## **Biography**

### **Biography**

Roger Porter acted as the Secretary for the Cabinet Council on Economic Affairs (CCEA), handling administrative and logistical duties. His collection contains a numbered series of folders with agendas, meeting minutes, participant lists, and some background papers for Cabinet Council on Economic Affairs meetings held in 1981-1982.

The CCEA met far more frequently than any other Cabinet Council. Issues with which it dealt included budget and tax policy, monetary policy, economic and trade policy toward foreign countries and institutions, economic aspects of agriculture and natural resources, policy toward US banks and other financial institutions, unemployment, the minimum wage, the overall state of the US economy, and the 1981 air traffic controllers' strike.

Note that the CCEA continued meeting until early 1985. Other Reagan Library collections have much more extensive material on the CCEA. The White House Office of Records Management (WHORM) Subject File category FG010-02 (Cabinet Councils), which has been processed and opened to research in whole, has material on most CCEA meetings.
