February 4, 1982

Dr. George A. Keyworth  
Science Advisor to the President  
The White House  
Washington, D. C.

*file*

Dear Dr. Keyworth,

This will introduce you to the American Indian Science and Engineering Society. The objective of the Society, its goals and purposes are described in the enclosed literature.

→ AISES is planning its 1982 conference for November 11th through 14th in Oklahoma City. An agenda of the 1981 conference is enclosed for your information. As you can see, Dr. Press participated last year and we hope that you could be with us in 1982.

Because we are in the early planning phase, the agenda can be arranged to your convenience. We believe that this effort by the private sector to educate more Indian people in the resource development disciplines is worthy of your presence. We need someone such as you to help us continue the momentum toward this effort on behalf of the nation.

Please let us know your decision at your earliest convenience.

Very truly yours,

A. T. Anderson
