## Scope and Content Note

Eileen Peterson began work at the White House Office of Public Liaison in June of 1984 and left the White House at the end of May 1985. She was primarily involved with the youth constituency. Her collection currently consists of one alphabetical listing of subjects and events.

The end of her files includes a variety of videotapes which have been transferred to AV for preservation storage. Four of the videotapes are a one inch format. The library does not have the means for viewing these tapes at this time.
