Dear Dr. Hallinan:

Dear Dr. Hallinan,

I have your letter, undated, but received yesterday, in which you invite me to join your Sponsoring Committee for "the establishment in Washington, D. C., of an appropriate and compelling memorial to the fallen American soldiers in the Korean War". I assume it will include all the Military Services - Army, Navy, Marines, and Air Force of the United States and of those contingents of the Military Services of Foreign Nations attached to the Armed Services of the U.S.

As the Commanding General of both the United States Eighth Army with attached Foreign contingents, as well as of the Army of the Republic of Korea, and then later as the Commander-in-Chief of all United Nations force there, I am in full accord with the objectives of your Committee.

With the understanding that joining your Sponsoring Committee entails no financial obligations on my part, I gladly accept your invitation.

Respectfully,

Dear Dr. Hallinan,

I am sorry to be so long in replying to your letter inviting me to serve on the national sponsoring committee for the erection of a Korean War Memorial.

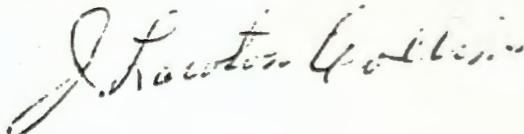

Last fall I came down with a bad back which has slowed me down greatly and put me way behind with my correspondence.

I do not normally join committees for the erection of memorials but since I was Chief of Staff during the entire period of the Korean War, I feel that I should make an exception in this case.

However, because of the injury to my back I doubt that I will be of any active assistance to your committee in raising funds or otherwise promoting the idea of a Korean War Memorial.

This is a worthy project and I hope you and your committee will be successful in having it approved.

Sincerely yours,

Thank you for your letter of July 6, 1982, inviting me to membership on the National Sponsoring Committee of the National Committee for the Korean War Memorial.

I am extremely pleased to have been considered, and I am delighted to accept the invitation. However, as a matter of policy, I must ask the Committee not to use my name and office in its fund-raising efforts.

Dear Dr. Kim,

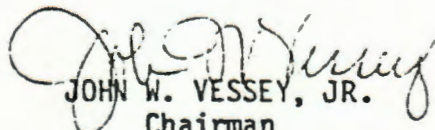

Thank you for your kind invitation to serve on the National Sponsoring Committee. The establishment of an appropriate memorial to those brave Americans who made the ultimate sacrifice to deter aggression is long overdue.

I am pleased to accept your invitation. However, as I am sure you are aware, the use of my name or office in any manner that would appear that I am engaged in fund raising from subordinate military personnel or from businesses with significant defense contracts would be inappropriate.

Therefore, I would appreciate the Commission avoiding use of my name or office in fund raising activities.

Convinced that your efforts will quickly meet with success, I look forward to the dedication of the monument to our Korean War veterans.

I appreciate your invitation to become a member of the National Sponsoring Committee for the Korean War Memorial and accept with pleasure. However, since my position makes it inappropriate, I ask that the Commission avoid the use of my name or office in fund raising activities.

The Committee's interest in the creation of a monument to those Americans who served and who gave their lives in the Korean War is commendable. I look forward to the realization of that goal.

Dear Dr. Hallinan:

This is in response to your letter of April 26, 1982, requesting that I serve on the National Sponsoring Committee of the National Committee for the Korean War Memorial.

In the past, the Veterans Administration has supported the efforts of committees such as yours to erect a monument to commemorate the sacrifice of this Nation's veterans. While these efforts previously have not officially involved the Veterans Administration, they demonstrated that our Country does not intend to forget those Americans who served so faithfully. I believe that the sacrifice of those Americans who served and died during the Korean War similarly should be recognized.

I am honored you have requested that I serve as an honorary member of the National Sponsoring Committee. I consider it a privilege to be able to show my personal appreciation for the many sacrifices of our Korean veterans.

