LEGISLATIVE RESOLUTION

Senate No. 1003

Assembly No. 1177

IN SENATE

By Senator Levy:

IN ASSEMBLY

By Messrs. Skelos, D'Amato, Hannon, Healey, Madison, Mazza,
Parola and Reilly:

Legislative resolution condemning the
unlawful and cruel detention of
Vladimir Kislik and urging his
immediate release for the purpose of
emigrating from the Soviet Union to
the State of Israel

Whereas, Vladimir Kislik, a distinguished scientist, determined to depart from the Soviet Union in nineteen hundred seventy-three in order to freely practice the traditions of the Jewish heritage as well as on numerous occasions since that year has been denied the basic human right to free emigration; and

Whereas, Vladimir Kislik's aspiration to emigrate has resulted in his employment being limited to menial labor by Soviet authorities, the confiscation of his personal belongings, and other indignities, including the Soviet police repeatedly questioning him for the purpose of "trumping up" foreign agent charges against other Soviet Jews; and

Whereas, Vladimir Kislik, a distinguished scientist, has had his name deleted from the important scientific papers he wrote while engaged in research at the Kiev Institute of Nuclear Research, and has been beaten by Soviet Authorities as a warning to him to stop holding scientific seminars; and

Whereas, Vladimir Kislik remains within the Soviet Union, despite the emigration of his son, Maxim Kislik, to Israel, thereby placing Vladimir Kislik in the ranks of many Soviet parents who are unfortunately separated from their children by the design of Soviet Union officials; and

Whereas, Vladimir Kislik has endured persecution, harassment, imprisonment and family separation simply because of his desire to practice his own religion in a country of his choice; and

Whereas, Vladimir Kislik has recently been charged by Soviet Authorities with "malicious Hooliganism," unjustly convicted, and subsequently sentenced to a three year term; and

Whereas, The Legislature of the State of New York, which holds justice, freedom and liberty as the highest ideals, urges the Soviet Union to immediately free Vladimir Kislik and permit him to join his family in Israel in the name of human rights and human justice; and

Whereas, The Soviet Union's continuing persecution of its Jewish citizens and denial of those rights and privileges accorded other recognized religions in the Soviet Union will not succeed in isolating Soviet Jews from their friends in the world so long as those who hold liberty and freedom as the highest ideal continue to speak out on behalf of all beleaguered and oppressed people; now, therefore, be it

Resolved, That this Legislative Body pauses in its deliberations to condemn Vladimir Kislik's continued oppression by Soviet Authorities and urges the Soviet officials to give Jews in the Soviet Union the same rights afforded its other citizens, rights affirmed by the Soviet Union's Constitution, the Declaration of Human Rights adopted by the General Assembly of the United Nations and Principle VIII of the Final Act of the Helsinki Accord; and be it further

Resolved, That copies of this Resolution, suitably engrossed, be transmitted to The Honorable Ronald W. Reagan, President of the United States; Honorable Hugh L. Carey, Governor of the State of New York; Honorable Alexander Haig, Secretary of State of the United States; and to each member of Congress of the United States from the State of New York; Lynn Singer, Executive Director of the Long Island Committee for Soviet Jewry, 91 North Franklin Street, Hempstead, New York 11550; Leonid Brezhnev, Secretary General of the Communist Party, the Kremlin, RSPR, USSR; and Oleg Troyanovsky, Ambassador, Soviet Mission to the United Nations, 136 East 67th Street, New York, New York 10021.

Roger C. Thompson

THE COMMONWEALTH OF MASSACHUSETTS

IN THE YEAR ONE THOUSAND NINE HUNDRED AND EIGHTY-ONE

RESOLUTIONS MEMORIALIZING CONGRESS TO ESTABLISH A FEDERAL
LOTTERY FOR THE PURPOSE OF SUPPLEMENTING THE
SOCIAL SECURITY FUND.

