## Scope and Content Note

### Scope and Content Note

Lee Verstandig and the Office of Intergovernmental Affairs filed their work product in a slightly different way than other White House staff offices. Mr. Verstandig, in particular, used the Central Files as the repository for much work material that is ordinarily found within staff offices. Due to the breadth of the material sent to Central Files it would be impossible to transfer all of this material back to Verstandig's collection but the Library has done so in some discreet cases. For a fuller comprehension of the full extent of Mr. Verstandig's position and function in the White House please see the White House Office of Records Management Subject File FG006-01 for voluminous correspondence, office memos and reports for Verstandig.