THE COMMANDER-IN-CHIEF

June 28, 1982

Dr. Timothy Hallinan, President
National Committee for the Korean War Memorial
292 National Press Building
Washington, D.C. 20045

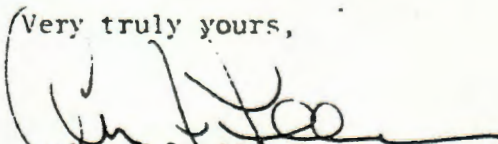

Dear Mr. Hallinan:

Your letter to Cooper T. Holt concerning the activities of the National Committee for the Korean War Memorial has been forwarded to me for reply.

As Commander-in-Chief of the Veterans of Foreign Wars, I personally endorse the objectives of the Committee as being worthy of our support on the national level. However, before the organization can be committed to such a project, the National Convention must agree to our involvement. This is normally accomplished through a resolution presented to and favorably acted upon by the National Convention. Because of the timing, it will not be possible to submit such a resolution to the Convention this year.

Until such time as an appropriate resolution is presented to the National Convention, I am assigning the Executive Director of our Washington Office, Cooper T. Holt, as our liaison officer to the National Committee for the Korean War Memorial. In conjunction with this assignment, Mr. Holt will prepare a resolution for presentation to our 84th National Convention committing the Veterans of Foreign Wars to the support of your project.

Very truly yours,

Arthur J. Bellwock

Mrs. Nancy Reagan
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C.

Dear Mrs. Reagan:

Our Committee's endeavour is to rectify an injustice. There are monuments and memorials in Washington for every war that the U.S. have engaged in, but with one exception: The war in Korea. Millions of Americans, Koreans and allies from 20 allied nations served, fought and many died in the noble cause of the defense of freedom and dignity.

The memory of their blood and sacrifice, their devotion to duty demands recognition.

We are dedicated to offer them this recognition through the erection of an appropriate memorial in the Washington monumental core.

The design of this memorial is subject to an international open design competition. It is our outmost desire to have you as a member of the Jury because we believe in your esthetic and artistic criteria and we wish the design to be both compatible to the Washington scenery and true to the symbolism of the determination of free nations, to fight rather than yield to oppression.

In the hope and anticipation that you will endorse our cause and offer your esteemed opinion and judgement as a member of the Jury, we remain,

Most cordially yours,

Ronald Reagan
President
United States of America
The White House
Washington, D.C.

Dear Mr. President:

The National Committee for the Korean War Memorial was incorporated as a nonprofit, charitable organization under the Section 501(c)(3) of the Internal Revenue Code, and November 30th, 1981 in Washington, D.C.

The purpose of the Committee's efforts is to erect an appropriate and compelling memorial for the veterans of the Korean War with funds raised through private contribution.

The Korean War represents one of the few moments in history when a group of allied nations banded together to defend against armed aggression. In a unique way, it is a living demonstration of the ties that bind America, Korea and 20 allied nations to this day - ties cemented in blood and sacrifice made more than 30 years ago and which have continued ever since, yet as real and enduring today as they ever were from the Naktong to Yalu on the Korean peninsula.

Allied unity has altered, the enemy has changed, the world has moved on. Reflecting on those haunting memories, one is reminded of what we all share in common values that temporary exasperations and differences do not obscure or diminish.

The Committee, therefore, proposes to take all necessary steps to provide an artistic design - landscape, sculpture and architecture - harmonious with its site and with surroundings that will be compatible with other memorials in the Washington monumental core.

It will be a tribute to honor and commemorate the veterans of the Korean War, and it will symbolize the pride and dignity of all veterans who served there. It will also be representative of the spirit of Americans who believe this country must continue to be the foremost bastion against the suppression of freedom, democracy and liberty.

Legislation has been introduced in both the House(H.J.Res523) and Senate(S.J.Res.#220) dedicating an appropriate site for the memorial in Washington, D.C.

We need your support, Mr. President, in the form of a public statement endorsing our cause and so, we believe, expedite the passing of the bill before the end of the 97th Congress.

Respectfully yours,

Chayon Kim, Ph.D.

Dear Mrs. Wrobleski: Sincerely yours.