WHEREAS, MILLIONS OF WAGE EARNERS OF THIS NATION HAVE CONTRIBUTED TO SOCIAL SECURITY ON THE ASSURANCE THAT UPON REACHING A CERTAIN AGE THEY WOULD BE ELIGIBLE FOR CERTAIN RETIREMENT BENEFITS; AND

WHEREAS, THEY ARE NOW INFORMED THAT THE SOCIAL SECURITY SYSTEM IS NO LONGER SELF-SUPPORTING AND THAT THE SOCIAL SECURITY FUND IS RAPIDLY BEING DEPLETED; AND

WHEREAS, AMONG THE PROPOSALS BEING MADE TO PLACE THE SYSTEM ON A SOUNDER FINANCIAL BASIS ARE REDUCTIONS IN PENSIONS TO EARLY RETIREES, ELIMINATION OF COST OF LIVING INCREASES AND THE REDUCTION OR ELIMINATION OF CERTAIN OTHER BENEFITS NOW PROVIDED UNDER THE SOCIAL SECURITY ACT; AND

WHEREAS, ALL OF SUCH PROPOSALS APPEAR TO BE REPUGNANT TO THE BEST INTERESTS OF THE MEMBERS OF THE SYSTEM AND NOT IN ACCORD WITH THE UNDERSTANDING UPON WHICH THEIR CONTRIBUTIONS TO THE SYSTEM HAVE BEEN MADE; AND

WHEREAS, SUBSTANTIAL SUMS OF MONEY HAVE BEEN REALIZED THROUGH THE OPERATION OF OUR "STATE LOTTERY", TO THE GREAT BENEFIT OF THE CITIZENS OF THE COMMONWEALTH AND TO ITS CITIES AND TOWNS; AND

WHEREAS, IT SEEMS REASONABLE TO ASSUME THAT A LOTTERY CONDUCTED NATIONWIDE BY THE FEDERAL GOVERNMENT WOULD PRODUCE UNTOLD MILLIONS OF DOLLARS ANNUALLY; AND

WHEREAS, IF THE MONEY SO REALIZED WAS USED TO SUPPLEMENT THE SOCIAL SECURITY FUND IT WOULD DO MUCH TO PLACE THE FUND ON A SOUND FINANCIAL BASIS AND INSURE TO THE MEMBERS A CONTINUATION OF BENEFITS WITHOUT REDUCTION; THEREFORE BE IT

RESOLVED, THAT THE MASSACHUSETTS HOUSE OF REPRESENTATIVES HEREBY URGES THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION PROVIDING FOR A FEDERAL LOTTERY, THE INCOME FROM WHICH, AFTER THE PAYMENT OF PRIZES AND COST OF OPERATION, SHALL BE APPROPRIATED TO THE SOCIAL SECURITY FUND; AND BE IT FURTHER

RESOLVED, THAT A COPY OF THESE RESOLUTIONS BE FORWARDED BY THE CLERK OF THE HOUSE OF REPRESENTATIVES TO THE PRESIDENT OF THE UNITED STATES, THE PRESIDING OFFICER OF EACH BRANCH OF CONGRESS AND TO THE MEMBERS THEREOF FROM THIS COMMONWEALTH.

RESOLUTION

For support of the construction of Lake Alma and its designation as the top recreational priority of Southeast Georgia and for other purposes.

WHEREAS, All available material concerning the development of Lake Alma, a 1,400-acre open water recreational lake in Bacon County, Georgia has been studied in great detail over the last seven years by various federal and state agencies; and

WHEREAS, This project has been the highest priority of the City of Alma and Bacon County since 1962, and has subsequently been studied and endorsed by nearly every responsible organization in Southeast Georgia and the State of Georgia; and

WHEREAS, The Georgia Department of Natural Resources, one of the most respected such Departments in the entire country, after a thorough and complete examination of the expected impact of the lake, has strongly endorsed its construction and has worked diligently to secure approval of the lake; and

WHEREAS, Lake Alma would have few detrimental environmental effects of any major consequence, none lasting past the development stage, as verified by the nearly endless environmental studies required during the last seven years; and

WHEREAS, The Lake Alma Project would bring water into an area now void of any similar facility within a 100-mile radius, and would supply over 100,000 visitors each year with recreational opportunities; and

WHEREAS, It is estimated that these visitors would spend hundreds of thousands of dollars in Bacon County and the surrounding area, and create many new jobs in the service industry;

NOW, THEREFORE, BE IT RESOLVED by the Supervisors of the Altamaha Soil & Water Conservation District, representing five counties, do hereby endorse the Lake Alma Project and do find that the Lake Alma Project is one of the most critically needed projects for the recreational and economic development needs of Southeast Georgia.

