Japan/Tokia-Mura [Discussions re: US/Japan Joint Communiqué & Determination  
Re: Tokai Processing Facility/Nuclear Weapons Proliferation]

**[Note to File: This request also asked for a letter from Secretary of Defense Caspar Weinberger to Members of Congress regarding the US-Japan Agreement written September-November 1987. I did not find that letter in these files. There are letters from Weinberger to Shultz and Weinberger to Herrington written in April of 1987 regarding the agreement. Both letters are classified.] MJD**