You state in your letter that you can only commit
Mrs. Reagan "to activities in which she can actively partici-
pate". Indubitably, we expect her to be an active participant
of the Jury and add her opinion and proven good taste to the
success of the Jury and the best, overall acceptable design.

There is also another matter of considerable delicacy
upon which we urge you to reevaluate your decision regarding
the First Lady's participation: We have invited the Korean
First Lady Madame Chun, Doo Hwan to be a member of the Jury
and we wish to avoid feelings of ill will or disillusionment
that Mrs. Reagan's absence might evoke.

Ours is a noble cause and a memorial honoring the 5.7
million Americans who served in Korea, the uncounted millions
of Koreans who fell victims to that war and notwithstanding
the 20 other nations who rendered their valiant support to
the United States in a joint determination to stop communist
armed aggression, is long overdue.

If our efforts are met with the expected success, the
unveiling of the monument should happen sometime in the fall
of 1984 and we envision it as a highly publicizable event of
international stature.

We wish and hope that your decision is not irrevocable
and that Mrs. Reagan will do us the honor of brightening
our Jury with her presence and judgement and offer us her
much needed support. If however, you believe that she should
abstain, then please let us know the soonest possible so we
can proceed with the cancellation of Madame Chun, Doo Hwan's
participation.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

INTRODUCTION

The National Committee for the Korean War Memorial (NCKWM) is a self-sponsored, non-profit organization incorporated under the laws of the District of Columbia in November 30th, 1981. This organization has been recognized as a tax exempt corporation under the Section 501(c)(3) of the Internal Revenue Code of 1954 Act.

The NCKWM is composed of two inter-related groups: a National Sponsoring Committee of prominent Americans who have expressed their interest and support for the objectives of the organization; and operating staff comprised of a Board of Directors and executive officers of both professional and volunteer personnel who handle the day-to-day operation.

Our objective today is to provide you with a statement of our program concept in terms of the purpose of the NCKWM, our site selection criteria, design competition procedure, outline of fund raising plan and the current status of the project.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

PURPOSE

The purpose of the National Committee for the Korean War Memorial (NCKWM) is to erect in the District of Columbia, with funds raised through public subscription, a national monument to honor the men and women who served in the Korean Conflict. The NCKWM seeks to establish the monument, at no expense to the United States or the District of Columbia, upon a prominent site in the nation's capital monumental core.

The Korean War represents one of the few moments in history when a group of allied nations banded together to defend against armed aggression. In a unique way, it is a living demonstration of the ties that bind America, Korea and 20 allied nations to this day - ties cemented in blood and sacrifice made more than 30 years ago and which have continued ever since, yet as real and enduring today as they ever were from the Naktong to Yalu on the Korean peninsula.

Allied unity has altered, the enemy has changed, the world has moved on. Reflecting on those haunting memories, one is reminded of what we all share in common values that temporary exasperations and differences do not obscure or diminish.

The United States was the leader in an endeavour that included forces from twenty one other nations. The death toll reads as follows: 225,784 South Korean troops killed in action; 57,440 United Nations troops killed in action; 128,936 South Korean citizens murdered by the North Korean Army or their secret police; 244,663 Korean civilians killed in combat related action. The enemy casualties were 294,151 North Korean troops killed and 184,128 Communist Chinese. More than five million American men and women served in Korea during the conflict; more than 100,000 were wounded, and 54,246 who gave **their lives.**

They had been called upon to serve their nation, and they did so with courage, honor, and dignity. They neither sought, nor were they accorded the recognition they deserve. Now, their sons and daughters have grown into adulthood, and the time has come to honor these defenders of freedom.

The NCKWM seeks Congressional authorization to obtain a site area for the proposed monument in or within the close proximity to, the city's monumental core. The choice of such a site is appropriate because of the significance of the Korean Conflict in United States history and the need for a permanent, concrete symbol to commemorate the achievement of the past and to strengthen the framework for international peace for the future.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

DESIGN CONCEPT

The NCKWM has not yet developed a definite design which it proposes for approval because of its belief that the design concept for the monument calls for a dignified, architectural, landscaped solution emphasizing the strength, resolution, and firmness of purpose of the United States, the American people, and their allies in the defense of freedom against armed aggression. The monument is envisioned in a spacious garden setting of approximately two acres. The actual monument would be contained on a smaller site within the larger garden setting.