Adopted, this 27th day of July, 1981.

SENIOR LEGISLATURE JOINT RULES COMMITTEE RESOLUTION NO. 1

RELATIVE TO THE OLDER AMERICANS ACT

WHEREAS, the Older Americans Act as amended expires this year; and

WHEREAS, millions of senior citizens have benefited from the programs provided under the Older Americans Act; and

WHEREAS, the House and Senate Conference Committee presently has under consideration the reenactment of the Older Americans Act and the extension of the programs thereunder; and

WHEREAS, there have been proposals to curtail funds for the programs and make drastic cuts in services; and

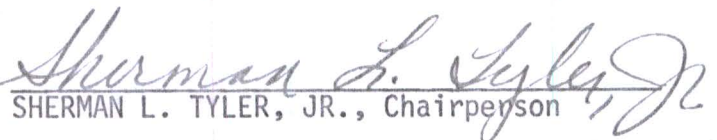

WHEREAS, such proposals will seriously affect the lives and well-being of every one of the millions of senior citizens in the State of California and the nation to their physical, psychological and economic detriment;

NOW, THEREFORE, BE IT RESOLVED, by the Joint Rules Committee of the Senior Legislature of the State of California, that the Congress of the United States be and they are hereby requested by the California Senior Legislature in session assembled to reenact the Older Americans Act as presently constituted and extend the funds and programs thereunder for a period of three years;

AND BE IT FURTHER RESOLVED, that the California Senior Legislature by this concurrent resolution expresses its serious concern regarding any proposals to curtail or make drastic cuts in services or funding;

AND BE IT FURTHER RESOLVED, that copies of this resolution be transmitted to the President of the United States, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate, and to Members of the California Congressional Delegation.

PASSED AND ADOPTED by the California Senior Legislature, on the 23rd day of July, 1981, Sacramento, California.

SHERMAN L. TYLER, JR., Chairperson

SENIOR LEGISLATURE JOINT RULES COMMITTEE RESOLUTION NO. 3

RELATIVE TO MINIMUM SOCIAL SECURITY ELIMINATION

WHEREAS, the Reagan administration budget eliminates social security beneficiaries who receive the lowest benefit, a minimum of \$122 a month; and

WHEREAS, while the administration claims that only 300,000 of the 3 million will be "hurt", over 30,000 of the lowest income elderly in California will be among these; and

WHEREAS, the assumption that the other 2,700,000 will not be hurt has no factual basis and the majority of these are single older women; and

WHEREAS, the administration's excuse for this action is to get rid of so-called "double-dippers", our information is that only 10 percent fall into this category and even some of these may have incomes amounting to less than that needed to sustain a decent standard of living; and

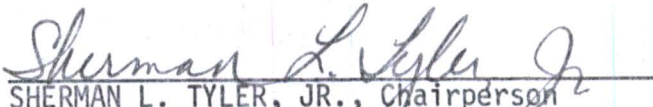

WHEREAS, President Reagan promised on October 4, 1980, in a debate with President Carter that, "No one presently dependent on social security is going to have the rug pulled out from under them and not get their checks", and in an interview with the AARP-NRTA News he promised that, "Those now receiving benefits, or looking forward to receiving social security benefits, must be protected and payments keep pace with the cost-of-living"; and

WHEREAS, only \$1.4 billion will be saved annually, and much of that will be lost since many of these beneficiaries will become eligible for SSI benefits;

NOW, THEREFORE BE IT RESOLVED, that the Joint Rules Committee of the California Senior Legislature congratulate Senator Cranston and those California Congressmen who voted to restore this benefit, and further urge the United States Senate and President Reagan to reconsider their positions and to initiate a year long study to determine how many of the poorest elderly will be hurt by elimination of this benefit and how those who are not legitimately entitled to this benefit may be eliminated. \$1.4 billion dollars is a small price to pay to protect those most in need;

AND BE IT FURTHER RESOLVED, That copies of this resolution be transmitted to the President of the United States, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate, and to Members of the California Congressional Delegation.

