Scope and Content Note

Note

The Library is currently creating detailed folder titles for all press releases and some subject headings for all press briefings. Due to the size of this collection, it will take us some time to complete the project. We will be periodically updating this inventory to include further indexing as it becomes available. Unless otherwise noted, all

actions and events listed (i.e. nominations, remarks, addresses, etc.) were done by President Reagan.

This collection consists of two series: SERIES I: Press Releases and SERIES II: Press Briefings.