The NCKWM is pledged to provide the highest aesthetic quality, compelling, fitting monument in a contemplative, serene setting that will be compatible with the other memorials in the monumental core of the nation's capital.

It will be a tribute to the veterans of the Korean Conflict, and it will symbolize the pride and dignity of all veterans who served there. It will also be representative of the spirit of all people who believe that this nation must continue to be the foremost bastion against the suppression of freedom, democracy and liberty.

The NCKWM believes that a memorial sited in, or in close proximity to, the monumental core and designed to meet this concept will provide fitting recognition for the veterans of the Korean Conflict while enhancing the natural beauty of the Nation's capital.

The elements of our design concept are:

- * An overall landscaped solution with vertical elements to create a living memorial in harmony with its surroundings.
- * A spacious garden setting, inviting visitors and passerby to enter, rest and contemplate.
- * A sculptural statement symbolizing the experience of those who served in Korean Conflict.
- * The design must provide for identification of 21 allied nations - Australia, Belgium, Canada, Colombia, Denmark, France, Greece, India, Italy, Republic of Korea, Luxembourg, Netherlands, New Zealand, Norway, Philippines, Republic of South Africa, Sweden, Thailand, Turkey, United Kingdom and United States of America - with some emphasis on the locale of the conflict, "the Land of Morning Calm".
- * Artistic integrity of design, components and materials.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

DESIGN CONCEPT (CONT'D)

The proposal before your Committee provides for a parcel of not less than two acres. For purpose of illustration this can be envisioned as a circular area of about 300 feet in diameter, allowing for the design elements to be realized, although it is not expected that the entire area would be altered.

The NCKWM believes that a memorial designed in accordance with the foregoing elements will serve the purposes of peace with honor through Dignity, Unity, Strength...

For these purposes it is especially appropriate that it stand in the Tidal Basin, N.E. area. First of all, a prominent site is essential. Our nation, in its haste to forget the sacrifices of its veterans largely forgot to honor the 5,720,000 American men and women who served in the Korean Conflict and 100,000 were wounded; 54,246 who gave their lives. A site outside of the monumental core would lack the significance for a memorial to these Americans and allies who experienced a major event in this country's history. Furthermore, an indication of less than total recognition of their service would present serious difficulties to the NCKWM in gaining the financial support of the American people.

The area of the Tidal Basin is of special symbolic significance because of its proximity to the Jefferson Memorial which stands as a symbol of the Great Champion of Liberty.

From the outset of its efforts, the NCKWM has been sensitive to the prerogative of, and has worked with, the various Federal agencies whose responsibility it is to insure the aesthetic, planned, and appropriate use of Federal Park land in the nation's capital.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

PROJECT STATUS

Fulfillment of the NCKWM Program Concept requires the accomplishment of coordinated efforts in three major areas.

- * Obtaining authorization to erect the monument on Federal land within the District of Columbia.
- * Memorial Development: Site Selection, Design Selection, Site Preparation, Construction and Dedication.
- * Fund Raising

Current Status

A. Obtaining authorization: Legislation to authorize the establishment of the Korean War Memorial on Federal land within the District of Columbia has been introduced in both Houses of the United States Congress and has been referred to the appropriate committees of the House and Senate. The legislation has been described by the National Park Service representative to this hearing. This hearing is considered highly important to the successful passage of the proposed legislation.

B. Memorial Development: Preliminary action is under way to support the NCKWM effort to select an appropriate site and design for the memorial.