PASSED AND ADOPTED by the California Senior Legislature on the 23rd day of July, 1981, Sacramento, California.

A CONCURRENT RESOLUTION

To memorialize the Congress of the United States to authorize the transfer of Iranian assets from the Federal Reserve Bank to the Social Security Trust Account.

WHEREAS, the Social Security Trust Account, particularly its old age and retirement trust fund, faces a critical shortage by late 1982, according to the Cabinet officers who serve as trustees of the system; and

WHEREAS, these Cabinet officers estimate in their report to the Subcommittee on Social Security of the Senate Committee on Finance that the system will experience in the next five years a short fall of at least ten billion dollars; and

WHEREAS, unless the Social Security system is shored up by additional funding or increased taxes, the American working public will soon be unable to receive payment for retirement benefits; and

WHEREAS, currently some thirty-five million American citizens receive benefits from the old age and disability funds; and

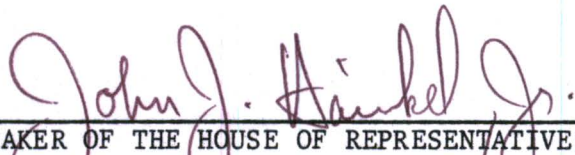

WHEREAS, the Treasury Department announced the order to American banks to turn over once-frozen Iranian assets of over two billion three hundred million dollars to the Federal Reserve Bank in New York City; and

WHEREAS, instead of returning these assets to this hostile Mideastern nation, our country should use these assets to assist the floundering old age and retirement fund; and

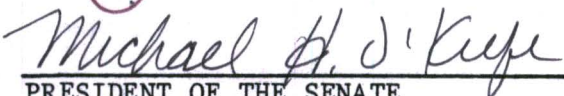

WHEREAS, the Congress should consider this alternative for funding in its study and review of the report by the board of trustees of the Social Security system.

THEREFORE, BE IT RESOLVED by the House of Representatives of the Legislature of Louisiana, the Senate thereof concurring that the Congress of the United States is hereby memorialized to authorize the transfer of Iranian assets from the Federal Reserve Bank to the Social Security Trust Account.

BE IT FURTHER RESOLVED that a copy of this Concurrent Resolution be transmitted forthwith to the President of the Senate, the Speaker of the House, the members of the Louisiana Congressional delegation, President Ronald Reagan, Secretary of Health and Human Services, Richard Schweicker, Secretary of Labor, Ray Donovan, Secretary of the Treasury, Donald Regan, and Secretary of State, Alexander Haig.

FOURTH REGULAR SESSION, 1981

A HOUSE RESOLUTION

Respectfully requesting that the United States Attorney General and the Commissioner of the United States Immigration and Naturalization Service order a stop to violations of United States Public Law 94-241 (48 U.S.C. 1681) and harassment of United States citizens who are residents of the Commonwealth of the Northern Mariana Islands by officials of the United States Immigration and Naturalization Service on Guam and other cities throughout the United States and to take all necessary measures to discipline Immigration and Naturalization Service Officials who violate the law respective entry of citizens of the Commonwealth of the Northern Mariana Islands into the United States.

