Scope and Content Note

Mr. Tracy was hired by the White House as part of the negotiations and attempts to legislate the "Farm Bill" of 1986 (P.L. 99-198). His hiring provided Congress and the farmers of America a direct liaison with the President and the White House on specific agricultural issues such as agricultural policy, food assistance, the drought of the mid to late 1980s, and farm failures. Tracy was placed within the Economic Policy Council, part of the Office of the Cabinet Secretary.