* Site Selection: The NCKWM has contracted with an architectural consulting firm to identify suitable site for the memorial. Information on the site selection criteria will be presented later in this presentation (Exhibit #I)

* Design Selection: The design for the memorial is to be arrived at through the conduct of an open international competition. The details of the competition will be announced in appropriate trade and professional journals, in association publications, in public announcements and through the press. The competition is to be conducted in two stages - the rendering of preliminary designs submitted by all qualified competitors, and the selection of the final design from among those accepted for the second stage of the competition following the judgment of the preliminary designs. The NCKWM is actively seeking a highly respected and highly qualified member of the architectural community to serve as Professional Advisor, and the committee is also actively seeking a panel of prominent people from the fine arts community and from all walks of life to serve as jurors for the design competition.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

PROJECT STATUS (CONT'D)

Additional information on the proposed design competition will be presented later in this hearing.

* Fund Raising: The Korean War Memorial is to be funded through public subscription and NOT from public funds. The NCKWM has identified five basic sources of funds to support the establishment of the memorial: Gifts and grants from Corporations; gifts and grants from foundations and associations; donations from individuals, fund raising through special events such as dinner parties, sports games, etc. and special television presentation. The NCKWM is obtaining professional support for corporate fund raising and for direct mail campaigns for individual donations. Planning for obtaining foundations and associations donation and for the conduct of special fund raising events and for the television presentation have not been finalized.

FINANCIAL MANAGEMENT

The NCKWM has selected the American Bank of Washington to provide for the depository, financial management, and accounting for all funds collected by the Committee for the establishment of the Korean War Memorial.

The NCKWM has engaged the services of Frantz and Company, a Washington, D.C., based accounting firm to assist in the development of the operating budget and to conduct appropriate audits of the NCKWM funds.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

PROJECT STATUS (CONT'D)

Attached are the Korean War Memorial site selection criteria which are to be provided to the Architectural Consulting Firm to support its efforts in recommending the most appropriate site for the establishment of the memorial. Three criteria are provided for your comment and approval.

KOREAN WAR MEMORIAL
"SITE AREA" SELECTION CRITERIA

INTRODUCTION

After several meetings and discussions with the agencies and commissions relevant to the review and approval of memorials in Washington, D.C., a list of site selection criteria was developed which best reflects NCKWM needs as well as these agencies' needs. The organizations and agencies which were contacted to insure their relevant criteria for site selection included in this study are:

- * National Park Service
- * National Capital Planning Commission
- * Architect of the Capitol
- * American Battle Monuments Commission
- * Commission of Fine Arts
- * Mayor of the District of Columbia
- * Commission of Public Building Service

A description of each criteria subject is presented below.

CRITERIA 1.0: SITE SHOULD BE IN OR WITHIN CLOSE PROXIMITY TO THE MONUMENTAL CORE

The significance of the proposed memorial requires a prominent site area image. This would be effectively achieved in or within close proximity to the nation's capital monumental core.

CRITERIA 2.0: SITE SHOULD NOT CONFLICT WITH MAJOR HISTORIC MEMORIAL AXES OR VISTAS

Site areas within the Monumental Core should not conflict with visual axes, radials, or grounds of

- o The Washington Monument
- o The White House/Ellipse/The Jefferson Memorial
- o U.S.Capital/Smithsonian Facilities/Lincoln Memorial

Due to the historic significance of these vistas and grounds, any potential site areas that would occur on the grounds or conflict with vistas were given an absolute evaluation of no further consideration as a potential memorial site area. All other site area criteria are relative judgments of compatibility.

CRITERIA 3.0: SITE SHOULD BE COMPATIBLE WITH ADJACENT LAND USES

Land adjacent to site areas should have uses compatible with the design intent of a "garden like" memorial. For example, several playing fields adjacent to the site area would be compatible land uses.

Uses of a adjacent land which are not compatible include:

- o Land negatively impacted with transportation facilities.
- o Urban areas significantly impacted by noise.
- o Heavily utilized sport recreation areas.

CRITERIA 4.0: SITE SHOULD BE CONVENIENT TO TOURISTS VISITING NATIONAL MEMORIALS

Site areas should be located in close proximity to the existing memorials of the Nation's Capital, which millions of tourists visit each year.