1 WHEREAS, The Covenant to Establish a Commonwealth of the Northern
2 Mariana Islands in Political Union with the United States of America
3 (U.S. P.L. 94-241, 48 U.S.C. 1681), hereinafter referred to as
4 "Covenant", bestows United States Citizenship and all its rights,
5 privileges and responsibilities including the right to travel, work
6 and live freely throughout the United States, on the inhabitants of
7 the former Marianas District of the U.S. Trust Territory of the
8 Pacific Islands; and

9 WHEREAS, President Carter, in Presidential Proclamation No. 4534
10 issued on October 24, 1977, approved the Constitution of the Northern
11 Mariana Islands, specifically Section 8 of the Schedule on Transitional
12 Matters which provides for Interim United States citizenship to Northern
13 Marianas citizens; and

14 WHEREAS, such Presidential Proclamation specifically proclaimed
15 that Section 304 of Article III of such Covenant which states "Citizens
16 of the Northern Mariana Islands will be entitled to all privileges and
17 immunities of citizens in the several states of the United States" to
18 be effective on January 9, 1978; and

19 WHEREAS, on January 30, 1980, the United States Immigration and
20 Naturalization Service issued a ruling that classified and treated
21 Northern Marianas citizens as aliens for immigration purposes; and

1 WHEREAS, the ruling, which created a serious and potentially
2 harmful dispute between the Northern Marianas Commonwealth and the
3 United States, was ultimately resolved with the personal knowledge
4 of President Carter as evidenced by the following:

5 1. Jack H. Watson, Jr., Assistant to the President for
6 Intergovernmental Affairs, reported on behalf of President Carter in
7 a March 28, 1980 letter to Northern Marianas Representative to the
8 United States, Edward DLG. Pangelinan, that "Based on your comments,
9 and those from many others, I am pleased to report that on Friday,
10 March 21, INS officially reversed that policy. Effective as of that
11 date, residents of the Northern Marianas will be treated as American
12 citizens for immigration and naturalization purposes, just as they
13 were prior to the change of policy."

14 2. David Crossland, Acting Commissioner of the United
15 States Immigration and Naturalization Service, stated in an April
16 5, 1980 letter to Northern Marianas Representative Pangelinan that
17 "you will be pleased to learn that we have reconsidered the matter
18 and have rescinded our previous decision. All Immigration Offices
19 have been instructed to continue to inspect citizens of the Northern
20 Mariana Islands as though they are already citizens of the United
21 States."

22 WHEREAS, despite such decisions and assurances by the White
23 House and the highest officials of the United States Immigration and
24 Naturalization Service that the citizens of the Northern Marianas
25 will be treated as citizens of the United States, employees of the

1 United States Immigration and Naturalization Service have continued,
2 sporadically, and in various entry points and cities of the United
3 States, particularly on Guam, to violate the Covenant, Presidential
4 Proclamation No. 4534 and the decisions and rulings of the White
5 House and the Commissioner of the United States Immigration and
6 Naturalization Service by denying free travel to Northern Marianas
7 citizens to the United States and otherwise harassing them when
8 entering, working and living in the United States; now, therefore,

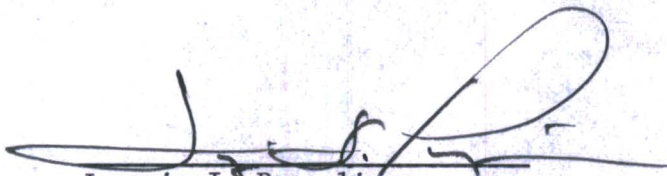

9 BE IT RESOLVED by the House of Representatives, Second Northern
10 Marianas Commonwealth Legislature, Fourth Regular Session, 1981, that
11 the United States Attorney General and the Commissioner of the United
12 States Immigration and Naturalization Service are hereby respectfully
13 requested to order a stop to violations of United States Public Law
14 94-241 and harassment of the citizens of the Northern Mariana Islands by
15 the various offices of the United States Immigration and Naturalization
16 Service on Guam and other cities throughout the United States and to
17 take all necessary measures to discipline United States officials who
18 violate the laws respective of entry of citizens of the Commonwealth
19 of the Northern Mariana Islands in the United States or otherwise
20 harass such citizens when entering, working and living in the United
21 States; and

22 BE IT FURTHER RESOLVED that the Speaker certify and the Clerk
23 attest to the adoption of this resolution and that copies be transmitted

