VOTING RECORDS HOUSE OF REPRESENTATIVES U.S. SENATE

The attached issues and voting records were selected by the Board of Directors of the VFW-PAC for endorsement of certain candidates for the U.S. Senate and House of Representatives.

The issues are of a controversial nature. That is, they go to the basic problems faced by our country in its search for money and equipment to fund an adequate budget for a strong national defense and veterans programs to take care of those who served their country during wartime. The VFW-PAC is dedicated to those issues alone. It is bipartisan and does not care if a person is a Democrat or a Republican. Our country remains first and foremost along with those who defended it. Some may argue that they are pro-country and pro-veteran, but with the issues selected as crucial to our position that the country must remain strong and its defenders have adequate programs, we need not apologize for our positions. Their voting record is clear.

The Board of Directors selected a 60 percent record of votes in favor of VFW positions on the issues selected as a cut-off to be endorsed. This percentage was chosen to show those who could be considered a supporter of our nation and its veterans.

Some non-incumbents were chosen for an endorsement based upon their statements and sincerity to care for those who served and the safety of the nation.