CRITERIA 5.0: SITE SHOULD HAVE IMMEDIATE AVAILABILITY

To be consistent with the memorial design schedule, the availability of the site area and surrounding environment should not be dependent on future design improvements, building relocation/demolition, or use relocation.

CRITERIA 6.0: SITE SHOULD BE OF ADEQUATE SIZE

To fulfill the criteria described above (a contemplative, reflecting visitor experience, within a garden like environmental setting,) a potential site must be carefully sized, at this time, this size has been tentatively determined as follows:

- o a focused, memorial area, that is 1/2 to 3/4 acre in size,
- o a surrounding setting, including the actual memorial area sized above, of 1 3/4 to 2 1/2 acres in size.

Having examined a number of comparable situations, these sizing parameters seem adequate. The Declaration of Independence Signers Memorial in Constitution Gardens, The John F. Kennedy Graves and the Einstein Memorial are of comparable sizes and were investigated carefully to determine the appropriate size relationship between actual memorial area and setting area required.

CRITERIA 7.0: SITE SHOULD HAVE GOOD ACCESS FOR PEDESTRIANS
TOURMOBILE OR VEHICULAR SERVICE

The site area should be convenient and accessible to the pedestrian and tourmobile and, as well, without significant vehicular or parking conflicts.

CRITERIA 8.0: SITE SHOULD PROVIDE AN OPPORTUNITY FOR A
CONTEMPLATIVE VISITOR EXPERIENCE

To provide a contemplative and reflecting memorial environment the site area should not be severely impacted by noise or continually disrupted by a constant sense of urban activities and presence.

CRITERIA 9.0: SITE SHOULD BE WITHIN A "GARDEN LIKE"
ENVIRONMENTAL SETTING

The memorial site's surrounding environment should provide a sense of enclosure with mature vegetation, and not be dominated by architectural elements.

CRITERIA 10.0: SITE SHOULD BE SUITABLE FOR A VERTICAL
LANDSCAPE SOLUTION

The actual site and immediate surrounding area should be large enough to complement the architectural statement of the design concept with a garden-like setting. Most often this would eliminate developed urban sites which usually require vertical elements.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

PROJECT STATUS (CONT'D)

Attached is the outline for the conduct of the Open International Design Competition for the Korean War Memorial. It is provided for your information and comment.

The N.C.K.W.M. would welcome any constructive criticism you might have to offer.

KOREAN WAR MEMORIAL
DESIGN SELECTION PROCEDURES

INTRODUCTION

An open international competition is being held to obtain a design for a memorial to veterans and to those who laid down their lives, more generally, to the sacrifices which the United States, the Republic of Korea and their 20 allied nations to defend against armed aggression and which have continued ever since. The Memorial will be located in Washington, D.C., near the Washington monument. The sponsor of the competition is the National Committee for the Korean War Memorial, Inc., a self-sponsored, non-profit organization.

This document presents the intentions and philosophy of the memorial. It also represents the Competition Rules and the required Competition Registration Forms. Please read the enclosed information carefully so that you can decide if you wish to enter.

In order to enter please complete and submit the appropriate Competition Registration Form, found at the end of this document. There is one form for individual Competitors, and one for Competitors Teams. Competition Registration Forms must be accompanied by a check or money order for \$100.00 payable to the National Committee for the Korean War Memorial.

Competition Registration Forms should be sent to:

National Committee for the Korean War Memorial
Attention: Design Competition
292 National Press Building
529 14th Street, N.W.
Washington, D.C. 20045

January 31, 1983 is the closing date for receipt of Competition Registration Forms. On February 1, 1983 the design phase of the Competition will begin. On that date all registered competitors will be sent a Competition Program, a document which will contain complete design information regarding the competition, including site maps, design data, and all design requirements.

SPONSOR:

The National Committee for the Korean War Memorial, Inc., is a self-sponsored, non-profit organization incorporated under the laws of the District of Columbia. This organization has been recognized as a tax exempt corporation under the section 501(c)(3) of the Internal Revenue Code of 1954 act.