HOUSE CONCURRENT RESOLUTION

WHEREAS, In an action that fulfilled campaign promises and that will long be noted for its historical significance, President Reagan nominated Sandra Day O'Connor, a highly qualified attorney and state political leader, to serve on the United States Supreme Court; and

WHEREAS, The first woman to be nominated for a Supreme Court position, Mrs. O'Connor has a noteworthy professional background as a graduate of Stanford University's law school, member of the Arizona attorney general's staff, and majority leader of the Arizona state senate; and

WHEREAS, Mrs. O'Connor is an outstanding choice for Supreme Court Justice, and President Reagan merits the high praise of all individuals who feel that the continued strength of this nation's judicial system depends greatly on a Supreme Court that exemplifies high intellectual, educational, and legal quality and racial and sexual equality; now, therefore, be it

RESOLVED by the House of Representatives of the State of Texas, the Senate concurring, That the 67th Legislature, 1st Called Session, hereby commend President Ronald Reagan on his appointment of Sandra Day O'Connor to the United States Supreme Court; and, be it further

Attached, as requested, is a draft response to Governor Calvo for Rich Williamson's signature. The draft avoids comment on the substance of Governor Calvo's concerns.

Governor Calvo is fully familiar with U.S. policies on these issues, having received numerous letters from Interior and State Department officials during the past two years. We see no benefit in further substantive comment, unless the Administration chooses to alter these policies.

P.S. Moreover, he is getting ready for the next gubernatorial race, and this looks like an issue with potential. Any present redefinition can be used as a political lever and distorted accordingly.

Honorable Ronald Reagan
President of the United States
THE WHITE HOUSE
Washington, D.C.

Dear Mr. President:

We the peoples of the Pacific Islands appeal to you as Chief Executive for help in a matter that is of crucial concern to all of us and our children. Since the birth of the Atomic Age in 1940, the Pacific Islands have served as a testing ground for the development of atomic technologies. Beginning with U.S. nuclear testing in the Marshall Islands, our people have suffered the consequences of atomic energy without reaping any of the putative benefits.

And now we are struggling against a monstrous new threat, a threat that promises to destroy our most important natural resource, for now and the indefinite future; a threat that could cut short our aspirations to enter the 21st century as a modern, developed society; a threat that could shatter our embryonic economy before it has a chance to get on its feet; and a threat that looms large in our minds and hearts. This new threat takes the form of nuclear poisoning of the ocean waters that bathe our shores and give us our daily bread.

The Japanese government has announced its intention to dispose of low-level radioactive wastes into the waters of the Pacific Ocean north of Micronesia. We are an oceanic people, Mr. President. We recognize the intimate connection between the natural cycles of the sea and the natural cycles of our own lives. We believe, on the basis of sound scientific evidence, that the ocean is the worst possible place for nuclear wastes. The ocean is a formidable environment; its pressures and corrosive forces make mockery of human structures like radioactive waste containers. The ocean is an unknown environment, with powerful new forces and currents discovered on a nearly annual basis. The ocean is a vast, interconnected and living environment, full of life forms that can readily incorporate radioactive wastes deposited there. And above all, Mr. President, nuclear wastes dumped into the ocean are irretrievable. If a miscalculation is made, there will be no turning back.

We have obtained sound scientific evidence, Mr. President, based on past experience with ocean disposal of nuclear wastes, that the Japanese nuclear waste ocean disposal program poses a direct danger to our ocean environment.

It is likely that the radioactive wastes will escape containment and contaminate the ocean environment, and in this case, it is likely that these wastes will enter the oceanic food chain on which we so heavily depend. If this happens, Mr. President, the health and happiness of our people will suffer terribly.

Mr. President, the ocean is our only natural resource. Our history, our culture, our developing economy and our future all depend upon preserving the ocean environment. Tourism and fishing -- our number one and number two industries -- depend entirely upon a clean ocean environment. We fear, Mr. President, that the proposed Japanese nuclear waste disposal program will pollute our ocean waters, our lives, and our children's lives. Again we are asked to suffer the costs of nuclear power without reaping any of the possible benefits.

