President Ronald Reagan  
Washington, D. C. 20510

Dear President Reagan:

I was privileged to be one of the American Security Council members that John Fisher invited to a meeting in Washington recently. Since that time I have been horrified at the waste of tax papers money that I am running into.

The latest is not only the waste but the use of funds by the National Endowment for the Humanities.

I am writing to my Senators and my Congressman today urging them to cut off funds for this group of anti-Americans.

I would hope that you would veto any further funding for NEH and let those people get out and work like the rest of us for a living.

Respectfully yours,

  
JOHN D. GOODIN