KOREAN WAR MEMORIAL

SPONSOR (CONT'D)

The purpose of the NCKWM is to erect in Washington, D.C. with funds raised through public subscription, a national monument to honor the men and women who served in the Korean Conflict. The NCKWM has no governmental or political affiliation, nor is it a veterans membership organization. It will not exist in perpetuity. When the memorial is completed, the NCKWM will be dissolved.

THE MEMORIAL SITE

The NCKWM will be granted the authorization to erect a memorial on public owned land in the heart of the nation's capital. At the end of the Second session of the 97th Congress, 1982, the President of the United States will sign into law "Public law 97- " which will probably be passed unanimously by both the United States of Congress. The proposed site area is located at the Tidal Basin, N.E., a 8 acres park of meadows, trees, basin, parking lot and curving walkways.

The legislation appropriated no public funds for the construction of the memorial but provides, upon it completion, that it will be maintained by the National Park Service. The legislation also provided that the design and plans for the memorial shall be subject to the approval of the Secretary of the Interior, the Commission of Fine Arts, and the National Capital Memorial Advisory Committee.

THE PURPOSE AND PHILOSOPHY OF THE MEMORIAL

The purpose of the National Committee for the Korean War Memorial (NCKWM) is to erect in the District of Columbia, with funds raised through public subscription, a national monument to honor the men and women who served in the Korean Conflict. The NCKWM seeks to establish the monument, at no expense to the United States or the District of Columbia, upon a prominent site in the nation's capital monumental core.

The Korean War represents one of the few moments in history when a group of allied nations banded together to defend against armed aggression. In a unique way, it is a living demonstration of the ties that bind America, Korea and 20 allied nations to this day - ties cemented in blood and sacrifices made more than 30 years ago and which have continued ever since, yet as real and enduring today as they ever were from the Naktong to Yalu on the Korean peninsula.

KOREAN WAR MEMORIAL
DESIGN SELECTION PROCEDURE

THE PURPOSE AND PHILOSOPHY OF THE MEMORIAL (cont'd)

Allied unity has altered, the enemy has changed, the world has moved on. Reflecting on those haunting memories, one is reminded of what we all share in common values that temporary exasperations and differences do not obscure or diminish.

The United States was the leader in an endeavour that included forces from twenty one other nations. The death toll reads as follows: 225,784 South Korean troops killed in action; 57,440 United Nations troops killed in action; 128,936 South Korean citizens murdered by the North Korean Army or their secret police; 244,663 Korean civilians killed in combat related action. The enemy casualties were 294,151 North Korean troops killed and 184,128 Communist Chinese, more than five million American men and women served in Korea during the Korean Conflict; more than 100,000 were wounded; and 54,246 who gave their lives.

They had been called upon to serve their nation, and they did so with courage, honor, and dignity. They neither sought, nor were they accorded the the recognition they deserve. Now, their sons and daughters have grown into adulthood, and the time has come to honor these defenders of freedom.

The NCKWM wishes to obtain the highest possible aesthetic design for the proposed monument in or within the close proximity to, the city's monumental core. The choice of the design should be appropriate because of the significance of the Korean Conflict in the United States history and the need for a permanent, concrete symbol to commemorate the achievement of the past and to strengthen the framework for international peace for the future.

KOREAN WAR MEMORIAL
PROGRAM CONCEPT

SUMMARY

The NCKWM has had the pleasure of presenting to you its program concept for the establishment of a memorial to recognize and honor the service and sacrifice of the servicemen and women of the United States and its Allies during the Conflict in Korea, in which free men and free nations acted together to prevent the enslavement of an independent nation through armed aggression by a totalitarian communist enemy.

We have presented a design concept which should produce an attractive monument designed to harmonize with the historic surroundings, dignity, and beauty of our nation's capital and which should symbolize for generations to come that peace with honor can be gained, and maintained, through dignity, unity and strength.

In our presentation we have provided you with information on the current status of our project and furnished you with the proposed criteria to be used in site selection, and also with the outline plan of action to be used in arriving at the final design of the Korean War Memorial.

Do you have any questions for this Committee?
