PETITION

Dear President Reagan,

On the day you took the oath of office as President of the United States, some 2,500 Americans remained unaccounted for in Southeast Asia. Over 300 firsthand live sighting reports, currently under investigation by the United States Government, indicate that Americans are still held captive. As you are aware, some of these men were captured almost two years before your first term as Governor of California.

Therefore, we, the undersigned Americans, join the families of these servicemen and civilians in looking to you, our new President and Commander in Chief, with confidence that you will take the necessary actions to secure their release and obtain the fullest possible accounting.

Respectfully,

PETITION

Dear President Reagan,

On the day you took the oath of office as President of the United States, some 2,500 Americans remained unaccounted for in Southeast Asia. Over 300 firsthand live sighting reports, currently under investigation by the United States Government, indicate that Americans are still held captive. As you are aware, some of these men were captured almost two years before your first term as Governor of California.

Therefore, we, the undersigned Americans, join the families of these servicemen and civilians in looking to you, our new President and Commander in Chief, with confidence that you will take the necessary actions to secure their release and obtain the fullest possible accounting.
