Key Club" program sponsored  
by the Kiwanis has long been recognized as one  
of the top programs at the high school level to  
develop young leaders and direct their interests  
and efforts toward volunteerism.

The Kiwanis International has recently moved their  
national headquarters from Chicago to their new