Mr. President, our lives are entrusted to your care. We depend upon you for protection. The United Nations Trust Charter requires the United States to protect our health and natural resources. We have been a faithful and loyal partner, Mr. President; and we are of considerable strategic, political and potential economic importance to the United States. We ask now, Mr. President, that you reciprocate by helping to end this monstrous new threat to our health, happiness and livelihoods.

The unanimous position of the Pacific Islands is expressed in the following series of recent resolutions adopted by the Chief Executives of the Pacific Islands:

"RESOLVED, that the Japanese government immediately undertake negotiations with any nation with huge land masses where stored nuclear waste would have minimal or no human contact; and be it further

"RESOLVED, that we are vehemently opposed to storage of spent fuel on any island in the Pacific and we call upon the United States government and the government of Japan to cease their joint feasibility study; and be it further

"RESOLVED, that copies of this resolution be transmitted to appropriate officials of the United States and Japanese government, the Secretary-General of the United Nations, and the Organization of Economic Cooperation and Development/Nuclear Energy Agency.

A copy of this resolution, signed by the members of the Association of Chief Executives of the Pacific Basin during our Third Annual Conference, September 2-3, 1981, has been enclosed for your review.

Mr. President, we appeal to you as our Chief Executive to take immediate and positive steps to end this threat to our peoples. We ask that you demand that the Japanese nation desist from dumping nuclear wastes into the Pacific Ocean. We ask that you bring to bear diplomatic, political, and economic pressure upon Japan to achieve this goal. We further ask

Letter to the President

that you direct appropriate U.S. agencies to abandon any and all plans for nuclear waste disposal in the Pacific Basin, either under the sea or above the ground. We ask, Mr. President, that you act immediately to end this monstrous new nuclear threat to our environment and our lives.

Yours respectfully,

PAUL M. CALVO

RESOLUTION BY THE ASSOCIATION OF CHIEF EXECUTIVES OF THE PACIFIC BASIN
TO OPPOSE NUCLEAR WASTE MANAGEMENT IN PACIFIC WATERS

WHEREAS, the Chief Executives of the undersigned Pacific Governments are duly vested by their respective citizens interested in matters concerning their health, welfare and livelihood of Pacific Island peoples; and

WHEREAS, Japan continues to plan on dumping their low-level nuclear wastes in the Pacific Ocean despite an announced delay; and

WHEREAS, the Japanese assesment of the safety of nuclear waste dumping is not acceptable; and

WHEREAS, the Japanese have not thoroughly considered alternative methods of low-level waste disposal; and

WHEREAS, the United States and Japan are studying the feasibility of storing spent fuel on an island in the Pacific; and

WHEREAS, nuclear waste storage or disposal will interfere with the right of Pacific peoples to enjoy the benefits of their natural resources; and

WHEREAS, the citizens of Japan are joining the citizens of the Pacific Basin in opposition to Japan's nuclear waste disposal plans; and

WHEREAS, it appears that many other alternatives to ocean dumping, in accordance with the London Convention, have not been totally exhausted by the Japanese government in their plan to dump nuclear wastes into the Pacific Ocean; therefore, be it

RESOLVED, that we implore the Japanese government to research alternative methods of nuclear waste handling which will not adversely affect the Pacific Basin; and be it further

RESOLVED, that the Japanese Government immediately undertake negotiations with any nation with available land where stored nuclear waste would have minimal or no human contact; and be it further

RESOLVED, that we are vehemently opposed to the storage of spent fuel on any island in the Pacific and that we further re-affirm our opposition to the Japanese government's plan of low-level nuclear waste ocean dumping, and we call upon the United States government and the Government of Japan to cease their joint feasibility study; and be it further

RESOLVED, that copies of this resolution be transmitted to appropriate officials of the United States and Japanese Government, the Secretary General of the United Nations, and the Organization of Economic Cooperation and Development/Nuclear Agency.
